

HEAVY GALE TAKES LIFE ON COLUMBIA

PORTLAND, Ore., Dec. 18 (UP)—A rain-laden gale took one life on the Washington coast today and drenched the mid-Columbia region as the cold spell gave ground before the southerly breeze.

Manley Smith of Lummi Islands in Puget Sound was drowned when a 60-mile gale upset his dory. He was attempting to aid occupants of an endangered launch.

The coast guard searched for his body tonight.

Nearly 45,000 feet of logs broke loose and were scattered over Bellingham bay.

Snow was piling up in the Cascades, but sleet had given way to the cold rain in most sections of the northwest tonight. Silver thaw conditions were disappearing and highways were less dangerous.

WINDY HERE

Heavy winds accompanied rising temperatures in Klamath Falls Thursday night. Colder weather, however, with rain and slight flurries of snow was forecast for Friday. Thursday the temperature scaled to 45 and the lowest was 27.

LAWMAKERS QUIT WITHOUT REMEDY

CHICAGO, Dec. 18, (UP)—Chicago's "ship has been scuttled" by the Illinois legislature and the "city is sunk," exclaimed Mayor Anton J. Cermak today upon learning that the lawmakers had adjourned for the Christmas holidays without doing anything to remedy Chicago's bankruptcy.

The legislators had it within their power to remedy the entire situation," continued the mayor. "They refused to do so for reasons best known to themselves. They simply scuttled the ship."

FOODSTUFFS SENT TO NEEDY REGION

LINCOLN, Neb., Dec. 18. (U P)—Nickels and dimes contributed by school children, substantial sums donated by the wealthy and a huge volume of clothing and foodstuff tonight were dispatched to northern Nebraska where two persons already have died from starvation.

Farmers and their families in seven counties along the South Dakota line are destitute, their crops ruined by last summer's drought and grasshopper plague. Their food is gone, and clothing worn thin. Local funds were exhausted, and so a general appeal for aid was made throughout the state. The deaths of two little Indian girls, members of the Sioux tribe, from lack of food spurred relief workers.

Eugene Wall Pleads Guilty of Stealing

Eugene Wall, indicted by the Klamath county grand jury on charges of stealing two pigs from Claude Bennett, pleaded guilty in circuit court Thursday morning after he was arraigned before Judge W. M. Dunnean. Wall will be sentenced later this week.

W. G. Johnson, indicted jointly with Wall on the same charge, has not yet been arraigned.

Stealing indictment on the pig before arraignment. Wall and Johnson pleaded guilty before Justice of the Peace W. B. Barnes on charges of possession of mink. They were committed to the county jail upon failure to pay fines of \$100 each.

Edam cheese, native of Holland, is very hard and is generally soaked in brandy or rum to soften it before eating.

It is reported that more than 79,000,000 trees were planted in the United States during 1930 for reforestation.

First Photo of "Bluebeard" Trial on Theatre Stage

Here is the first photo of the courtroom scene in the theater at Clatsburg, where Harry J. Powers, "West Virginia bluebeard," is being tried for murder and stage fixtures that have often formed the setting for mysterious make-believe tragedies. Powers is indicated by the arrow. He is facing the jury, court stenographer and attorneys. Curious spectators packed the theater to witness the trial being held on the stage, because the new courthouse is not yet completed and the temporary room used for minor trials is not large enough to accommodate the crowds.

JEWELRY ANSWERS QUESTION FOR MANY

Jewelry answers the question for many a Christmas shopper. The stores this year are filled with a greater variety of jewelry than ever before.

Wrist watches are nicer than ever. Those for women have become daintier and daintier and are now so small and delicate that they can be worn with any costume. Wrist bands are varied, but one of the most attractive is the double chain effect, the chain being round and tightly woven.

The reduction in size of wrist watches for men is also evident. They are much more compact and graceful than the huge affairs of former years. The nicest watches are very plain, being either oblong or square in shape and so flat that they do not extend out from the wrist band. Very plain dull leather or finely meshed metal bands are in good taste.

Jade—the symbol of the omnipotence of the great dynasties of the Orient—is also the symbol of great chic today in fashion. Women of discrimination will be delighted with gifts of Jade—hand carved with symbols

of the Far East and exquisitely mounted on bits of gold. Patou's new Snowball jewelry is something to give by the set. Chokers, earrings, bracelets, necklaces of great round white

hails, beautifully cut, which supply the necessary touch of white to the black ensemble. And every woman has a black outfit this season. Spanish Pearls are lovely as gifts. And they are extra lovely when combined with fine-cut crystals. There is a lovely day and night necklace, offering three strands of graduated pearls for the day and a pendant of replica pearls with a rhinestone clasp to be added for evening wear. This is indeed a novel and delightful gift and most inexpensive too.

Wide Range in Gifts

The new pastel crystals introduced by Paris couturiers are perfectly lovely. They come in clusters of a combination of colors in a variety of shapes and sizes. These are so inexpensive and so in demand that it is permissible to give them in bunches such as two or three complete sets of varying color combinations and designs.

A lovely bodice is the delight of every woman. And the addition of numerous little novelty knickknacks is always appreciated. One can always feel sure of pleasing with a gift of a vanity set. Then there is the lovely collection of perfume and toilettes bottles, which are now some in jade, crystal and marquisite. They can be obtained in designs as modern or as period as one wishes. A cedar lined cigarette case of hammered per-

for or to match any bodice accessories is a most useful gift and as well as a most ornamental one.

Many stores show a variety of porcelain statuettes, ornamenting useful knickknacks that make lovely gifts. These Porcelains are lovely gifts. These Porcelains are lovely gifts. These Porcelains are lovely gifts.

The romantic mode has made good the necklace and brooches, and earrings too, of gold plate in fascinating motifs studded with multi-colored stones. Rolled gold bracelets in buckle effect... intriguely lockets on heavy gold plate chains... all enchanting gift pieces in the modern manner.
