PENSION BILL DEFEATED IN LOWER HOUSE

SALEM, Ore., Feb. 12. (AP)—The old age pension bill was defeated. The house of the Oregon legislature late yesterday voted down the proposal to provide a \$30-a-month income to dependent aged persons of 65 years or over by a vote of 35 to 24. Settlement of this issue followed more than two hours debate.

The pension bill was taken up under special order of business after an attempt to postpone consideration until another session provision passed earlier in the day by the senate came before the house. The move, made by Ralph Hamilton, was lost. The senate measure, introduced by B. L. Eddy, provides for an interim committee to investigate the old age pension situation over the state as to its advisability. It was approved, with but three negative votes, following more than an hour's discussion in the senate chamber.

Ernest Irons, author of the old-age pension plan, opened discussion for the proposition on the grounds that it was time Oregon was doing something to care for its aged. The period of poor farms, he said, had passed, and unless something better was offered, he asked the legislature to approve this plan. The cost, he stated, would be less than the cost of operating poor farms.

Opposition to the measure was voiced by several representatives on the grounds that it would add another burden upon the taxpayers, that the pensions would not stimulate demand for poor farm products, and it is a tendency to encourage socialism. Proponents argued the present unemployment situation, caused by modern machine methods, made it imperative that some means be taken to care for the unfortunate.

Those voting for the pension bill were Representatives Allen, Anderson, Andrews, Angell, Bronaugh, Bynon, DeLap, Eckley, Heilberg, Hill, Howard, Keasey, Lawrence, Lee, Lewis, Manning, McCallister, McHugh, Schapp, J. S. Scott, J. H. E. Scott, Mrs. Smith, Wells and Loneragan.

Japanese Parties Vieing For Favor Of Women Voters

TOKYO, Feb. 12. (AP)—Vieing with the majority party for the favor of Japanese women in politics, the opposition Seiyukai party today introduced a bill in the lower house which would extend suffrage to women over 20 years old. The women would be given equal rights with men.

The administration, which adheres to the Minseito party, introduced a bill Tuesday providing certain suffrage rights for women over 25 years of age. The Minseito bill would not allow the women a voice in prefectural or national government elections but would qualify them to vote and run for office in towns and cities. Japan has 12,800,000 women subjects.

Both bills now are in the hands of a special committee.

PILES

Ended Without Cutting or Salves
Thousands of Pile sufferers have learned that quick and permanent relief can only be accomplished with an internal medicine. Neither salves or cutting remove the cause.

Bad circulation of the blood in the lower bowel causes piles. The veins are flabby, the bowel walls weak—the parts almost dead. To end Piles an internal medicine must be used to stimulate the circulation and strengthen the affected parts.

Dr. J. S. Leonhardt was the first to discover a real internal Pile remedy. He called his prescription HEM-ROID, and prescribed it for 1000 patients with the marvelous record of success in 960 cases, and then decided every Pile sufferer should be able to get HEM-ROID from their own druggist with a rigid money-back guarantee.

Dr. Leonhardt's prescription has a wonderful record of success right in this city and Underwood's Pharmacy invites every Pile sufferer to try HEM-ROID and guarantees to refund the purchase price if it does not end all Pile misery.

Rehearsal of Bandmen Will Be Held Soon

Plans for reorganizing a municipal band are going forward in a satisfactory manner, said Prof. Selak this morning, and announcement of the date of the initial rehearsal will be made at an early date. In this connection all experienced hand men are urged to get into communication with Prof. Selak. Although there is plenty of known hand talent in the city, the director is desirous of obtaining the best, and players will be selected entirely on their ability to meet a high standard of qualifications.

The program of financing the band during the coming season, which will include a series of outdoor concerts, has not been completed, but according to Geo. Canning and others who are in charge, good progress is being made.

Burke Would Trim Travel Expenses

SALEM, Ore., Feb. 12. (AP)—"A round million dollars ought to be cut from the salary and traveling appropriations for the state institutions of higher learning," Senator W. E. Burke, chairman of the senate wing of the ways and means committee, told members of the state board of higher education last night.

The committee gave the board a hearing on its budget estimates for 1931 and 1932. The estimated requirements total \$9,023,738, of which \$1,231,173 would be by legislative appropriation. Those appearing for the board were C. L. Starr chairman, Dr. E. E. Lindsay secretary, E. G. Sammons and Aubrey Watske.
