Corbett's Policy To Aid Fish and Game Commission

Ed F. Averill, former state game warden, former editor of the Pendleton East-Oregonian, has changed his politics from democratic to republican in order to support the game policies of Harry L. Corbett, republican candidate for governor.

So important is the game commission and its policies which affect every sportsman in the state that the sound men of all parties are uniting to take the game commission out of politics.

"Fellow Sportsmen

"Fellow sportsmen," Mr. Averill says in a communication received from him, "this is what we have wanted from the beginning—a practical plan for taking the game commission out of politics. And Harry Corbett is the man we can depend upon to keep his promise—a sportsman for governor. Let's GET BUSY. Sincerely yours, Ed F. Averill."

And then just to make it clear he adds "P. S. No, I din't want and will not accept my old job of state game warden. I'm a 'specialist' now—in insurance and intend to stay there. I'm just an ordinary sportsman like yourself. Ed F. A—."

Harry Corbett's Answer

Mr. Averill enclosed a reply to a letter which he wrote to Harry Corbett. Mr. Corbett's letter follows:

"In response to your inquiry as to my plans for solving Oregon's fish and game problems, I call your attention to my platform wherein I have declared that our fish and game are a priceless asset and must be protected and conserved.

"It is my firm belief that partisan politics must have no place in the game commission or its administration.

"The sportsmen of Oregon who voluntarily contribute the funds which make possible the work of the game commission should be given first consideration when appointments to this commission are made.

"The game commission should be truly representative of every section of the state and I favor the enactment of legislation providing that appointment to the game commission may be made only upon the authoritative recommendation of the organizations vitally affected; and further, that such commissions cannot be removed during the term for which they are appointed except for misconduct in office. In the absence of legislation, I shall, if elected, follow this policy.

"As a sportsman myself, the solution of these problems is a matter of great personal interest and deep concern to me. If the course outlined above is followed, I am sure it will take our game affairs out of politics just as similar legislation has done with other state boards."

These New Salts Are Wonderful

That's Just What She Said —Just What He Said

And A Million Fat Folks Can't Be Wrong

When you take vitalizing Kruschen Salts for a few days that old indolent armchair feeling deserts you—it doesn't matter how fat you are—the urge for activity has got you—and you're stepping lively.

And best of all you like this activity—you walk a couple of miles and enjoy it—you thought you'd never dance again but you find you're getting as spry as ever—the old tingling active feeling reaches even your feet.

Kruschen is a combination of the six salts nature has already put into your body to keep you alive—if it were not for these vital salts you could not live.

Why not try one 85 cent bottle of these rejuvenating salts—a bottle lasts 4 weeks and one bottle is enough to prove to you that Kruschen will make you feel younger — spryer — more energetic — you'll enjoy life — every minute of it.

As one stout woman wrote: "Kruschen Salts are worth their weight in gold to me."

A half teaspoonful in a glass of hot water every morning is all you need to keep healthy—keep your stomach, liver, bowels and kidneys in splendid condition—free your system from harmful toxins and acids.

Whitman Drug Co. sell lots of Kruschen Salts—so do good druggists everywhere.—Adv.

Expert To Seed Fairways, Greens of Piedmont Club

An expert greens and fairways planted arrived last night and this morning will start the seeding of the course at the Piedmont Golf and Country club, located at the junction of the Lakeview-Klamath and The Dalles-California highways, four miles south of the city.

65,000-gallon water tank has been installed and the underground sprinkling system for the course is almost completed. The greens and the fairways have been put in shape and are ready for the seeding.

Construction will soon be started on the club house so that it will be completed and ready for use at the same time that the course is opened for playing.

Work on the course has been rushed and progress is 30 days farther advanced than it was thought it would be a short time ago. Some of the subscribers who have signed for membership have not been called on yet, Jack Bowring, director, states, because their addresses are unknown.

Dues, Mr. Bowring says, can be paid at the Klamath Sporting Goods store, Connolly Brothers, Western Auto Supply company, to Mr. Bowring or to Grant Hess.

Federal Insurance To Be Granted to World War Vets

Commander Leon Crawford of the Klamath Post No. 8 of the American Legion has received the following communication relative to life insurance for war veterans and has received full information.

One of the outstanding provisions of the recent amendments to the World War Veterans Act permits veterans of the World war who were entitled to apply for insurance while in the service, and who are now in good health, to apply for Government life insurance in any multiple of $500, but not less than $1,000, or more than $10,000, provided that no person may carry more than $10,000 insdrance at one time.

Any insurance which has been surrendered for its cash value cannot be replaced. To apply for this insurance it is only necessary to submit an application accompanied by a report of physical examination, together with a remittance sufficient to cover the first premium on the amount and plan of insurance selected.

At Less Than Cost

Government Life Insurance is furnished to the veterans at less than cost, since the Government bears all the expense of administration. The premiums are the net rates according to the American Experience Table of Mortality and interest at 2½ per cent per annum, and include protection against total and permanent disability without limit as to the age before which disability must occur, for which there is no additional premium charge.

Considering the benefits granted, the premium rate affords protection at a low cost, which is still further reduced by the dividends allotted, resulting in a very small net charge to the policy holders for their insurance.

Approve Dividend

A new dividend schedule has been approved for dividends payable during the year 1930, providing for a substantial increase in dividends on all premium paying Government Life Insurance policies excepting the Five Year Convertible Term plan, on which dividends will continue to be paid in accordance with the former schedule.

This represents the highest dividend return ever authorized by the bureau and evidences its policy of passing on to the policy holders the benefit of favorable conditions.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chey a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store. Star Drug Store.
