

CLUE SOUGHT TO MURDERER OF SMALL GIRL

Eight-Year-Old Girl Is Lured From Home and Attacked by Fiend

SOUTH BEND, Ind., Aug. 29. (AP)—Police today sought in vain for some clue to the identity of the murderer of 8-year-old Marviline Appel whose body was found last night in an alley two blocks from her home. The child had been missing since Wednesday evening but she had been dead but an hour and a half when her body was found. She had been attacked before she was killed.

Jack Stancer, 32, who had told Marviline's mother, Mrs. Edna Appel, that the child would soon be found, was questioned and then released. Police were convinced Stancer knew nothing of the crime.

Authorities Helpless
The paucity of clues left authorities almost helpless. A man was reported to have invited Marviline and several other children to take a ride with him in an automobile Wednesday. The description of the children were able to give of this was so vague it was of little help. Marviline and her companions refused to enter the car but it was believed the man might later have enticed her into the machine.

Blood stains were found today on the floor of a barn about a block and a half from the place where the child's body was discovered. It was considered possible she might have been attacked and killed in the barn.

Aid of authorities in other cities of Indiana and Illinois was requested in the search for the slayer. Word was received from Elkhart a man giving the man of Frank B. Shuey, 34, Greensburg, Pa., was being held. Police said he answered the meager descriptions given by Marviline's companions of the man who tried to lure them into the machine.
