

COMMISSION ORDERS BIDS ON HIGHWAYS

Sixteen Miles on Three Routes to Be Widened and Re-Surfaced.

PORTLAND, June 27. (AP)—The state highway commission late yesterday ordered bids for the July meeting on sixteen miles of road work on three highways and a bridge at Myrtle Creek on the Pacific highway.

The new road work proposed is: Pacific highway-Tangent-Sheed section, widening four miles. West Side Pacific highway-Monmouth north, 2.3 miles widening. Old Oregon Trail-Slides-Weller junction revision and resurfacing, 10 miles.

Juntura Farmers Warned
Commissioners said that unless land owners along the Central Oregon highway in the vicinity of Juntura, Harney county, ceased asking alleged exorbitant prices for land, all further improvement of the highway would be abandoned. A large delegation of county officials attended the meeting yesterday and asked for the grading of 23 miles of the Central Oregon highway between Juntura and the end of the present contract near the rail road tunnel.

The commission decided to continue study of the McKenzie Pass with a view of possibly maintaining that road open throughout the winter months. Snow conditions have been studied for several years, but the commission decided to await further information relative to drifting snow or the lava beds.

Would Aid Unemployment
The city council of Tillamook urged that the Roosevelt highway north of Tillamook be placed under contract as soon as possible to relieve some of the so-called unemployment situation.

The commission also intimated a well would be sunk near Burns. Motorists have complained of the lack of water on the sandy stretch between the two towns.

Shippers Win Over Logging Team at Weyerhaeuser Camp

The first game to be played on the new baseball diamond at Weyerhaeuser timber camp west of Keno took place last night when the Shippers from the mill stood off the loggers by a score of 6-1. Nearly 35 cars motored to the camp from this city for the game and many comments of admiration were heard regarding the diamond which is laid out in a clearing surrounded by tall evergreens.

After the game it was disclosed that the Shippers have earned the right to play the first team of the Loggers. A trick was played on the mill nine when the Loggers put their second team up against them.

Fair Grounds Clean Up Campaign Made

Local race fans will hardly recognize the fair grounds and race track when they attend the largest horse show, race meet, and celebration ever held in Klamath, July 3, 4, 5 and 6.

All rodeo pens and shutes have been removed and the center field is now clear of all obstructions. Fences are being whitewashed and many new stables have been constructed.

The grounds will be sprinkled daily to keep down dust and all in all the changes make an attractive place for the setting of the Klamath Horse Show and Racing Meet.

Today In Klamath's Theatres

A girl who yearns for romance, a boy with the same idea, a pair of gold-diggers, two business partners with an eye for blondes, the partners' wives with an eye on their lesser halves, a millionaire with a penchant for installing young ladies in expensive apartments—these form a few of the human ingredients in "The Big Party," John Blystone's latest Fox Movietone production which will make its local premiere at the Pelican theatre today.

Much of the story's action takes place at the "big party" from which the film gets its name and the balance of it against a kaleidoscopic background of metropolitan settings ranging from tenements to exclusive night clubs and modiste's shops.

The principal roles are played by Dixie Lee, Sue Carol and Walter Catlett, with Frank Albertson, Richard Keene and "Whispering" Jack Smith, heading the excellent supporting cast that includes Ika Chase, Elizabeth Patterson, Charles Judels, Douglas Gilmore and Dorothy Brown.

AT THE PINE TREE

Scene from "On the Border," starring Rin-Tin-Tin, A Warner Bros. Production.

Rin-Tin-Tin speaks. The famous dog star is seen in his first all-talking picture in "On the Border," the Warner Brothers Vitaphone production which comes to the Pine Tree theatre today.

This is an exciting story which deals with the smuggling of Orientals over the Mexican boundary into the United States. A Spanish girl, played by the bewitching Armida, is protected from the leader of the desperadoes by a husky lover, and by her pet dog, Rin-Tin-Tin.

Prominent roles in support of Rinty are played by Armida, John B. Little, Bruce Covington, Philo McCullough, Walter Miller and Bill Irving. "On the Border" was directed by William McGann.

Armida sings "Under a Texas Moon" during the action of the piece.

AT THE LIBERTY

One of the fastest western dramas ever shown in these parts is now running at the Liberty theatre. It is a story of the border land where business men have no fear of being called for jury duty.

Bob Custer has a chance to show his prowess and how he punches the heavy, rides like a blue streak, loves the heroine, and rounds up a bunch of greasers is nobody's business.

TUNG OIL

LONDON—In an effort to cut down American imports of tung oil, that valuable preparation for coating airplane wings and other uses, the British Empire has planted large acreages of tung oil trees in various parts of its holdings. Plantations are now being cultivated in New Zealand, Australia, India and Africa.

Season your **Vegetables** while **Cooking** with a dash of **Sugar**
This combination of sugar and salt improves the flavor of fresh or canned vegetables in a most surprising way. It emphasizes the mild taste of spinach; mellows the tartness of tomatoes; blends deliciously with the flavor of peas, carrots, string beans, corn, onions, cabbage and other vegetables.
Vegetables, however, are not the only class of essential foods which can be improved by this seasoning. Many cooks keep a mixture of sugar and salt within reach for use in meat stews, pot-roasts and salad dressings. Some prefer a mixture that contains equal parts of sugar and salt, but suit your taste.
Doctors and dietitians recommend the use of sugar in flavoring and seasoning, because it encourages the consumption of foods rich in vitamins, minerals and roughage. Good food promotes good health. The Sugar Institute.
