## Baker Arrives To Manage Dairy

F. V. Baker who has arrived in Klamath Falls to take over the management of the Raymond Dairy Products company announced Thursday that no radical changes will be made in the firm at this time, but that a number of improvements at the plant have been planned.

Baker came to this city from Wenatchee, Wash., where he was affiliated with the Meadowmoor Dairy Inc. For 17 years he was associated with E. M. Raymond, brother of O. C. Raymond, former manager of the Raymond Dairy Products company who passed away in Portland last week.

**UPP POSTS BAIL**—Marshall Upp posted \$5 bail with city police early Thursday morning when he was arrested on a charge of speeding on Main street.

## Cost 85 Cents To Put Rheumatism Cripple Back To Work Again Now Joyously Happy

While all his family looked on in astonishment and all his friends were amazed, one man took all the pain, swelling and agony from his tortured joints in 48 hours and did it with that famous rheumatic prescription known to pharmacists as Allenra—you can do the same.

This powerful yet safe remedy is positively guaranteed to do this—its action is almost magical.

Just get one 85 cent bottle of Allenra from Star Drug Co. or any live druggist—take it as directed and in 48 hours your pains haven't all left you get your money back.

It works just as swiftly with Neuritis, Sciatica, Lumbago and Neuralgia.

(Continued From Page One)

Portland, which has been aided by highways reaching out all over Oregon, has distinctly benefited the country close to Portland.

Thus both have had their full share of the benefits of highways built out over the state.

NO one in Southern Oregon wishes to block the building of another highway from Portland to the beaches. No one wishes to deny to Portland its full share of highway benefits.

The objection is to crowding such a highway into the program far ahead of its turn on the pretext that Portland hasn't had its full share of the benefits of highway building in Oregon.

That isn't true. A LOS ANGELES man has invented an automobile that operates on compressed air, and newspaper correspondents who have taken a ride in it say it WORKS.

Suppose, for the sake of argument, it DOES WORK and isn't just another flash in the pan. If that should be true, everyone would want one of these new cars.

With everyone wanting one of these new cars, a lot of jobs would be created in building them.

## "Get Rid of Your Eczema Like I Did Mine"

—say thousands of men and women everywhere, to whom Moore's Emerald Oil has brought blessed, comforting relief.

Take C. A. Bowen, 215 Pearl Street, Corning, N. Y., who says: "I have had the eczema for 37 years and have tried out 100 different remedies for it. I must say the Emerald Oil beats them all."

This wonderful antiseptic oil stops the itching instantly. Use it freely on the irritated patches of skin. It gives marvelous relief before you can draw your breath.

Make up your mind today that you are going to give your suffering skin a chance to get well. Emerald Oil will accomplish the seemingly impossible for you, or Star Drug Co. will give your money back. That's a definite promise.

would go a long way toward restoring prosperity.

BUT, you may be inclined to retort, a car that operated on compressed air would knock an awful hole in the market of gasoline, and destroying the market for gasoline would DO AWAY with a lot of jobs.

True enough. But up here in Oregon we can remain reasonably easy in our minds.

We don't produce any gasoline, but we do have an abundant supply of the finest air on earth.

THE same papers that tell of the invention of the compressed air car tell also of the invention of a new food, something like a soda cracker, that supplies all the needs of the human body. Two or three of them, the story adds, are adequate for a meal.

Fine enough, for anybody that likes such a meal. But this

writer, speaking for himself alone, will continue to vote for a diet of Oregon steak and Oregon potatoes, finished off with a dessert of Oregon fruit.

## S. P. Completes Hatfield Yards

The Southern Pacific railroad company has completed the construction of stockyards at its new station, Hatfield, at the Oregon-California line.

The new yards, which have a capacity of eight carloads and cost several thousand dollars to construct, are in the center of a large shipping district for livestock and sheep, according to L. L. Graham, district freight and passenger agent of the Southern Pacific in Klamath Falls.

## K. C. Anniversary Party Conducted

Mt. McLaughlin, council knights of Columbus, held a successful Columbus Day anniversary party at the Parish hall Wednesday evening. Dancing, cards, music and refreshments, as well as a fine talk on Columbus by

Walter Hannon featured the program. Alma Parks and Genevieve Houston each presented a piano solo on the musical program, and an orchestra played for the dancing, which followed the address and program.

William Krueger, grand knight, was in charge.

## For Hard Coughs That Call For Super-Help

Creomulsion is made for coughs and colds that hang on. For coughs deep and difficult—coughs where you dare not risk a less effective help. But careful people use it for coughs which seem milder—use it to do the utmost and be safe. For nobody knows where a cough may lead. Creomulsion combines seven major helps in one. Some coughs yield best to one help, some to another. Doctors often differ on the best help for coughs are not alike. So here we combine all the best—to be sure, Creomulsion stands first. Here it is blended, emulsified and made palatable. For soothing membranes and combating germs, it is considered the supreme help in this type of cough.
