War Nurse Sends Sargon to Mother In Far Off London

MRS. A. J. PAYNE

"Sargon did so much for me that I'm sending a treatment to my mother in London, England. I'm a trained nurse and served overseas in the World War, but I never in all my life saw anything like Sargon. I was almost a nervous wreck, was put on a strict diet of milk, for months and I was constantly having to dose myself with drastic laxatives, and finally after long suffering I was down to 95 pounds. I started Sargon about a month ago and now my appetite is splendid and I haven't a trace of indigestion. My whole system is wonderfully strengthened and invigorated, I sleep fine and am gaining weight every day. Sargon Pills overcame my constipation completely."—Mrs. A. J. Payne, 214 N. 75th St., Birmingham, Ala. Magill Drug Co., agents.—Adv.

MAN WANTED

I want a man capable of handling a sawmill and 320 acres with 3 1/2 million feet of Yellow Pine and Oak timber. Situated above Diamond Springs in El Dorado county on good road, two and one-half miles from Coles Station on Caldor R. R. line or 66 miles from Sacramento. There is plenty of other timber available, there is also a practically new mill capable of handling over 15,000 feet per day.

I Don't Want Money

I don't want money, but will take lumber for my share. All a man needs is a truck and tractor and be willing to work. Any reasonable proposition will be accepted. Come over to Sacramento and I will gladly take you over the land and mill.

This is a wonderful opportunity for a man who knows something about lumber work and wants to go into business for himself.

Report of Fund For Crater Lake Proves Unfounded

PORTLAND, April 10. (AP)—In a special dispatch from its Washington, D. C., correspondent, the Oregonian said today that a misplaced decimal point, which put the amount of a fund given by the Rockefeller family to the National Park service at \$16,000,000. Instead of \$1,600,000, the correct amount, has given rise to much speculation in the West regarding the use of the fund.

"The \$1,600,000 given by the Rockefeller family will be used entirely for the acquisition of privately-owned lands in Yosemite National park in California, the purpose for which it was given," the newspaper said. "Reports have been circulated that a \$16,000,000 fund was available for improvement work in all national parks, including Crater National park, in Oregon."

The Rock of Gibraltar is about 1473 feet high.

Navy Recruiting Officer in City

Boatwain's Mate Wilder of the navy recruiting service is in Klamath Falls this week, interviewing prospects for navy enlistment. Mate Wilder is located at the Hall hotel. He will remain here three days this time, and announces that he will return for a two-day stay once each month in the future.

SHOWING HUGE SHOE STOCK

Klamath Falls now has access to the largest shoe stock in southern Oregon or northern California, as the Golden Rule Store is showing 10,700 pairs of new spring shoes.

There are four complete and distinct shoe departments in the store, the basement stock of popular priced shoes for all, the men's department on the main floor, women and children's better shoe department on the mezzanine floor, and the boy's school and sport shoe department on the second floor.

He'll Be Champ Weight Thrower In College Days

CHICAGO, April 10. (AP)—Joe Birmingham is the champion three-year-old rock thrower of Chicago and points west.

Joe threw a rock through a window of Mrs. Louise Bolak's house. Mrs. Bolak didn't know little Joe did it. She thought it was big Joe, the father, and she had him arrested. When he told Judge John Lupe that his little three year old son had done the throwing, Mrs. Bolak said the baby couldn't even lift the stone, let alone throw it.

"Bring in the offspring," said Judge Lupe, "and we shall see." The baby toddled in, walked over to the rock (which was exhibit A), picked it up and hauled off to hurl. He was aiming at a particularly attractive window pane at the rear of the courtroom.

"Case dismissed," said the court hurriedly, "and somebody grab that rock!"

One of K. Sugarman's Beautiful Spring Opening Windows

A garden scene was installed in this K. Sugarman window to make an appropriate background for men's fashionable spring clothing. The large window has an artificial grass floor and flower beds of asters, nasturtiums and roses. A walk and spraying water fountain in the center gave the window an effect of unusual beauty. Hand-painted scenes and arbors with clinging rose vines, completed the setting befitting to K. Sugarman's 25th Spring Opening and Fashion Review. The window featured Society Brand Clothes, Dobbs Hats and Florshelm Shoes, and was decorated by Lou Langworthy.—Photo by May King.
