British Proclaim Bobby Golfdom's Greatest Genius LONDON, June 21. (AP).—There were no reservations in the admiration bestowed today by the British press upon Bobby Jones, victor in yesterday's British Open golf tournament final.

"The greatest of all living golfers," "The greatest golfing genius of all time," were among the encomiums showered upon the victor today, while one writer suggested humorously that he be conceded both amateur open championships for life and automatically be presented two cups yearly.

"This would restore the competitive spirit to golf," he said. ASKS WATERY GRAVE MARSHFIELD, June 21. (AP).—Ted Thompson, 50, Puget Sound fisherman, who sailed the schooner Shipmate alone, may be buried at sea. He is known to have expressed a wish to his friend "Big John," whose last name is unknown that he wished to be cast into the Pacific. Thompson died suddenly in his boat.

UNION PACIFIC GRANTED TIME Construction Order Not to Go Into Effect Before January.

WASHINGTON, June 21. (AP)—The Interstate Commerce Commission today postponed from July 1 to January 19 the date on which a Union Pacific subsidiary would be required to begin 185 miles of new railroad in Oregon, in view of the appeal against the order taken to the Oregon district court.

To Test Power The litigation involves a test of a novel use of Interstate Commerce Commission power and is being watched with more than ordinary concern by all railroad interests.

The precedent-creating decision of the commission resulted from a complaint instituted by Oregon which asked that the Union Pacific through the Oregon-Washington Railroad and Navigation company, which it owns, be required to build an east and west line directly across Oregon from Crater to Crescent Lakes.

The cost of the construction was placed at about \$15,000,000 and the railroad protested sharply. It challenged the authority of the government to force it to make any such involuntary investments of new capital.

After a protracted contest, the commission, notwithstanding, ruled the line was needed and that the railroad was able to meet the cost. Thereafter the railroad entered the federal courts to continue its resistance, and the commission's order today granted the delay to allow the appeal to proceed.

Teachers Retained To Supervise Play

At a recent meeting of the school board district No. 1, it was decided to keep two teachers through the summer to supervise play ground instruction for the children of Klamath Falls. J. W. Peak, Supervisor of Physical Education in the public schools will be in charge of the work, and will be assisted by Miss Leah Parker.

Miss Parker will be employed as teacher of physical education at Fremont school next year, but will arrive in this city on Monday to take her position as playground assistant for the summer.

The summer playground work will be carried on during the forenoon until the opening of school in September, at the various schools and play grounds of the city.

Mr. Peak is arranging a schedule which will be published in the Herald, classifying children according to ages, and announcing when and where they will report for play. Mr. Peak and Miss Parker will divide their time among the different playgrounds.
