KEEP KISSABLE

WITH OLD GOLDS

It's not only good manners to avoid offending others with your smoking. It's good sense. The best way to insure your own enjoyment.

For the same reason that OLD GOLDS do not taint the breath, or discolor the teeth... for that very reason OLD GOLDS are a finer smoke... easier on the throat and more delightful in taste.

Pure tobacco... that sums it up. Sun-ripened tobacco... sweetened by nature herself. Tobacco so good it needs no added flavoring.

If you'll take a dare... and try natural-flavored OLD GOLD for a day... we predict OLD GOLD will win another life-long friend!
