

STUDENTS GIVE GENEROUSLY TO ASSIST NEEDY

According to present indications, it may reasonably be expected that there will be at least twice as many contributions for the Christmas tree, Monday night, as there are students in Klamath Union high school, it was stated Friday by Hi-Y boys who are in charge of the work.

Roll rooms 14 and 20 are having the trail at present, having some over 200 per cent in the drive for food and articles of clothing which will be distributed to the needy. Rooms 28, 5, 11, 30, 26, 9, and 21 are following close behind with a 200 per cent ending, while rooms 25, 1, 13, 6, 24, 2, 10, 16 and 17 have contributed to the amount of 100 per cent.

In addition to the roll room contributions, the senior class is purchasing \$10 worth of vegetable and canned goods for the Christmas drive.

Students in charge of the roll rooms are Margaret Goldsmith, Allen Hough, Beth Cummings, Mary Ann Botens, Jack McGehee, Robbie Potts, Jack Harbour, Marie Gaskins, B. Chadwick, Irene McLaughlin, Clyde Williams, Maxine Stamper, Lewis Clark, Margaret Slaymaker, Jimmy Rogers, Herman Bremer, Roy Whittich, Bob Richards, Neil Shepard, Dean French, Robert Linn, Bill Stempley and Verena Irwin.

Members of the Hi-Y boys who have charge of donations received from the students are Frank Drew, Adolph Zausky, Bob Gallagher, Arthur Bremer, Jack Buchanan, Lon Varnadore, Jack Knight, Don Bradley, David McAuley, Clyde Williams and Lawrence Weinberg.

Strangers Drag Girl From River

PORTLAND, Dec. 18. (AP)—Two men "saw" screams near the seawall here last night and ran to the river's edge. Someone was struggling in the water. They threw a rope and a girl grasped it and was drawn to safety.

She said she was Josephine Hoops, 18, of Crane, Ore., and had been attending school here. Her rescuers, Carl Bender and Frank Hunter hurried her to a hospital. Attendants said she readily admitted leaping in the river. Acquaintances declared she had been despondent for several weeks and had been studying too hard.

Blood flows through the bones of very young children almost as freely as it does through the veins.

'HANDYMAN' WINS SUIT FROM DOLORES

LOS ANGELES, Dec. 17. (AP)—For being a "handyman" about the home of Dolores Del Rio, Mexican film actress, Gunther P. Lessing, an attorney, must be paid \$16,000, in addition to \$4,000 already paid.

A judgment for this amount was awarded Lessing yesterday by a superior court. Lessing, who claimed his legal services were "special and extra," sued the actress for \$13,000.

Among the duties which Lessing said he performed for the actress was to arrange to decorate her dressing room, get an annulment of her secretary's marriage, prepare her relatives for immigration, arranged to have a Mexican tomato can named after her and protect her from adverse publicity. He described himself as a "handyman" about the actress' home.

Judge Minor Moore, who returned the judgment, described Miss Del Rio as a woman of more than average intelligence but "temperamental and not especially well versed in the fine art of business."

Suicide Found In Telephone Booth

PORTLAND, Dec. 18. (AP)—A bullet through his head and a revolver close at hand, the body of an unidentified man was found in a telephone booth at a railroad station here last night. No mark of identification was found in the clothing of the suicide.

Washing and Cleaning Equipment, Although Priced Higher, Can Be Bought Over a Period of Time for Very Small Payments.

And it is quite true that they pay for themselves in reduced costs and physical effort. Modern washing machines are hand-somely and simply constructed. They are offered in a variety of sizes and styles for small kitchens or large laundry rooms. Electrically heated and operated mangles can be obtained for table or stand use and are worth their weight in gold on wash day, especially if there is much flat work in the wash.

ELECTRICAL GIFTS MANY AND VARIED

As Christmas nears, and the problem of what to buy for gifts becomes more acute, electrical gifts come to the front with many appropriate suggestions.

Electrical gifts for women classify into two general groups: household and personal. The last shall be first. Curling irons, hair dryers, massage machines, sun-lamps, ultra-violet lights and infra-red lamps are aids to beauty and health which any woman would delight to possess.

The feminine touch is maintained in these appliances through the tasteful use of color. Chromium plate is also used to advantage in the decoration. Women, particularly mothers, are sometimes over-presented with "useful" gifts. These, more personal, electrical aids will surprise and please her.

For Mere Man

Men like electric cigar lighters which are constructed to light as soon as they are lifted. And reading lamps. Find out the particular predilection of the men on your list. There is a new lamp on the market which reminds one of the construction toys. You can do much with this lamp. It comes apart seemingly anywhere, and locks back together again in whatever shape you feel the whim to use it. It's a match for any man's peculiarities.

Juice extractors and drink mixers are always an acceptable to man as an invitation—which, of course, they really are. The latest models are so constructed as to be easily cleaned, noiseless, and free from exposed moving parts.

It is said that if one were to examine any man's beard, it would be found that the side of his face which was customarily away from the light while he was shaving, was less cleanly shaven. There's an electrically illuminated concave shaving mirror, new to the market this year, which eliminates that possibility by thoroughly lighting the whole face during that major operation. Ask the men on your list to raise their hands if they'd take that lamp as a gift!

Christmas Dance To Be Given at Hotel

A benefit dance for the community Christmas program fund will be given at the Willard hotel Friday evening, December 18, from 9:30 until 12:30. The dance will be sponsored by the Klamath Union high school and all funds will be used for charity work.

The beautiful Tyrian purple dye is made from the glands of Mediterranean sea snails, of which about 200,000 color the hair.

CHOIR TO PRESENT HOLIDAY PROGRAM

A Christmas cantata will be presented by the choir of the Methodist Episcopal church on Sunday evening, December 20, at 7:30 o'clock. The chorus is under the direction of R. E. Patterson, and the cantata to be presented is entitled "Chimes of the Holy Night," by Holten. Mrs. B. F. Stewart will play piano accompaniments, and R. F. Stewart violin obbligato.

The cantata is to be preceded by candle-light procession by the choir. Special state lightings will be managed by J. R. Pierce. Cantata numbers will be presented as follows:

1. "Christmas Bells are Ringing," by the choir, with incidental quartet by Mesdames Pierce and Humble and Messrs. Southwell and Stone.
 2. "How Beautiful Upon the Mountains," by the choir, with alto solo by Mrs. Lela Laursen.
 3. "But Thus Bethlehem," women's two-part chorus, choir and obligato solo by Mrs. C. A. Humble.
 4. "The Virgin's Lullaby," cantata solo by Anne Avery.
 5. "In the Watches of the Night," soprano solo by Mrs. Erma Badger.
 6. "Good Tidings," men's two-part chorus.
 7. "Glory to God in the Highest," choir.
 8. "On Earth Peace," choir.
 9. Noel chorus by choir.
 10. "For Jesus," ladies' chorus.
 11. "Let Us Go Even Unto Bethlehem," men's chorus and bass solo by W. W. Southwell.
 12. "Jesus Our Lord," women's two-part chorus, soprano solo by Mrs. Norma Uerling.
 13. "Hush! Hush! Into Joy," choir.
 14. "The Star in the Eastern Sky," choir, tenor solo by R. E. Patterson.
 15. "The Lord is Born Today," Hail chorus.
