## FISH STORIES FROM KLAMATH

Compiled Weekly  
By  
Tourist Bureau of Klamath County Chamber of Commerce

During the past week there were three real fish caught, and they did not seem to be of the type that "just got away" this time. Two of them were taken from Rocky Point and weighed 17 and 11 1/2 pounds respectively. The other was caught in the Klamath river south of Keno and weighed 8 1/2 pounds.

On Sunday, June 15th, all the closed streams and lakes around this vicinity were opened. At the present time Diamond Lake and the small streams immediately adjacent to it are better for fishing than they have been for several years.

Wood river, Seven Mile creek, Spencer creek, Sun creek and Crooked creek are several of the streams that opened on the 15th, that boast exceptionally good fishing just now.

At Lake O' The Woods the bass are biting unusually well and several good catches have been taken from the lake this season. Eastern Brook are being caught at Fish Lake. At Hyatt Dam, about seven miles off the Green Springs mountain highway, turning at the summit, Crappies, Bass, and Blue Gills are being caught.

If one should like an interesting week-end trip, Sky Lake is an excellent place to consider. It is an excellent place to consider, it is only a few miles from Cherry Creek Haven and one can secure the horses there. There are about 50 small lakes in this district and the fishing is good in practically all of them.

Mrs. Marjorie McGuire Olds will sing in costume for the entertainment to be given by the Congressional Community club at the Mills school on June 19.

Neighbors of Woodcraft are advised that the meeting on Wednesday evening, June 18, will be called promptly at 7:30 at the I. O. O. F. Hall.

A license to wed was granted to Glenn M. Chandler, of Bend, aged 30, and Ursula Welch of Dairy, aged 22, this morning by County Clerk Delap.

Mr. and Mrs. Paul Schnur and little son, Paul, Jr., returned Sunday from a two week's motor trip to Spokane, Wash., where they visited friends.

The Klamath Commercial Service will hold a clearance luncheon Wednesday noon at the Pelican Grill.

Sam Head, of Dorris, was a visitor in this city Monday.

Phil Metchau of Portland has requested Attorney General Van Winkle for an opinion whether the old state republican central committee existing before the May 16 primaries and still intact has authority to name George Joseph's successor as the republican nominee for a governor, or whether the new committee not yet organized must name the candidate. Van Winkle said the opinion would not be announced for several days.

DR. GILBERT S. LAMBERT

"For over two years I suffered with chronic stomach trouble and constipation that I was unable to correct with ordinary medicines. My appetite failed, I couldn't sleep and I was losing weight rapidly. I had frequent bilious attacks when my completion became yellow as if I had jaundice.

"The Sargon treatment appealed to me because of its scientific background. Three bottles taken with Sargon Soft Mass Pills overcame my troubles, and I am in better physical tone than in years."—Dr. Gilbert S. Lamber, well known retired physician of San Francisco. Magill Drug Co. Agents

## MARKET QUOTATIONS

PORTLAND, June 17. (AP)—While the price of SUGAR advanced 20c today, the price of flour balanced the scales by declining 20c in keeping with the lower wheat quotations. With the best family patents at \$6.50 and Bakers' flour at \$5.10, the trade is enjoying the lowest prices experienced since 1924.

The egg market was reported unchanged as to price with the undertone easy and unsettled. Butter prices were fairly steady with receipts light, but sufficient for needs.

Reviewing the fruit and vegetable situation, the Portland Bureau of the U. S. Department of Agriculture says:

"Cantaloupes are firm, and prices much higher with standard 45's moving to retailers at \$3.50-4.00 per crate. This represents about \$1.00 advance over last week's average.

"Strawberries continue in only moderate supply; and prices remain at the unusually high mid-season level of \$3.00-3.50 per crate.

"Tomatoes show strength, although price-increases are few due to only fair quality gener-

ally. A few fancy repacked Texas tomatoes sell as high as \$4.00 per lug. Ordinary stock 'as is' sells as low as \$1.25. "Cherries, celery, asparagus, spinach, and the bunched vegetables are more plentiful, and prices are lower. A few Oregon cherries were shipped to Honolulu last Saturday.

"Several shippers are preparing green peas for shipment, in straight and mixed cars. The outside market is steady at 8-9c per lb. of No. 1 peas."

"SUGAR: higher; (sacked basis) cane, fruit or berry \$4.50 per cwt. Beet sugar \$4.70 cwt.

"FLOUR: lower; (city delivery prices) family patents, 49s \$6.80; whole wheat, 49s \$5.90; graham, 49s \$5.70; Bakers' hard wheat, 98s \$6.20; Bakers' bluestem pat-

ent. 98s \$6.50; pastry flour, 49s \$6.30. BUTTER: fairly steady, unchanged. EGGS: easy, unsettled; unchanged. MILK (butterfat), poultry, country meats, onions, potatoes, wool, nuts, hay, casaca bark and hops steady and unchanged.
