

DOUBLE HEADER PROMISES FANS GOOD FIGHTING

Matchmaker Bickerstaff Says Friday's Card Best Yet

All the boxers who will appear in Friday night's card at the Legion arena are showing great form in their workouts. The fans are taking more than the usual interest in the scheduled events. A large audience of fight fans have been watching the boxers and their sparring partners every evening at the Legion arena.

Five all-star bouts, 28 rounds of fast fighting, are in store for Klamath's fight fans, according to Matchmaker Bickerstaff, who repeatedly states that this is the best card he has ever arranged for Klamath. The card will start off with Louis Webber, the hard-hitting welterweight, who knocked Lefty Lister in short order on the last card, and Yankee Tom Bessler, who made a nice showing with Johnny Jackson in his first appearance in the ring for two years. These two boys will more than please, for they are both young and willing. "Tex" urges his customers to look for a good bout in this event. They are billed for a four-round event at 140 pounds.

The special event, four rounds, 133 pounds, is a bout promising plenty of rivalry between Jack Davies, the pride of Chiloquin, and Indian Johnny Jackson of Medford. Point, Flash is a rummy boxer, is extra fast, and a sweet boxer. Johnny is just the opposite, short and rugged, but what the Redskin lacks in height he more than makes up in aggressiveness and courage. He is the best little Indian battler developed around here in a long time, but in meeting Davies he is facing a clever boxer and Johnny expects to catch quite a few before he starts his stuff. All of Chiloquin is interested in this bout, and a great amount of betting for both sides is noticed.

The semi-windup four rounds at 125 pounds, showing two new faces in Frankie Nelson of Newark, N. J., and Gene Calder. Filipino leader, promises interest. Frankie is returning to the ring after a lay-off of a year, caused from blood poisoning, but he has boxed the best boys at his weight in this country. In his training he shows good form. Gene is a slender youth, and doesn't look very strong, but in his work-out with his stable-mate, Joe Calder, he shapes up fine.

The bout which promises to steal the show is that between Tony O'Dell and Jack Kirk, the first half of the double header. Kirk is the colored flash from Oakland. This bout promises to be a wow! Tony is a terrific biter, and a samster, meeting a super boxer, a boy who has speed, cleverness, and is extra smart. They are booked for eight rounds, and fans are wondering if it will go the limit.

The final bout, eight rounds, featherweight, Joe Calder and Benny Dyson, promises fans a lot of good fighting. Calder is making his first appearance here against Dyson. He is only 21 years old, and comes here with a good rep. Calder comes here from Grays Harbor, where he featured in a lot of rip-tearing fighting. He will have his hands full in trying to get over the favorite, Benny Dyson, the little Dempsey.

Tony Odell

Tony Odell, 142 pounds, of Klamath Falls, youthful boxer who meets Jack Kirk, colored super-bosser from Oakland, Calif., is facing the acid test in his coming match Friday evening at the Legion arena. Odell has never been kayed in his 40 bouts participated in. He is a crowd pleaser and will make Kirk extend himself. They are billed for 8 rounds in half of a double main event. It looks like the best balanced card Matchmaker Joe Bickerstaff has presented to the Klamath fans.

FOOTBALL TEAM HAS HARD LUCK

LOS ANGELES, Oct. 1. (AP)—That bugaboo of all football coaches, injuries, today had struck the University of Southern California for the second time in a week. Marger Apsit, one of Troy's best offensive halfbacks, was the victim, going to the hospital yesterday when a leg injury suffered Saturday took a turn for the worse.

Apsit understudied Harry Edgson last year, and was being groomed for a place as one of the main cogs in S. C.'s power plays. He will be out of the game with

LOUISVILLE, Ky., Oct. 1. (AP)—Phil Weinert, youthful pitcher who yesterday was selected at the draft meeting at Philadelphia by the New York Americans, is Manager Allan Rothorn's choice to start the seventh game of the "Little World's Series" between the Louisville Colonels and Rochester Red Wings here today.

Louisville will have its back to the wall in today's game, as Rochester is leading in the series four games to two, and needs but one more victory to win the championship.

Manager Billy Southworth of the Red Wings is expected to start Paul Derringer on the mound.

Conditional Pardons Granted by Governor

(AP)—Governor Norblad yesterday granted conditional pardons to Lenhart and Louis Weitz, Portland boys who were sentenced to serve 15 years each in the penitentiary for holding up a store. Clemency by the governor was petitioned for by Circuit Judges Jacob Kessler, W. A. Ekwall and Clarence Gilbert of Portland, M. H. R. Trubill, secretary of the State Child Welfare commission; Rev. J. LANDIS GIVES OUT THE RULES

PHILADELPHIA, Oct. 1. (AP)—World's series ground rules, made public today for the first time by the baseball commissioner Landis, limit the prospect of freak home runs playing any part in the battle between the Athletics and Cardinals.

Ball striking fair and bounding into the stands on foul ground will be held to two base hits but if they hop into the stands on fair ground they will be home runs. Balls hitting the cluster of amplifying horns atop the right-center field fence at Shibe Park must stick in one of the horns to be a homer. If they strike the loudspeaking apparatus and bounce back, the ball will still be in play.

At Sportsman's Park, St. Louis, balls dropping between the screen and wall will be ruled two base hits. They must go through or stick in the screen above the wall to be home runs. Quick pitched are barred under the series regulations which also specify the following:

All balls to be struck before put in play.

Robin bag to be provided for each game.

One base on passed ball or wild pitch.

Ball striking wall of upper tier at Shibe Park and bounding back in field, home run.

"Follow Through" Puts Women Golf Players in Court

CHICAGO, Oct. 1. (AP)—The "follow through" of Mrs. Alice Barber's golf club had swept all the way into court today. Mrs. Barber is being sued by Mrs. Marie Fing for \$25,000.

The trial opened yesterday. Mrs. Fing charges Mrs. Barber in "following through" struck her in the eye with the club, causing much physical discomfort and damage. She was confined to a hospital two weeks, Mrs. Fing sets forth, and hasn't been on a golf course since the day it happened.

Sitting on the jury are six golfers, five non-golfers and a 12th, who plays "miniature."

The foreman of the jury is Elliott Worthman, a golfer, who lives at Golf, Ill.

SIXTY MORE GUNMEN

SALEM, Ore., Oct. 1. (AP)—Sixty revolvers are being purchased by the state purchasing department for the officers of the state traffic division. The weapons are .25 calibre, military and police model, with six-inch barrels. Heretofore the state has not furnished guns for its traffic officers. Each officer having a gun had to furnish it himself.

PUGS WIN AND LOSE HONORS

LOS ANGELES, Oct. 1. (AP)—The uncrowned king of the welterweights, Young Corbett III, had another hard-earned victory to his credit as a result of a rousing fight last night with Santa Monica's negro battler, Sammy Jackson, before a crowd of 11,000.

The Fresno southpaw rallied in the late rounds after his less experienced opponent had held him practically even during the opening stanzas of the ten-round bout, to win handily by the effective delivery of his portside rollers to Jackson's head.

Fallen Cubs Out To Defeat White Sox in Chicago

CHICAGO, Oct. 1. (AP)—Instead of lining up against the Philadelphia Athletics in the current World's series, the fallen Cubs today invaded the stronghold of the Jolly White Sox to fight for the baseball championship of Chicago.

The series, to be played on successive days until one club wins four games, created the usual amount of interest in Chicago, and drew a crowd larger and noisier than that in attendance at the world series between the Athletics and Cardinals. A total gate of 33,000 was expected for each game.

Manager Rogers Hornsby refused to nominate his pitching selection. Donnie Bush was expected to start with his knuckle ball expert, Ted Lyons. The Cubs ranked as 7 to 5 favorites.

CHANNEL SWIMMER FAILS

DOVER, England, Oct. 1. (AP)—Miss Mercedes Gleitze, British woman swimmer, has failed in a new attempt to swim the English channel. Entering the water at 8:49 p. m., last night, she stayed in only about four hours, abandoning her efforts because of the intense cold.

STARS TRIM UP OAKLAND TEAM

By Associated Press

It was a cold night in Hollywood last night, and a small crowd watched the Stars wallop Oakland, 10 to 2, in the series opener. The Stars took advantage of Pete Daglia's wildness. Another small crowd saw Sacramento whitewash the Mission Reds at San Francisco, 5 to 0. The weather was threatening, and the crowd just didn't come.

Behind the steady pitching of

Rudy Kallio, the Seattle Indians defeated the Seals, 2 to 1. The Indians touched Elmer Jacobs for ten hits. Cox, Seattle catcher, scored the winning run in the eleventh when two men were out.

Portland won, 6 to 5, over Los Angeles in a hard-fought game. Beck, hurling for Portland, was touched for 11 hits, while the Ducks made only eight off Baecht and Dolaney. The winning run was scored in the seventh by Marza, who had singled, went to second on a sacrifice, and scored on a single by Cramer.

Await Series Goat Victim

WHO WILL BE 1930 WORLD SERIES GOAT?

By AL DEMAREE

(Former Pitcher N. Y. Giants)

Who will be the goat of the 1930 World Series? There always is some unfortunate wretch every year in the big classic that Pete picks out to be the victim of the razzerberries of the fans. Last year it was "Hack" Wilson who lost two fly balls in the sun that caused the collapse of the Cubs just when they looked like potential winners.

There have been "goats" in every world series that I can remember from that day in 1912 when Fred Snodgrass of the Giant dropped a fly ball that paved the way to a Boston victory, to the day Wilson was blinded by the sun in Philadelphia.

The list of World Series "goats" is a long one and studded with some of the brightest stars of the game. Snodgrass, Mathewson, Zimmerman, Cravath, Gowdy and Wilson are some of the great players that happen to make mechanical errors in the blinding light of pub-

BEGINNING today the UNION OIL COMPANY offers you the finest winter gasoline within the reach of science.

It meets every demand of a winter fuel.

First—WINTER Super UNION is 26% quicker starting than the average of other gasolines. Tests in the laboratory—on the block—and in the ice chamber of a great ice plant, prove this.

Next, it gives you instant acceleration, on hills, in traffic, or on the boulevard—in low, intermediate or high gear.

Third—special attention has been given to reduce disagreeable odors sometimes noticed at high speeds. This is important to you in winter when the car is often entirely closed—especially so if rings are worn considerably.

Also, WINTER Super UNION overcomes the slow speed bucking that you've noticed in other so-called Winter fuels. The secret is a special refining process.

Yet all these advantages have been obtained with no loss of mileage. The same high heat unit content that accounts for the extra mileage of previous Union Gasolines is fully retained in this Winter Super fuel.
