Homecoming Will Feature Regular I.O.O.F. Meeting

Friday night Klamath Lodge No. 137, I. O. O. F., will hold its regular meeting, combined with a home-coming and invitational function. The invited guests are visiting Odd Fellows, ex-members who have dropped from the rolls in years past, and men who are contemplating joining the order in the near future.

Following the meeting will be a turkey banquet. Turkey was chosen as the piece de resistance for several reasons: Wild ducks and geese were barred so that no suggestion of wildness could be connected with the party in any way; and chicken was barred in consideration of the wives and sweethearts of the members, some of whom object to the thought of their menfolks having "chickens" with them at a banquet.

The Arab is important on a can of
Hills Bros Coffee
Chocolates dipped by bulk methods can't compare with those dipped one at a time. And bulk-roasted coffee can never compare with Hills Bros. Coffee roasted a few pounds at a time.
When you open a can of Hills Bros. Coffee it is just as fresh as when it came from the roasters. The vacuum can in which Hills Bros. Coffee is sold has all the air removed at the time of packing. By such complete exclusion of air, there is no chance for the rare flavor of Hills Bros. Coffee to be changed. No ordinary air-tight tin will keep coffee fresh.
Ask for Hills Bros. Coffee by name and look for the Arab on the can. Sold by grocers everywhere.
