A Different Bill
The bill as it stood at the final roll call was not the measure which passed either house or senate, but was a compromise between the two, reached by conferees of the two houses, as was the case in virtually all the twenty tariff bills that preceded it.

Supplanting the Republican Rodney-McCumber Act of 1922, the measure would raise an estimated revenue of \$250,000,000 or \$107,000,000 more than the existing law based on 1928 importations.

Of 21,218 names of commodities and basket clauses comprising the measure, changes are made in 11,122, or about 52 percent of the total. There are 837 increases in rates and 235 decreases. 75 items transferred from the dutiable to the free list and 48 now on the free list placed in the protective category. Over 250 of the increases are on farm products.

Higher duties on sugar, dairy products, livestock, meats, grains, fruits, fresh and canned vegetables, nuts, and seeds are provided in the agriculture schedule, which is raised to the highest general level in history.

Soft Lumber Protected
Many of the products given protection for the first time in years are of first importance. They include brick, cement, softwood lumber, long staple cotton, hides, leather, boots and shoes, all now on the free list. The duty of \$1 per thousand feet on lumber however is only provisional. It would not become operative unless Canada or Mexico taxed American exports of lumber.

Logs, now dutiable at \$1 per thousand board feet, are among the 75 commodities on which levies were wiped out completely.

UNFINISHED BUSINESS
WASHINGTON, June 13, (AP)—The \$120,000,000 rivers and harbors bill was made the unfinished business today by the senate.

PEOPLE WANT MORE ACTION

(Continued from Page One)

Yarrow, chairman of the political action committee of the Chicago Federation of Churches, called for a mass meeting for the expression of the ministry's "indignation" over crime conditions.

Police Less Active
There was no lack of police activity, as motor squads cruised through every part of the city, making arrests; but though the police net was drawn tight, the grip of arrests showed no well-known gangsters. Indeed, as officials admitted, out of the more than 600 men arrested, only a small percentage could be classified as gangsters. Mostly they were nondescript, minor hoodlums and "bums."

Churches Indignant
Leaders of the Methodist, Lutheran and Presbyterian denominations announced that within a week they expected to have a unified expression of indignation. Dr. John Thompson, pastor of the First Methodist church, announced the opening of a campaign of education against crime from every Methodist pulpit in Chicago.

Representatives of all Chicago daily newspapers printed in English met late yesterday and adopted a resolution deprecating the intolerable outrages of the past year against civic decency and public security which "culminated dramatically in the cowardly murder of Alfred J. Lingie."

ELECTRICITY IS BOYLE'S TOPIC

power plant in the world would only mean bankruptcy to the owners without a market for the current. He therefore took the manufacturing and distribution departments of electrical companies as twin necessities and spoke of both.

The advancement in transmission lines also came up for comment for it is now possible to send 100,000 volts over a transmission line when a few years ago 10,000 volts was a heavy load.

Power Companies Active
"There is being spent in this nation this year of 1930 about nine hundred millions of dollars by light and power companies on improvements, new subjects and betterments," said Mr. Boyle, who is vice president and active manager of the California-Oregon Power company, "and of this amount the distribution departments will receive the largest portion of this vast expenditure."

Andrew Collier made a ringing speech for the Salvation Army's drive which opens next Tuesday morning. At that time a committee of fifty business men, many of them Rotarians, will meet at the Pelican grill and solicit a fund of at least \$5,000 for this worthy institution. Mr. Collier pointed to the good done by the Army in Klamath, all of which is well known to the citizenry, and insisted that the campaign be short and fruitful.

H. P. Bosworth, local manager of the power company, acted as chairman of the luncheon.

KING COUNTY SHOWS GAIN
SEATTLE, June 13, (AP)—King county's population was announced here today as 459,213, a gain of 17.99 per cent in ten years. The official preliminary census figures showed the population outside of Seattle's city limits as 96,787.

UNREST AGAIN AT FEVER HEAT

orders to prevent their advance through the end of the day, when restriction on parades was to expire, surrounded them and refused to let them go forward.

Sit Down and Wait
The volunteers sat down to wait, holding their positions for hours until midnight, when the police withdrew. The volunteers then, with 25,000 sympathizers who had gathered, rushed down into the fort, or European area, screaming and shouting. They held a mass meeting in the forbidden area and then dispersed peacefully.

During the day small groups attempted to break through the police cordon at other points, and 12 of them were injured in clashes with police armed with lathis, or staves.

Reports from the village of Khaira in the Midnapore district, Bengal, said that police opened fire on a large crowd of demonstrators, but the details were not available here. Police reinforcements were sent to the village.

alization of the Kellogg-Briand Pact."

The opposition, he said, comes mainly from some extremists among the professional warriors of each country, while the "civilian population is giving it overwhelming support." The nature of the criticism, he added, is evidence that in formulating the treaty concessions were evenly distributed.

He criticized naval officers who testified against the pact before senate committees, and praised the stand of Admiral William V. Pratt, who supports the pact.

He opposed the movement to have senate ratification postponed until later in the year, predicting if this were done "the bitter efforts of a single group of newspapers which is now devoted to defeat of the treaty" would be directed toward making the pact an issue in the coming senatorial campaigns.

that someone is going to the Pacific coast just to live and have a good time. Let the people back there know that they can not only come to the Pacific coast and live and have a good time but they can also engage in industry just as they do in the east, and there will be a different feeling about pulling up stakes in eastern states and heading the Horace Greeley advice of "go west, young man!"

Mail Schedules Changed to Meet New Train Time

Becoming effective on Sunday, June 15, several changes in the hours of dispatching mail will be made at the local postoffice. All closing time for mails for the various trains will remain the same as at present, with the exception of the "Klamath" train No. 7, for which the mail has been closing at 6:30 p. m. Due to the fact that this train is now arriving in Klamath and points north 27 minutes earlier than it previously did, the mail is now closing at 6 p. m.

John McCall, postmaster, stated this morning that it would be greatly appreciated by the postoffice clerks if Klamath merchants would enter their mail in the postoffice as much earlier than 6 p. m. as possible, as at that hour in the day letters roll in by the hundreds.

If all out-going letters should be mailed at this hour, it would be impossible for the postoffice clerks to dispatch the mails in time to catch train No. 7, leaving the Southern Pacific station at 7:05 p. m.

Little change has been made in the arrival schedules of mail out of Klamath Falls, except that mail from Klamath Falls to Medford, dispatched by train No. 7, arrives in Medford at 10:40 the next morning, one hour and ten minutes earlier than by the present schedule. All other mail dispatches between Medford and Klamath Falls will remain practically the same as at present.

Mrs. Jackson of Portland Heads O. E. S. of Oregon

PORTLAND, Ore., June 13, (AP)—Mrs. Carrie Jackson, Portland, today was the new worthy grand matron, Grand Chapter, Order of Eastern Star, following the election and installation of officers yesterday. She succeeded Mrs. Elizabeth Tipton to whom a diamond ring was presented.

Appointive officers are: Grand lecturer, Mrs. Mabel Settlemier, Woodburn; Mrs. Addie H. Jones, Baker, grand chaplain; Mrs. Myrtle Peterson, Ontario, grand marshal; Mrs. Helen Jannney, Milwaukee, grand organist; Mrs. Dorothy Peck, Toledo, Grand Adah; Mrs. Pearl H. Hill, Bend, Grand Ruth; Mrs. Reta Scott, Newberg, Grand Esther; Mrs. Lottie Evans, Halfway, Grand Martha; Mrs. Frank Linebaugh, Portland, Grand Electa; Mrs. Nellie Wattenburg, Klamath Falls, Grand Warden; Miss Lucille Shedd, Shedd, Grand Sentinel.

Masons Elect
Otto C. Hagnauer, Astoria was elected grand master of the Masonic lodge of Oregon.

Other officers elected: Deputy Grand Master, H. L. Toney, McMinnville; W. C. Winslow, Salem, Senior Grand Warden; L. M. Scott, Portland, Junior Grand Warden; John B. Cleland, Portland, Grand Treasurer; D. Rufus Cheney, Forest Grove, re-elected Grand Secretary.

ZOO'S HIS STUDIO
NEW YORK.—He was so poor that he couldn't afford a studio in which to do his sculpturing. Yet today Paul Herzel is one of the foremost living sculptors of animal figures. He used Central Park and the Bronx zoos as his studios and the animals in them for his models. Some of the fiercest beasts in the zoos have become Herzel's friends, often allowing him to pet them.

SPAULDING CO. TO BUILD HERE

(Continued from Page One)

The company will cater to retail trade and will be in the retail business on sashes and doors, interior finishings and trim, but will not operate a retail lumber yard here.

Manufacturing Plant
The company, which already employs 700 men, will employ only local help and will manufacture the best in sashes and doors, interior finishings and trim from high-grade Klamath pine.

O. A. Macey will be the branch manager in Klamath Falls. Mr. Macey, Clifford Spaulding and Roy H. Mills, treasurer for the company, were in Klamath Falls yesterday making arrangements for the location of the factory.

To Start Soon
It is expected that work will commence soon on the erection of the factory and already machinery is being ordered to be delivered when the plant is completed.

Klamath Falls was selected as a site because of the fact that it is a railroad center and because of its proximity to the raw materials from which the company's products will be made.

Start Liquidation Of Warm Springs Irrigation Bonds

SALEM, Ore., June 13, (AP)—The state reclamation commission has authorized state engineer, Rhea Luper to start liquidation of the Warm Springs Irrigation district by the payment of 25 cents on the dollar in cash to the district's bondholders.

This payment will be made from the receipts of the sale of surplus water in the reservoir to the United States government. As soon as refunding bonds voted by the district are issued an additional payment of 25 per cent will be made from an assessment on holdings in the project.

The district, which is in process of reorganization and refinancing, had outstanding bonds of \$1,524,000. Of these \$1,426,000 have been deposited with the state engineer by the bondholders, meaning that about 97 per cent of them have agreed to the reorganization plan. The few remaining bonds have not yet been located.

Refunding bonds have been authorized in the sum of \$450,000.

Central Council Of Labor To Help Big Celebration

At a regular meeting of the Central Labor Union of Klamath Falls held on June 11, it was voted that the members should cooperate in any way possible with the committee working on the Days of '49 celebration.

This information was obtained in a letter sent to the executive committee of the celebration and signed by J. H. Trenerry, secretary of the union.

Much support from local individuals and organizations is needed, and is being received by the men in charge of the work for Klamath's fun fest.

Piper Fined for Striking Duncan

PORTLAND, June 13, (AP)—Edgar E. Piper, son of the late Edgar H. Piper, editor of the Oregonian, was fined \$50 in federal court today for striking Robert Gordon Duncan, radio operator, under indictment for violation of the federal radio acts.

Duncan, unsuccessful candidate for congress, and self-termed "chain store nemesis" and "Oregon Wildcat," was attacked by Piper as the two met in the United States marshal's office following Duncan's arrest.

Piper declared Duncan had attacked members of the Piper family in radio talks. As a result of these and other speeches, the federal radio commission revoked the license of the station Duncan was using.

Piper was charged with assaulting a federal prisoner.

American Flight Again Postponed

DUBLIN, June 13, (AP)—After all arrangements had been made for the Southern Cross to fly to the Curragh camp this afternoon, bad weather again dashed the hopes of Captain Charles A. Kingsford-Smith for a take off on his attempted flight to America.

Captain Kingsford-Smith said while the postponements which have marred his plans were causing him much annoyance he hoped to start his trans-Atlantic flight Sunday.

Baker Discharges Grafting Police

PORTLAND, June 13, (AP)—C. L. Miller and H. B. Baird, Portland policemen, were not policemen today after their discharge from the force by Mayor George Baker.

Miller and Baird, who face grand jury investigation on charges of graft, are alleged to have received money from Nathan Goldberg to quash a supposed charge against Goldberg's son-in-law.

Goldberg told Mayor Baker that his son-in-law and his wife were sitting in an automobile near Reed college one night, and the two policemen appeared. They were placed under arrest technically and driven to Goldberg's home where he (Goldberg) said he paid the two policemen \$25 to discharge his son-in-law and daughter.

Dollar Company To Erect Station

PORTLAND, June 13, (AP)—A real estate dealer here announced today that the Robert Dollar company, Inc., Pacific Coast Steamship company, had purchased 6 1/2 acres of land near Sherwood, Ore., for construction of a large wireless station.

The dealer said \$3500 was paid for the property, and that construction of the station, with which the Dollar company will keep in touch with their ships, would start immediately. It will be the third one owned by the company on the coast.

MILWAUKEE, June 12, (AP)—Elvora E. Thompson, Portland, Ore., was elected president of the American Nurses association at the final session of the biennial convention here today. Susan C. Francis, Philadelphia, was named secretary, and Jessie E. Calton, Boston, treasurer. New directors elected were Julia B. Stimson, Washington, D. C., and Ada Eldredge, Madison, Wis. The 1932 convention will be held at San Antonio, Tex.

WISCONSIN MAN DISCOVERS AN EASY WAY TO GET RID OF PILES

Got Disgusted with Nasty Salves, Suffered Terribly
EVERYONE WITH PILES CAN DO SAME THING
"I hope nobody else in the world suffers six long years with piles and wastes all the time I did on salves and such stuff," declares Mr. John Linde, well known wagon maker, 213 South Center Street, Beaver Dam, Wisconsin.
"I had to keep trying something to keep from suffering. My case was bad, but nothing helped me until I read the testimonial of a man suffering with piles who claimed he was helped by Colace Pile Pills. I sent away for a couple bottles and began using them; you swallow a couple three times a day—and strange as it seems, they helped me from the start and today my piles are gone and I feel more like a human being. Life is worth living again. Thousands of men and women who suffer with piles are discovering that such troubles can be quickly, easily, banished in this simple, inexpensive, harmless, internal way. No bother or fuss, so why should anybody suffer another day? Doctors prescribe these pills, which you may now obtain, 45 pills in a bottle, sufficient for a full week's treatment, for 75c at drug store, or send 75c in cash or stamps to Colace Chemical Co., Brentwood, Md. No risk. Money back without quibble or question if Colace Pile Pills fail to banish your trouble. You are sole judge."
