

MCDONALD SAYS ENGLAND WILL KEEP PLEDGES

LONDON, Nov. 21. (AP)—Prime Minister MacDonald, in an atmosphere tense with eagerness, today told the Indian round table conference that the British government would not go back on any pledges it had made toward the achievement of a re-

sponsible Indian government. He referred particularly to the British pledges prior to the 1917 Balfour Declaration of the development of self-governing institutions in India. "I give you this word of cheer and comfort," MacDonald told the Indian minorities spokesmen, "the case you have presented has not fallen on deaf ears." "We hope to be able at our final meetings to achieve an agreement which will send you back to India happy, powerful men, able to face your difficulties so we may both go our various ways, strengthened in the desire to cooperate."

WITHEROW IS New Manager Hardware Co.

William H. Witherow has arrived in Klamath Falls from Fairfield, Calif., to assume management of the Klamath Hardware company, 528 Main. Mr. Witherow has been manager of the Evans & Pyle hardware store in Fairfield for the past seven years. He succeeds Maurice Crystal, who has been manager for several years. The latter is planning to leave soon after the first of December for Bonanza, where he and his family will make the future home. Mr. Crystal plans to go in the sheep raising business. Mr. Witherow has already taken over the management of the store, although Mr. Crystal will remain here until December 1 to assist him in making the future plans. Witherow stated this morning that no changes in the personnel would be made. Some lines of stock will be enlarged and new lines added, he said.

"I am glad to come to Klamath Falls, since it is a good business town, and I have always heard so much favorable comment on it," he remarked.

Marshfield Has Record Month in Lumber Exports

MARSHFIELD, Ore., Nov. 21. (AP)—November will be the biggest month in Coos Bay's 120 shipping calendar. The Wrangell motorship Minerva crossed out today for Shanghai with more than 2,500,000 feet of local lumber, the first cargo parcel since has lifted in a Pacific coast port. The Tacoma and Oriental steamship Shelton crossed in today to load 1,600,000 feet of lumber and logs for the Orient.

More than 15 million feet of lumber will leave this harbor this month. Nearly 10 million feet has been cleared to date. The 1930 total is considerably in advance of that of 1929 when 82 million feet of offshore lumber went out.

Krater Staff To Edit Klamath's Daily Newspapers

By arrangement with the publisher and editor of the Evening Herald and Klamath News, the staff of the Krater, Klamath high school publication, will issue both of the local papers at a subsequent date.

Those on the News staff will be Doris Porter, Dean Houston, Arthur Bremer, Wallace Baldwin, Tom Brady, Axel Alto, Ray Padlock, Ruth Chilcote, Bill Lettoe, Jim Caldwell, Ronald Hopkins, Allene Sermour and Howard Craven.

The Herald staff includes Edna Boyd, Blanche O'Neill, Pauline Burness, Fred Johnson, Don Stansell, Dick Kranenburg, Anna McDonald, Elsie Eschebeck, Fred Lewis, Ruth Rex, Morris Slusser and Mary Cuatt.

Churches to Hold Union Services On Thanksgiving

Union Thanksgiving services, as in previous years, will be sponsored by the Ministerial association of Klamath Falls at the Methodist church at 10:30 Thanksgiving morning. Rev. A. O. Broyles, president of the association, will preside. The public is invited to attend the services.

The program: Invocation—Rev. T. Davis Preston, rector of the Community Congregational church. Sermon—Rev. Joseph Ewing, pastor of St. Paul's Episcopal church. Scriptures—Rev. Theo. A. Smith, pastor of the First Presbyterian church. Benediction—Rev. Leonard B. Sigle of the First Baptist church.

Racketeer Must Go

Forty prominent citizens met with Mr. Crain behind closed doors and pledged themselves to convene again Tuesday to form a permanent committee. While the details were not given out, Mr. Crain said concrete suggestions had been offered and a definite course of action had been agreed on.

In a preliminary address Mr. Crain told the group: "Your task is the destruction of racketeer rule. Such rule is a present evil and a growing evil. It is the domination of organized lawlessness over legitimate business."

WASHINGTON, Nov. 21. (AP)—Congressional action against interstate machinations of the lawless will be sought next month by Representative Woodruff of Michigan.

He intends to demand legislation specifically authorizing federal agencies to concentrate against what he termed the alarming spread of "racketeering."

Woodruff said the government should bring all its powers to bear to co-operate with city, county and state officers who have not solved the problem.

"When Al Capone can go from Chicago to California, as the papers have it, and threaten the life of a man who is selling grape juice, something must be done," he said. "The racketeers certainly get most of their revenue from the man in a legislative business, and he is entitled to protection."

IMPROVED TONE SEEN IN MARKET

(Continued from Page One)

yesterday gave assurance to buyers of wheat products that commitments for this season's requirements would be reasonably safe.

Avalanche Checked

Farm board officials have given no official confirmation, but general opinion in the market held that the grain stabilization corporation possessed more than 119,000,000 bushels of wheat.

Minor was asked whether growers of corn and other grains were benefited by the government's policy of supporting wheat prices. His answer was that by checking "a downward avalanche in world prices" the farm board allies had decidedly aided in holding up values of corn, oats and other grains as well as wheat. Few buyers have had courage to step into a declining market despite the smallest corn crop in 29 years, Minor said, but "now reassured that the bottom has been reached, we can expect a return of buying that will strengthen the position of both buyers and sellers."

The stabilization leader would not say how the government corporation will dispose of its huge supply of wheat but he expressed belief the corporation would suffer little in its deals with Millers beginning to buy and a tremendous consumption of wheat by livestock reducing the supply.
