

RESIDENTS OF TWO TOWNS ARE KILLED BY REDS

SHANGHAI, Dec. 15. (AP)—Details of the reported massacre of the inhabitants of Lichow and Tsinghsih, Hunan Province cities, by Communist bands, and of the alleged capture of 1,000 citizens of Ningtu Kiangsi Province, were sought by Chinese authorities today.

The Hunan massacres were reported yesterday by foreign ships plying the Yangtze river near the city Shant. The advices indicated the Reds planned to attack Shant also.

Both Tsinghsih and Lichow had been besieged for several days. Citizens of Lichow were reported to have manned the walls of their city, resisting the Communists until the latter vowed they would annihilate the population once they entered town. The Reds also were said to have threatened dire punishment to the citizens of Tsinghsih for resisting their advance.

Communists were declared to have routed government troops at Ningtu and then escaped to the mountains along the Kiangsi-Fukien border with 1,000 citizens as hostages.

Whether members of the Finland Mission at Tsinghsih suffered in the attack there was not determined. The provincial government was said to have ordered troops from Changsha to Lichow to oppose the Communists.

An American destroyer, a British sloop and three Chinese gunboats and a detachment of Chinese troops headed for Hanchow, Hainan Island when Communist disturbances were reported to have grown to serious proportions.

American missionaries on the island, which comprises the southernmost tip of the Chinese Republic, advised Hong Kong authorities they were in no danger.

Miss Elva Lewis, daughter of Mr. and Mrs. L. A. Lewis, and Greydon G. Broyles, son of Rev. and Mrs. A. O. Broyles, were married at their new home in Shady Pine Saturday night at ten o'clock. Fifty of their friends witnessed the ceremony at which the father of the groom officiated. Rev. Broyles is pastor of the Immanuel Baptist church of this city.

Both young people are prominent in the Baptist Young People's Union, of which Mr. Broyles is president and Mrs. Broyles past president.

The bride is a graduate of the Klamath Union high school and well known here.

Mr. Broyles graduated in 1924 from the David City, Nebraska high school. He is also agent for the Klamath Poultry Association.

Mr. and Mrs. Broyles will make their home at Shady Pine.

Salvation Army Head Addresses School Faculty

High school faculty members met in the music room this afternoon and in place of their annual Christmas party took up a charity collection which will be turned over to the Salvation Army.

Ensign Clarence Ford of the Salvation Army, attended the meeting and spoke to the faculty on the relief work being carried on this year. He told of the needy families who would be without food or clothing this Christmas unless some help was given them. The donations taken at the meeting will be used to provide cheer for some family.

INSULTED

TRENTON, N. J.—A bus driver is all right, but when Thomas J. Henley's wife called him a common bus driver, that was different. Henley, who pilots a local bus, recently told in court that he didn't mind having his wife hit him with a bottle, kick him out of bed and make him sleep on the floor, but he did resent the term "common bus driver."

"FOR COMMON-SENSE SMOKERS"

Says

Dr. JOHN A. HARRISS

World-renowned expert on traffic control; Originator of electric street signal control system; Former Special Deputy Police Commissioner in charge of traffic, New York City; President of Broadway Association and other civic bodies; Director of Harriman National Bank, Petroleum Heat & Power Company, etc.; Treasurer and Director of Child Welfare Committee of America.

"Today but few people realize the potential value of intense scientific research work, particularly when carried on by successful corporations with ample capital at their disposal. I do not smoke; but a perusal of the reports made to you by qualified experts indicates that your use of the Ultra Violet Ray in connection with your Toasting Process, in the manufacture of Lucky Strike Cigarettes, thereby removing certain irritants which might otherwise be present in tobacco, has opened a new era for common-sense smokers."

Everyone knows that sunshine mellows—that's why TOASTING includes the use of the Ultra Violet Ray. LUCKY STRIKE—the finest cigarette you ever smoked, made of the finest tobaccos—the Cream of the Crop—THEN—"IT'S TOASTED." Everyone knows that heat purifies and so TOASTING removes harmful irritants that cause throat irritation and coughing. No wonder 20,679 physicians have stated LUCKIES to be less irritating!

"It's toasted"

Your Throat Protection—against irritation—against cough

Consistent with its policy of laying the facts before the public, The American Tobacco Company has invited Dr. John A. Harriis to review the reports of the distinguished men who have witnessed LUCKY STRIKE'S famous Toasting Process. The statement of Dr. Harriis appears on this page.
