

JACKSON AND EVANS PRIMED FOR KNOCKOUT

Both Fighters Counting On Bigger Meat In Future Bouts

If fans think there won't be anything hot at Friday night's card they don't want to overlook the semi final bout. This promises to be one of the hottest fights ever seen in the local arena, for both Steamboat Jackson and "Tex" Kid Evans are primed for the fight of their careers.

Both Want Knockout Both fighters are determined to win by the knockout route and remembering the way they fought in their first meeting it will not be surprising to see one or the other measuring the canvas along about the middle of the third round. Steamboat has improved in both punch and boxing during the intervening weeks and the Kid wants to look out. On the other hand, the Kid's desire to step up into the junior welterweight class and get a chance at Dave Jackson or some other clever boy of that weight may lead him to do something desperate. At any rate, the little argument between these boys is causing some speculation along the rials and bets are being made on both sides.

Main Event Strong

While interest is centering about the semi final, largely because of the local atmosphere surrounding the combatants, fans are not overlooking the main event. Watching the "Dixie Flyer" workout has caused a feeling of respect for him to spring up among the followers of the game. His list of fights give him a long margin of wins, many by knockouts, and all are eager to see him enter the ring with Chuck Borden.

Borden is capable of taking care of himself in the best of company. While comparatively young, he has risen rapidly and his home town supporters always demand the hardest competition for him.

Tiny Improving

Tiny "Cuke" McCumber is developing more speed and ring sense as his workouts with fast lighter weight men progress. The big fellow suffered an injury to one of his hands recently and he has been going slow until this healed. He expects to do his stuff in fan-pleasing fashion Friday evening.

Good Card Throughout

The entire card is one that Matchmaker Joe Bickerstaff feels proud of. Every fellow signed up is a fighter of ability and eager to give the fans a good show. The house should be packed. Make your reservations at the Mecca.

Rainier Student Reinstated After Behavior Pledge

RAINIER, Ore., March 13, (A P)—John Smith, Jr., student expelled seven weeks ago by the school board for his alleged activity in connection with the circulation of petitions among other students asking an investigation of high school conditions, was reinstated here today.

Father Involved

The youth, 17, signed an agreement with members of the school board that he would "conduct himself as other students."

Three weeks ago, the boy's father, a former instructor in Smith-Hughes at the school, asked the board to reinstate his son. The father was convicted of an assault on a member of the school board.

Notices calling a meeting of taxpayers and parents of students next Sunday to discuss high school conditions were posted.

FIGHT FACTS

Youngstown, Ohio: George Cook of Austra outpointed Meyer (K. O.) Christian, Akron, Ohio, in ten rounds.

Oakland: Gene O'Grady of Ashland, Ore., light heavyweight, won a six round decision from Tom Corbett of Sacramento.

This clever local boy aims to give the sleeping potion to "Tex" Kid Evans at the American Legion card Friday evening.

Oregon Receives Royalty on Sand

SALEM, Ore., March 13, (A P)—The first payment of royalty on sand and gravel taken from the Columbia river under an act of the 1929 legislature was made to the state yesterday, the amount being \$7500. For some years royalty has been paid on sand gravel taken from the Willamette, but no royalty was received for the reason that the dredging of the stream was nearly all on the Washington side. It was known however, that the material was washed to the Washington side from the Oregon side. Under act of the legislature of the two states in 1929 the state of Washington collects the royalty and divides equally with Oregon.

BERCOT NODS GEYSEL BELLINGHAM, Wash., March 13, (AP)—Dode Bercot, Whidbey Island welterweight, won a six round slugging match from Cecil Geyzel, Seattle, here last night. Billy Murphy, Butte, Mont., welterweight, took a six round decision over Roy Dirk, Bellingham.

Wallgren Defeated By Edgar Appleby

ST. LOUIS, March 13, (AP)—Edgar Appleby of New York, today occupied the top position in the National amateur 15.2 Balking billiard tournament by virtue of three victories, including a 200 to 140 count over M. C. Wallgren, Pacific coast champion, which he scored last night. Appleby ran out in 14 innings, the fastest match of the tourney, with an average of 21.45.

The New York millionaire, playing with a delicate touch, clocked off 103 points while his opponent was gathering nine. He opened with a run of 43 which bettered in two other innings. His high run was 59. Wallgren, however, with an average of ten, had a high run of 64.

Comiskey Willing To Placate Shires

CHICAGO, March 13, (AP)—Charles A. Comiskey, owner of the Chicago White Sox, apparently is willing to come more than half way in his dealings with Charles Arthur Shires.

The old Roman has offered the shy one \$7,500 a season to play first base for the Sox, and is ready to add a bonus at the end of the campaign, if Arthur will conduct himself becomingly, both on and off the field.

However, in a letter written to Shires yesterday, Comiskey insisted the player promise to make no displays of temperment.

"Wildcat" Carter Stages Comeback

SEATTLE, March 13, (AP)—"Wildcat" Carter, Everett negro junior welterweight, scored a clean cut decision here last night over Don Fraser, Spokane, in his comeback campaign. Carter, in his comeback campaign, won in the third of their six-round bout. Paul Delaney, Spokane light heavyweight, took a six round decision over Ernie Campagno, Seattle, by scoring knockdowns in the fourth and fifth rounds.

Oily Substance Found on Coast

WHEELER, Ore., March 13, (AP)—A substance which is believed to be crude oil was found along the beaches of Manzanita and Neahkahnie today and lead pioneer residents to believe that an oil fissure in the sea had opened. Several years ago drilling operations were begun but ceased after a lack of funds appeared. Oil was struck by one of the drills but not in sufficient quantities to continue operations.

EASTER HERO LAME CHELTENHAM, England, March 13, (AP)—J. H. Whitney's steeplechaser Easter Hero was found to be lame after winning the gold cup here Tuesday, and it is extremely doubtful if he will be able to compete in the Grand National, in which he has been a favorite.

BOWLING

Three cheers for Oakland-Pontiac, the tall enders of the automotive bowling league. They trimmed their bitter rivals, the Balsiger-Fords, three out of four points last night at the Klamath Recreation. Elmer's bunch started up but that was only the first game; after that, Rex's boys just breezed along to take the other two games and total pins.

Hamaker Motor kept up their good work despite the fact that Hill could not keep the hair out of his eyes, but Clyde was happy because his team took all four points from Chevrolet Sales.

But, Oh, those Buicks! After winning the first game they thought it was all over but the shouting and when they came to, the bunch headed by Otto Lorenz had grabbed the other two games and total pins. But to be fair, we must give honorable mention to Reeves of the Buicks. He bowled a class A game but had no support.

The scores:

Balsiger-Fords—	Total
Moore	145 160 187 492

New Flying Record His

A Russian war ace—American by adoption—Capt. Boris Sergievsky flew 19,500 feet into the air over New York to capture for this country the world's altitude record for loaded seaplanes. Here you see the daring flyer as he landed at North Beach, Long Island, and was greeted by his wife. His plane carried a load of 4415 pounds. The record formerly was held by Lieut. De Vaisseau of France.

FLOODS WRECK HOMES

MONTEVIDEO, Uruguay, March 13, (AP)—Floods have done considerable damage here, destroying more than 100 houses and wrecking other property. One person, a woman has been killed and others injured.

LENHART KAYOS BEASLY

OAKLAND, Cal., March 13, (AP)—Benny Lenhart, Seattle heavyweight, knocked out Jack Beasly, Oakland, in the fifth of their ten-round match here last night.

COLUMBIA CHAMP

NEW YORK, March 13, (AP)—Columbia is champion of the Eastern Intercollegiate Basketball league. It clinched the title last night by defeating Penn at Philadelphia 29 to 23. Penn has been champion two years.

MAJOR LEAGUE PROSPECTS

Bradenton and Street Enthusiastic Over Club Prospects, But Much Improvement Must Be Made Before They Can Cast an Eye on the Pennant.

(NOTE—This is another of a series of stories on Major League club prospects.)

By ALAN GOULD Associated Press Sports Editor BRADENTON, Fla., March 13, (AP)—On their record as pennant winners in 1926 and 1928, the St. Louis Cardinals have had sufficient interval to furnish impetus for another pennant drive.

Their new manager, Charles (Goby) Street, has tackled his job with a spirit of enthusiasm, manifesting no concern for the short shrift experienced by his immediate crop of predecessors. "Some people may not think we have a great club, but I think we have a real chance to win," remarked Street. San Bradenton, the club's president, was even less conservative. He said:

"This is the best club we have had in recent years. Unfortunately, it will take more than this optimism, more than the excellent record of past performances, to put the Cardinals in anything approaching a contending position this year. The club's extensive farm system has failed to produce all the replacements needed to check the decline of the two-time championship machine. With only a few chances, some of which have not been for the better, the Red Birds are the same flock that Rogers Hornsby piloted to the pennant in 1926 and Bill McKechnie led to the top in 1928. The veteran pitching staff, featuring Willie Sherdel, Jess Haines and Clarence Mitchell, has gone somewhat rapidly down hill with no immediate reinforcements in sight to measure up to their old standards.

If anything is to be accomplished this year by the Cards; in fact, if they are to stick in the first division, they must uncover at least two or three new pitchers capable of carrying on where the veterans weaken or leave off. Goby Street, who handled Walter Johnson's last ones in the days of the Coffeyville Cyclone's prime, knows his pitchers, but he has a man-sized job on his hands to develop an effective corps out of the material on hand. Of the principal veterans, Mitchell is 39, Hains 36 and Sherdel 33. All possess a lot of the old stuff, and their experience counts considerably, but, at Street admits, "they need a lot of rest between starts."

Sylvester Johnson, a courageous right-hander, is only 29, and should be a mainstay. Jim Lindsey, who had a fine record with Houston, one of the Cardinal newcomers. He is a big right-hander, with lots of stuff. Street has the task of finding two or three other steady workers from among Herman Bell, Mill Hallahan, an erratic south paw; Fred Frankhouse, Carmen Hill, former Pirate flinger; and Al Grabowski. Bell has come back after a term with Rochester, and Grabowski was with Danville, Ill., most of last season. Charles Flint Rhom, if he fulfills a promise to reform his training habits, may contribute some right-handed effectiveness. Hal Haid is the chief relief man.

"200 More Miles"

in this super oily oil for high compression cars.
Buy it at Union Oil Company stations or where you see the Motorite sign.

The OILMETER (left) is a remarkable instrument. It measures the slipperiness of oil. The plate portion of the Oilmeter has a polish comparable to that given optical lenses and as such is accurate to the 1/4 wave length of light.

200 EXTRA MILES WITH MOTORITE When submitted to the Oilmeter test, MOTORITE proves itself to be one of the slickest of the oils. This is important to you because superior oiliness assures an ever-present, slippery, lubricating film in the "oil" space between the piston rings and cylinder walls of your high compression motor when the engine is hot.

Another advantage is that MOTORITE resists dilution by "giving up" stray gasoline, quickly, in the form of vapor—without sacrificing the lubricating efficiency, or "life" of the oil.

Also, MOTORITE has a great capacity for giving up and carrying away heat. This feature assures cool bearings, and is noticed particularly when traveling long distances at sustained high speeds.

The small amount of carbon deposited by MOTORITE is soft and fluffy, much unlike the hard, gritty carbon common to a great many oils. This means no clogged or sticky valves due to carbon—less wear on your high compression motor.

And So It Lasts Longer! Tests in the standard makes of automobiles prove that you can easily get 200 extra miles out of a crank case full of MOTORITE. Now, with MOTORITE you can drain at 200 miles farther than you have been in the habit of doing.

25c a Quart Make a note on your dashboard sticker NOW to refill with MOTORITE. It's available at any Union Oil Service Station or wherever you see the MOTORITE sign. Remember the name... MOTORITE... unexcelled in quality yet only 25c a quart.

MOTORITE

THE UNION MOTOR OIL FOR HIGH COMPRESSION CARS

"SO, MY PROUD BEAUTY, YOU WOULD REPULSE ME, EH?" barked DALTON

"I would indeed," said the fairest flower of the countryside. "And how!"

"What is there about me, gal, to bring this disfavor down upon my head?" he demanded.

"Your voice, sir," she answered him haughtily. "The man who wins my heart must smoke OLD GOLDS in kindness to his throat—and to his listeners."
