

NEWS IN BRIEF

Business Decreased—

Although travel increased 22 per cent at Crater Lake during the park season, which ended September 20, the total volume of business showed a falling off, said R. W. Price, manager of Crater Lake lodge, who just returned from a conference of national park heads in Washington, D. C. The same condition prevailed elsewhere, demonstrating that less money was being spent by tourists, reports at the meeting revealed. The fall weather has been so good that travel to the park has continued long since the official closing period. The Federal government has allocated about \$350,000 to Crater Lake park. The bulk of this amount will go on the rim road, Mr. Price said, and the rest on the building of trails. Fully 90 per cent of the money will be spent in payroll.—Oregonian.

Former Resident Here—

Frank Howard Westfall, former Klamath Falls resident and now residing in Fargo, North Dakota, is back in Klamath Falls again visiting old friends and tending to business matters.

Will Make Home Here—

Mr. and Mrs. Ralph Bowen, former Ashland residents, have arrived in Klamath Falls to make their future home. Mr. Bowen has been employed here for some time.

Worthys Home From East—

Mr. and Mrs. H. G. Wortley, Klamath residents who have been living in Ohio and Pittsburgh, Kansas, for the past two years, returned recently to Klamath Falls to remain here indefinitely. They returned to Klamath driving via New Mexico and Arizona, San Diego, Los Angeles and San Francisco, where they visited their daughter, Dorothea.

Business Visitor—

Harold Watson, insurance man of Chehalis, Wash., is a guest at one of the local hotels while transacting business here for several days.

Dance Given By Student Body Was A Social Success

Success marked the student body dance given in the gymnasium of Klamath Union high school Saturday night. A large number of students enjoying the event until 11:30 that night. The spirit of Christmas was carried out in the event and decorations consisting of Christmas trees and colored lights were features. Delphine Graham was chairman of the social committee attending the successful social event. Good music was provided for the occasion by the Rhythm Kings high school orchestra.
