PLAN TO KILL MUSSOLINI IS UNSUCCESSFUL

ROME, Feb. 6 (AP)—Michele Schirru, arrested Tuesday night for possession of firearms and explosives, confessed today, police said, that he had planned an attempt on the life of Premier Mussolini.

He had brought two high explosive bombs here for that purpose, police said he had told them.

Schirru was arrested after a gunfight with police and there were rumors at the time that he had planned an attempt on Mussolini's life, but these were denied by the authorities.

The police said Schirru drew a revolver while he was being searched at the police station, wounded three policemen and attempted suicide, inflicting a serious wound in his head.

In the rooms which he occupied at two hotels police said they found two bombs so constructed as to be used either as time bombs or percussion bombs.

The man was born in Sardinia but had traveled extensively. Police said he used an American passport and was a naturalized citizen of the United States.

In his alleged confession Schirru was reported to have

said he had been an anarchist for years but began thinking of plans to assassinate Mussolini last summer while he was in Paris. He went to Belgium and got the materials with which he made the bombs.

Then, the police say, he came to Rome resolved to kill the premier and began plotting the best way to do it before he fell afoul of the authorities.

He is recovering from his self-inflicted wound and will be tried by a special tribunal under the defense of the state act which provides a death penalty for the crimes of which he is accused.

Here's a BETTER BREAKFAST for every member of your family...

Better because the enticing palatability of H-O Oatmeal invites youngsters and grown-ups alike to eat exactly the kind of a sustaining breakfast that they need for school or work or play.

There's no other oatmeal like New Style H-O because no other oatmeal is treated to the H-O pan-roasting process. It brings out the delightful "nutty" flavor of the friendly little oat kernels. It makes them stand out individually when they're cooked . . . prevents them from adhering to each other in a pasty mass, as flakes of ordinary oatmeal do.

The quickest hot breakfast, too. Cooks in 2 to 3 minutes.

The Hecker H-O Company, Inc., Buffalo, N. Y.

THIS MIRACULOUS PLUME OF LIFE AND HEALTH

The robust oat, born of the sun and the soil, contains fat, mineral salts, protein, phosphorus, sugar and starch. Vital elements for the human body . . . priceless. The more you know about oats the more you realize they are the kindly little friends of all mankind. We, the sponsors of H-O, respect the oat so highly that we give it the most exacting preparation known to the modern civilized world.
