

15,000 DEMAND SARGON DAILY

Vast Growing Army of Sargon Users, Marching Single File, Would Encircle World in Only Few Years Time

(By Richard L. Simms)
ATLANTA, Ga.—More like a tale from the Arabian Nights of old than a record of modern business achievement reads the story of the marvelous growth and development of Sargon, the New Scientific Compound which has become the sensation of the drug trade throughout the United States, Canada and other countries.

The old illustration of the pebble dropped into the pool best describes the phenomenal and unprecedented demand and its fame is rapidly spreading over the entire American Continent like a great tidal wave.

Recently compiled figures reveal that approximately 15,000 men and women are marching into the drug stores daily for Sargon and Sargon Soft Mass Pills, the marvelous new treatment that is restoring health to countless thousands by new and remarkable methods undreamed of only a few years ago.

Already more than 5,000,000 suffering men and women have put it to the test and have told other millions what it has done for them.

Marching in regulation U. S. Army fashion—single file—this vast army of Sargon users would reach from New York to San Francisco and at the present rate of sale—would, in a few years time, encircle the entire globe.

The only explanation of Sargon's triumph in the Medical World is Sargon's true worth. Back of its triumph in the drug stores is its triumph in the homes and it is the grateful endorsements of its millions of users that has made it the most widely talked of medicine in the world today.

Sargon is extensively advertised, it is true, but no preparation, no matter how extensively advertised, could possibly meet with such phenomenal success unless it possessed absolute merit and extraordinary powers as a medicine.

There can be but one possible explanation for Sargon's amazing success and it can be told in one word—MERIT!

A Great Big Black Bear Will Not Get You!

Provided that you voters will rise upward and strike down that certain clique that have been ruling rough shod over this fair city for the past four years—and the one way to oust this organization is to overwhelmingly defeat this

"Tyrannical One-Man City Manager Rule"

as proposed in this un-American New Charter Plan.

In this paper last evening you read that our Honorable Mayor Watters, with ambitions to be the "One Man Ruler of Klamath Falls," realizing the blighting effect such a catastrophe would have on this issue and in a vain attempt to bolster up a losing cause declares that he has no such ambitions and would retire from public office the first of the year. But, Citizens of Klamath Falls, how do we know such a thing is true—Remember how two years ago "His Honor in an attempt to quiet the tremendous growing unrest that his term in office had caused, also announced that he would not be a candidate for re-election. Yes, and what happened after this antipathy towards him and his system had been soothed by this grand gesture? You know what happened—Mr. Watters had a marvelous resurrection and disregarding his former word decided that for "the good of the city" he would again run.

Would you care to risk having the same thing happen again? Think, Mr. Voter—think—do you want Mr. Watters as the "One Man Ruler" of this city with complete control of every public office, with the possible exception of one or two offices—to fire and hire with or without cause, in fact to be a King or Czar—is that a genuine American idea that our forefathers fought and died for, or does it follow the ideals of America's patriot, Abraham Lincoln, who so nobly said, "A government of the people, by the people and for the people, shall not perish from this earth." Remember, Mr. Voter, President Lincoln said a government "by the people"—not by One Man.

Another thing, Mr. Voter—Why have over 1600 cities so overwhelmingly defeated this un-American plan in the past few years, and why have the majority of the cities who have been unsuspectingly saddled with this plan, been so anxious to throw off the oppressive rule of One Man? Why did several cities to save themselves from bankruptcy, repeal this hazardous rule?

The proponents of this bill claim that they will go outside and hire a stranger to manage this city (we don't believe this will happen), but since when have we become so intellectually small and ignorant that we are unfit to run our own affairs—and why can't they admit that one of our own citizens has intelligence enough to guide our city with the help of all the people?

Voters! Beware of the "pretty package" that a certain clique is trying to hand you. You all know poison always comes in a pretty package.

The majority of representative business men, lawyers, doctors and property owners, are absolutely against this "One Man Rule," and the advocates of this bill went so far as to publish in this paper, under the signature of George A. Cuning, a statement that all those who are opposed to this "One Man Rule" are hindering the efficiency of this city's government and that their motives should be analyzed—which is an attempt to brand the aforementioned businessmen, lawyers, doctors, property owners, etc., as men of questionable character—Is this a fair or tolerant attitude?

Next Tuesday, August 12th, you citizens will have an opportunity to go to the polls and stamp out "One Man Rule," as the domination of a tyrant and as a throwback to the medieval policy of ruling not by right but by might.

Vote 101 X No!

and let Klamath Falls be governed For the people—by the people, and of the people of Klamath Falls.

(Signed):

Remember being in business at 6th and Klamath, and as Klamath Falls Prospers so do I Prosper. That Is Why I Say Stamp Out One Man Rule.

THE NEW PATRIOTISM

CALLS TO YOU TO PROTECT YOUR HOME, YOUR JOB, YOUR FAMILY

"What do you get at a Chain Store?"

Remember, whatever you get is produced by the sweat and blood of underpaid men and women, many who work sixteen hours a day for less than a living wage—you benefit by the financial wreckage strewn in the path of these molochs and octopuses to whom nothing matters at all except volume of profits and increasing wealth. And if you knew the tricks of the trade you would find that you DO NOT "SAVE AT A CHAIN STORE."

Notice how late chain store employees work—

Do you want your children to follow these unfortunates as slaves of monopoly?

The Chain Store Menace Threatens Your Country—Your Opportunity—Your Happiness

The Merchants' Minute Men direct your attention to the simple truth that the onward march of unregulated foreign chain stores is endangering your homes, your firesides, your business, the prosperity of yourselves and your communities. That gradually, like the fire drawing nigher, there is creeping upon independence, individualism, and liberty, a monopolistic conflagration in the form of an absolute monarchy in the business world. We do not believe we exaggerate when we tell you there is taking place before your eyes the nullification of that fundamental guarantee of the Federal Constitution—a republican form of government. That guarantee is being torn up by the roots by the unchecked spread of monopoly, of merger upon merger, of chains and more chains and chaining up all the necessities of life and anchoring of these chains in the hands of a small group of Wall Street financiers who have no genuine interest in your state or city, who are not citizens of your community, who pay very little or nothing to your community welfare or civic betterment.
