UNUSUAL TRAVEL PLAN INTRODUCED

CHILOQUIN, Ore.—Plans for another novel experiment in railroad passenger business based on modern merchandising methods involving bulk sales, have been announced by the Southern Pacific company office.

The latest innovation will take the form of a pre-Christmas offering of transportation with round-trips provided at the cost of the usual one-way fares. It was revealed here by E. H. Hatke, agent for the company.
Effective from December 4 to 12 over the railroad's lines from San Francisco to Ogden and from Portland to El Paso, the special excursion fares have been authorized between all points where the one-way cost is \$11 or less, according to the announcement. A return limit of 10 days is specified.

The pre-holiday season bargains in train trips have been arranged as a direct result of the success of the company's experiments with so-called "dollar-day" excursions, originated by Southern Pacific last spring.
As a special feature of the forthcoming excursions, Hatke announced that stopovers would be permitted at all points within the travel limit.

Sale To Be Held By Ladies Saturday

CHILOQUIN, Ore.—The Ladies Aid of the M. D. church will hold a cooked food sale at the ginger grocery on Saturday afternoon, December 19, at which time fancy work, aprons and candy will be sold.

Alturas Loses To Lake Quintet

LAKEVIEW, Ore.—The Lakeview high school basketball team defeated Alturas high at Alturas last Saturday night by the score of 13 to 12. It was the first game of the season for both teams.
Coach Elliott of the Modocs tried to wear down the Lakeview team by running in three full teams against them. The strategy did not work because the frequent substitutions spoiled the teamwork of the Alturas team while the teamwork of the Lakeview players improved as the game progressed.

The Lakeview high team will invade Klamath Falls in the near future. Klamath's high needed out the locals by a 1 point margin the last time the two teams played.

Lakeview, Ore.—The Lake County Chamber of Commerce has furnished the advertising department of the Standard Oil company with a map of Lake county which shows all the scenic attractions in the county.

This map will be used by the oil company in preparing its tourist maps of Oregon for 1932. Some of the things which will be designated are: the highest point on the state highway system; the two state parks, Chandler and Booth; the antique refuge, Fort Rock; the ice caves, and Fort Warner.

HONOR AVERAGES MADE FOR PERIOD

CHILOQUIN, Ore.—Chiloquin high school students have a wide reputation in inter-school activities that places them among the leading schools of the state in achievements, but judging from a report submitted by Supt. E. E. Evans, the local students have further honors to their credit.

Ten students in school have a record for scholastic achievement, having made outstanding grades during the past several weeks since school started.
The following list shows the students divided into classes and their grades:

- Honor Roll**
Freshmen: Frances Coons, 94.35; Jeanne Burton, 93.75; Hills Leach, 90.75; Billy West, 90.25.

Grand honors go to those students who have straight ones in their grades, that is, all grades are above 94 per cent.

Install Plant For Icing Cars

BIEBER (Lassen Co.)—Union Ice company of San Francisco is spending \$20,000 on the installation of facilities for icing Western Pacific and Great Northern railroad cars at Bieber terminal. The plant will be ready for service next month and A. Caspell who will be in charge of its operation, has already arrived at Bieber from Reno.

E. S. Shaw, the company's superintendent of construction here, has about 20 men employed in building a 200-ton storage house, 40 by 50 feet, machine room, five-car icing dock and a residence for the operator. J. C. Bear, construction engineer, and W. W. Williamson, engineer and contractor, for the Union Ice company, have been in Bieber inspecting progress of the work.

Ice will be brought to the storehouse over the Western Pacific from Reno, according to present plans. The plant will have capacity to handle hundreds of tons daily if traffic demands it.
Heavy shipments by rail thru Bieber of California fresh fruits and vegetables destined for northern markets and of other perishable produce to cause much ice to slide off the dock into refrigerator cars in 1932.

Church Bazaar Is Well Attended

LANGELL VALLEY—The bazaar given at St. Barnabas church last Saturday evening was well attended. A number of valley residents and several from Klamath Falls and Bonanza were present at the chicken pie supper served by the ladies.

Besides the fancy work booth and the quilts there were candy, pop corn and fish ponds arranged by the older girls class. A short skit, "Christmas Gifts," presented by the Young People's Fellowship, furnished many laughs.

Amusements

Pine Tree—Now playing, "Blonde Crazy."
Pelican—Now playing, "Too Many Cooks."
Rainbow—Now playing, "Ship-By."
Vox—Now playing, "Range Law" and "Swanee River."

Joan Houdell

Maybe you think of Jim Cagney as a gangster pure and simple because his performance in "The Public Enemy" was so forceful and unforgettable. Do you remember his bit in "The Millionaire" with Arlene, when he made the insurance agent so amusing and vital? Have you forgotten the sympathetic railroader in "Other Men's Women," or the craven lad in "Sinners' Holiday," who pleads with Ma Delano not to leave him when he is on the spot. All these were Jim Cagney, and his character in "Blonde Crazy," the production which is now at the Pine Tree is altogether another Jim Cagney.

PELICAN

A picture that kept the audience on the edge of their seats came to the Vox theater yesterday with the arrival of the Tiffany Productions' western thriller, "Range Law," starring Ken Maynard and his wonder horse, Tarzan.
