Award Speed Test For Tying Class

The Typing I class of the Malin high school was given the January Award Underwood speed test last week. None of the students were fortunate enough to gain this award.

Miss Crank, the substitute teacher, gave practice speed tests throughout the week to have the students prepared for the test. The students showed great improvement during the last two weeks of practice. If this improvement keeps up quite a number of students will be able to earn their certificates in the February speed test.

Basketball Trip Made Saturday

The Malin High hoopers started for Lakeview Saturday morning about 9 o'clock in two cars. They journeyed to Klamath Falls, where they had dinner.

The boys met and started from the hall hotel at 1 o'clock. Stops were made only to clean off the windshield and when the car in the lead went through the snowbank into the ditch.

The car in the back came up and stopped. The boys pushed or lifted the car out of the ditch. Nothing was damaged, and the cars proceeded to Lakeview.

The trip was made in record time, considering the time of the year and the fact that the accident made them a little later than otherwise.

Merrill vs. Malin Games Postponed

The Merrill-Malin town team game with Alturas at Merrill last Saturday was postponed. The Pelicans played Alturas at Alturas that night.

STUDENTS DISORDERLY
 SALEM, Ore., Feb. 7, (AP)—Boiling and other disorderly conduct by the Salem high school students during a musical program in the high school auditorium yesterday caused Principal Fred Wolf to threaten denial of the privilege of holding the student assemblies. A substitute plan suggested segregation of the disorderly students from the main student body at the assembly hour.

PARACHUTE BRIDE
 LONDON.—Donald Babcock and Marjorie Klinger recently had the first airplane wedding held in London. They were married in a huge airplane and decided to substitute for the conventional walk up the aisle a jump from the plane in her excitement, the bride jumped and fell 1000 feet before she pulled her parachute open. After her the groom and best man leaped into space, all landing safely.

DOG RUINS TRAFFIC
 BALTIMORE.—A police dog, standing on a corner and barking continuously, held up traffic on one of the city's main streets here for quite a while. The signal light at the crossing was sound-controlled and it so happened that the dog's bark acted on the mechanism of the light. His continuous bark kept the "go" light lit in one direction. Police drove the dog away with stones.

The building industry is said to be the second largest industry in the country, with an annual volume of business of approximately \$8,000,000,000.

FUNERAL NOTICES

CHARLES DANIELS
 Friends are respectfully invited to attend the funeral service of Charles J. Daniels, which will be held from the residential chapel of the Klamath Funeral Home, Pine and Eighth streets, Saturday afternoon at 4:30 p.m. Rev. Cole of the Congregational church will officiate. Interment will be made in the family plot in Linkville cemetery.

Editorial

The students of the school have to read a book and then report on it in a little pamphlet. This is claimed to be educational, but the students who have no desire to read books just read parts—enough to make a report and get their points for reading them. Some students pick up a book and do not even look what the subject matter is about and remark, "Teacher how much do we get for this book?" "Ten points," is the answer. "Fine, fine," says the student to himself. "It won't take me a half hour to make a report on this book and I get my ten points." Does it do the student any good? No. It wastes his time.

There should be some regulations for those students who desire to read books, but those who have no interest in them should be given some other piece of interesting work which will be of value to them and equal to that of book reports.

Fresh Tea

What a rare discovery when coffee was first packed in vacuum! Just like coffee flavor, tea flavor also evaporates from an ordinary tin or cardboard box. But now tea is packed in vacuum—and what a difference! When you try it you will know what you have missed all these years.

LAKEVIEW WINS FROM MALIN

The Malin high school quintet was defeated by the Lakeview high honkers at Lakeview Saturday, the 25th.

Both teams played a fast checking game. The Malin team was handicapped by not having Kalina, guard, with them. Kamarad was able to play only part of the game because of a bad hand, and one of the other players, Petrasek, broke down with the mumps the next morning.

Malin will play the Honkers at Malin February 21st, and the game will be different when Malin has all its players.

The score was 21 to 17 in favor of Lakeview.

The Malin lineup was as follows:

Petrasek, guard; Wilde, guard; Kamarad, center; Rajmus, forward; McComb, forward.

Merrill-Malin Team Wins

The Merrill-Malin town team won over the Lakeview town team after the high school game by a score of 34 to 29.

Coach Fisher of Malin was high point man, with 15 points, Halley next, with 12 points.

Jokes

Mr. Zlabek—"You're a flapper."

Mr. Pete Fisher—"How come?"

Mr. Zlabek—"Your overalls are unbuckled like all the high school girls wear them."

Mr. Parks—"If there are any dumb bells in this room will they please stand."

Mr. Parks—"Why Walter, do you think you are a dumb bell?"

Walter Stastney—"Well, I hated to see you standing up alone."

AFTER A HAIR CUT

Barber—"Wet or dry, madam?"

Eliza Kirkpatrick—"Never mind my politics. Just comb my hair."
