Williams Says Counties Gaining On Indian Claim
(Continued From Page 1)

The testimony taken at the sub-committee hearing will be printed before the committee makes its final report, Williams stated.

"We feel that we have had better success than we anticipated and have created public interest in the matter. We all feel that right and justice are on our side." The Indian bureau, as soon as they learned that we planned no raid on Indian tribal funds was sympathetic to our cause," Williams reported.

Lost 20 Lbs. of Fat In Just 4 Weeks
Mrs. Mae West of St. Louis, Mo., writes: "I'm only 28 years old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and furthermore I've never had a hungry moment."

Fat folks should take one-half teaspoonful of Kruschen Salts in a glass of hot water every morning before breakfast—an 85 cent bottle last 4 weeks—you can get Kruschen at Star Drug Store, Whitman Drug Co., Magill Drug Co., Inc., or any drug store in America. If not joyfully satisfied after the first bottle—money back.—Adv.

RAIL SHARES LEAD IN BRISK MARKET

NEW YORK, Dec. 10 (AP)—Rail shares led a brisk rally in the stock market today, after a flurry of heavy selling in the morning session of the Portland futures market, with May unchanged. Cash wheat was unchanged on the Merchants' exchange.

MARKET QUOTATIONS

BUTTER CUT
PORTLAND, Dec. 10, (AP)—Cut of 1c lb. in the price of cube butter on the produce exchange for the late season appeared somewhat in line with late trading conditions. This not only applies to the immediate Portland territory and to the Pacific slope but to the country generally. Weather conditions have greatly aided production in the midwest and east while coast supplies have held up well.

POTATO CALL BETTER
PORTLAND, Dec. 10, (AP)—Demand was fair in most lines of trade on the East Side farmers' market today. There was little change in the general price list. Potatoes showed a slightly better call. The abundance of junky stock and scarcity of quality stuff is noticeable. Also the lack of enforcement of the state grading and branding law. No inspector a feather the state or the county has been seen for months.

PORTLAND, Dec. 10, (AP)—Cattle: 10; calves, 10; fairly steady. temporarily adjustments" in the war debt of Europe to the United States.

In a message submitting the June Moratorium for ratification, he proposed revival of the commission which funded these debts, and said:

"As we approach the new work, it is clear that a number of the governments indebted to us will be unable to meet further payments to us in full, pending recovery in their economic life."

Adjustments Needed
"Therefore, it will be necessary in some cases to make still further temporary adjustments," he emphasized.

The foreign debt commission would go into the debt question in the light of "the present economic emergency," and make recommendations to congress.

Leading off with these recommendations, the message touched upon American relations with much of the rest of the world. It ranged from Manchuria to Mexico, and from the St. Lawrence waterway to Paraguay. The president again urged adherence to the world court, and vigorous action by the world at large to curb armaments.

"No discouragements should be permitted to turn the world from sane reasonable limitations of arms," he said.

Asks Sanction
The president asked legislative sanction for the moratorium within the next five days, for it is on December 15 that the next payments from abroad fall due.

"His suggested provision for payment of the installments withheld over a ten-year period, beginning July 1, 1932.

His statement of last spring that "I do not approve in any remote sense of the cancellation of the debts to us," was repeated.

"The effect of this (moratorium) agreement," the president wrote, "was instantaneous in reversing the drift toward general economic panic and has served to give time to the peoples of those countries to readjust their economic life."

"The action taken was necessary, I am confident it commends itself to the judgment of the American people."
