

# CITY COUNCIL NAMES KLAMATH BUDGET HEADS

Looking forward to outlining the Klamath Falls budget for the year 1932-33, the city council last night appointed a budget committee which will meet some time next week to outline its work. Dr. George Merryman, W. O. Smith, James Blair, J. A. Gordon, M. S. West and E. H. Balmage compose this committee.

Each councilman and Mayor Fred Cofer named one member of the committee to sit with the council and mayor in making plans for the city's expenditures during the coming year.

An emergency ordinance authorizing the city of Klamath Falls to vacate a portion of the street just across the newly constructed Link river bridge, in order that the proper approaches to the bridge can be constructed, was passed to the second reading. The portion of the street mentioned is a strip of property on the south side of the bridge which was traded from the Great Northern railroad for an equal strip of land on the north side.

**Improvements Considered**  
The council discussed letters received from Postmaster John McCall asking if the city intended to improve the street along the new U. S. Federal building, under construction on South Seventh street between Oak and Walnut. McCall is evidently of the belief that the city administration previously refused to put in the pavement strip, but Mayor Cofer pointed out that the work will be done in the future, although no funds are available this year.

**Substitution Asked**  
Howard Perrin, architect, and E. K. Loosley, general contractor for the new fire station now under construction, asked permission of the council to substitute steel trest metal lath in place of brick lath, which they originally planned to use. This matter was referred to the fire committee, which will confer with Perrin, and report at the next meeting.

**Applications Granted**  
Two dairy applications were granted, one to Carl L. Stone of Stone's dairy at 2175 South Sixth street, and the other to R. C. Woodruff of the Lost River dairy. S. A. Feligorta's application to operate a rooming house at 92 Klamath avenue was referred to the police committee.

**Reports of Committees**  
A. B. Moore of the police committee recommended that permits be granted to J. R. McDonald to operate a restaurant at 1407 South Sixth street, and to Dale's lunch at 631 South Sixth street. Councilman Van Camp of the street committee reported that sidewalks should be constructed along two lots near the Hot Springs sanatorium. The property is stated to be owned by Bob Davidson of Klamath Falls and E. B. Henderson of Portland, who will be notified before action is taken. Another sidewalk, Van Camp said, is needed near Eldorado and Del Moro streets in Hillside addition. This property is owned by the Equitable Housing company Inc., of Seattle, of which N. E. Berry is president.

**Will Provide Clearance**  
The curb at the corner of Spring and Oak streets, at the location of the new fire station, will be cut to provide sidewalk clearance for the fire trucks and to protect their equipment. Fire Chief Taylor reported the necessity of the work.

Councilman Van Camp again brought up the matter of taxi companies paying their license fees granting them permission to have parking space on Main street. Mayor Cofer reported that all fees, with the exception of one, are now paid.

Eleven building permits, amounting to \$6,072, were granted. The largest single permit was for \$2,990.

## Jobs Daughters Officers Coming

Thursday evening at 8 o'clock, Klamath Jobs Daughters will entertain a number of visiting leaders of the organization. Mrs. Florence Christie, junior past supreme guardian, Jobs Daughters of the World; Mrs. Verna Wagner, grand guardian of the state organization; Mrs. Victoria Erickson, grand marshal and Mrs. Ethel Prigde, grand messenger, will visit the local Bethel at that time.

Mrs. Harriet L. Hunter, grand messenger, Klamath Falls, will also be one of the honorees. Initiation of new members will take place Thursday evening. A banquet is being planned by the members.

## State Commissioner Speaks on Thursday

A. R. Hunter, of the state industrial accident commission, will address a joint meeting of the safety committees from the various lumber plants of the community Thursday evening at 8 o'clock in the auditorium of Klamath Union high school. Moving pictures on the subject of accident prevention will be presented, and the general public is cordially invited to attend. There will be no admission charge.
