Fulops 12 Stores in the Northwest launch the Greatest Sales Event in History

Twenty years ago Fulop Brothers, who were actively engaged in the clothing business east of the mountains, selected the Pacific Northwest as a field for future business activities. Not alone for business reasons did they choose the Northwest as their future home, but as the ideal place to live. They had ambitions to build the largest Clothing Business in the Northwest, and started out to do it. Their first store was located in Portland in the year 1910, and they have consistently and unfalteringly carried out their original plans, until today there are Twelve stores already established; a brilliant success.

Efficiency in Merchandising—management—buying and in Service to the public; these are the fundamental principles which lie back of the success of Fulops stores. Fulops aim is to give not only as good a service as any other store, but a better service than any other store.

Fulops were among the first to sell clothes to men and young men in the way they desired to buy them, on the TEN PAYMENT PLAN, and for this Anniversary Sale NO DOWN PAYMENT is necessary.
