

MUCH MEAT DONATED FOR RELIEF WORK

All meat donations to the governor's relief committee which have not yet been delivered, are now being collected by C. D. Long, member of the committee, who is in charge of this work.

A truck has been secured by the committee, and all donations will be picked up within a few days by Long and his helpers.

A truck load of sheep, donated by Dennis and Hugh O'Connor, was delivered Monday at the Klamath Meat company's packing plant. All meat that is not needed for immediate consumption is stored in the warehouse of the Klamath Ice and Storage company on Spring street.

Up to the present time 19 beef and 40 sheep have been donated to the relief committee, in addition to great quantities of ducks, geese and rabbits. Such great quantities of rabbits have been brought in that the committee has been able to send a number to "Hooverville," the city transient camp, for relief work there.

Approximately 250 pounds of meat is distributed daily from relief supply depots, according to reports of the committee, in addition to groceries, vegetables and other staples distributed for relief work.

The following stockmen have made donations of meat to the committee: Halory brothers, the Fishers Union, John Liskey, Floyd Miller, Nickerson brothers, Jack McLaughlin, Darling & Brewer, Fred Pope, D. E. Alexander, W. C. Dalton, Don Savage, F. F. McCready, Ray Lowley, Haglund, and Ed Cardwell. Marion Barnes, Jack Bruch, Jerry and Jack O'Connor, Dixon brothers and Elvira Skanska.

In addition to donations received from the snow mentioned stockmen, the governor's committee has been given other meat donations from donors whose names have not been ascertained.

The headquarters of the relief committee will remain in the office of the Klamath county fair board, room 13 of the court house, here in Klamath Falls.

Any one desiring information in regard to county-wide relief work, or wishing to make donations to the committee, should call the Klamath secretary to the governor's relief committee, telephone 214.

China Ready To Help Invoke Pact

(Continued from Page One)

burned the headquarters of the Kuomintang.

The crowds of Chinese who sought a means of escape to avoid further clashes included many officials.

Yesterday's clash occurred after the Chinese newspaper Ming Kuo Jih Pao had said that the recent attempt by a Korean to assassinate the Japanese emperor revealed Korea's desire for independence.

Japanese residents, increased at the reference to the emperor, stormed the building, burned it, and attacked a number of Chinese newspaper men. They fired revolvers as they thronged into the building and the Chinese fled.

GENERAL DROP IN MERCURY IS FELT IN STATE

(Continued from Page One)

Lakeview is open though chains are advised. The Susanville road from Alturas is being traveled but shovels and chains are imperative, which means that it is not in good shape.

The general condition of the Pacific and Redwood highways is good. The Columbia River highway is in fine shape. The Wapinitia is a little rough and chains should be carried. The Skagitway still require careful driving because of icy spots and occasional fogs. There is practically no snow on the pavement. Chains are advised for the Weed cutoff.

Report Deep Snow
The latest word from Lake o' the Woods stated that there was 56 inches of snow at the lake with 18 inches of water content. The lake is filling fast with water, having raised two feet already this winter. The snow depth at Palican Bay, near the foot of the road leading up to the mountain resort, is five feet, and at Fish Lake about 55 inches.

SNOW IN ROSEBURG
PORTLAND, Jan. 13, (AP)—Light flurries of snow fell in several sections of western Oregon last night, and temperatures ranged a bit lower than on Tuesday when many western points received the first snow of the season.

Roseburg today had four inches of snow on the ground, the weather bureau reported. A fresh fall over night added to Tuesday's fall. Head had one inch with a minimum temperature of 12 degrees.

Planes Get Through
The Mid-Columbia region had a little fresh snow today. This morning snow was falling at only one place, Crown Point.

Between Medford, Portland and Seattle skies were overcast. Temperatures ranged from 25 at Corvallis and 27 at Eugene to 33 at Portland. Temperatures along the George airway included Pasco 16, Umatilla 19, The Dalles 22, Hood River 27. On the Pasco-Hoosier airway temperatures ranged from 9 at Baker to 29 at La Grande.

Planes were getting through with little difficulty.

California Gets Snow
The United States weather bureau held little promise that warmer temperatures would reappear soon on the coast.

Storm warnings were displayed along the Pacific where yesterday shipping was delayed by the strong winds.

In interior California snow fell in quantities yesterday. Tahoe City reporting a fall of eight inches during the day. Sacramento, Modesto and Merced among others, received their first snow in several years while the peaks about San Francisco got a touch.

Washington was relieved with colder temperatures and hoped flood waters would be checked. Recent heavy rains and warmer weather have melted snows on fast rivers in the western part of the state have overflowed. Three bridges were washed out and several highways made impassable.

EUGENE, Jan. 13, (AP)—Icy streets carried a threat to motorists here today and the temperature was down to 25 degrees this morning. Outside the city the ground was covered with crusted snow. The Willamette river was down one-half foot.

PENDLETON, Jan. 13, (AP)—Winter slipped in over this county last night with below freezing temperatures prevailing. Several inches of new snow fell in the Blue mountains Tuesday. The temperature dropped to 27 degrees here Tuesday afternoon.

ST. PAUL, Jan. 13, (AP)—The heaviest snow fall in northwestern North Dakota in three years was followed by sub-zero temperatures today.

BOXING SPUDS IS TOPIC AT CHAMBER MEET

(Continued from Page One)

of potatoes. The small package idea is unsound, he stressed. Senon said the trouble he anticipated in connection with the project is that the grower will be forced into a higher cost. He said the potatoes may sell for more at the market, but the grower doesn't get any of it. He said that there has been a growing demand for potatoes in small sacks.

Would Preserve Condition
Senon said, however, that he has no doubt but that potatoes would arrive at the market in better condition if shipped in boxes.

Harroux said he was interested in the project from the standpoint of helping local payrolls through boosting the box shuck industry. He cited the experience of California fruit growers in working up better marketing conditions and building a reputation for their products.

"The Lions club became interested some time ago in promoting the use of wooden boxes," said Harroux. "This idea of putting potatoes in boxes began to get into my mind."

"I talked to a commission man in Los Angeles, who told me that in a carload of potatoes received from the Klamath county there was 1500 pounds of mud. This man was enthusiastic over the possibility of box packing, and advised that when potatoes are shipped a few boxes of good quality stuff be included to work up an interest and a demand."

Experiment Told
"As an experiment, I packed up a small wooden box of potatoes and put it in my window before Christmas time, with an appropriate motto on it. I began getting demand for that box of potatoes from people who wanted to ship it away at Christmas. I kept account, and found I could have sold 100 boxes."

Henderson said that the growers are anxious to work out a plan which would help the industry as much as anyone, but past experience had not been favorable.

There was some discussion of the actual revenue for the box industry if all Klamath potatoes were shipped in boxes a rough estimate being at \$100,000. The possibility of wood substitutes getting the business was brought up. It is probable the directors will ask a representative of the box industry to discuss the matter further, and on motion of Andrew Collier the matter was referred to the agricultural committee for further study.

Farm Board Probe Reported Favorably
WASHINGTON, Jan. 13, (AP)—A favorable report on the Norris resolution calling for an investigation into activities of the farm board was sent to the senate today by the agriculture committee.

The senate agreed to a request that the report be sent to the audit and control committee, which will pass on the \$50,000 asked to finance the inquiry.

WEATHER

The Cyclo-Stormograph at Underwood's pharmacy has risen rapidly during the past 24 hours, and a continuation of snappy weather is probable.

The Tycoos recording thermometer registered maximum and minimum temperatures today as follows:
High, 14 Low, 4
Forecast for the next 24 hours: Clear and cold, with moderate winds.

Balanced Budget Is Mellon's Goal

(Continued from Page One)

fit demanded—if we desire to put the justification on lower plane simply warranted by considerations of individual self-interest."

Mellon said the plan he submitted was generally a return to the taxation existing under the 1924 revenue act, twice amended since. He estimated it would return \$250,000,000 additional revenue during the current fiscal year and \$920,000,000 in the fiscal year 1933 beginning next July 1. It would include a selective sales tax, increases in income and corporation taxes, a super-estate tax, and increases in surtaxes.

Deficit Cited
Citing the \$903,000,000 deficit last year, and a prospective deficit of \$2,123,000,000 this year, Mellon estimated there would be a deficit of \$1,417,000,000 in 1933 despite the increase in revenue.

Coming somewhat as a surprise to the committee members, the treasury secretary announced that "the administration is determined with your cooperation, to arrest this borrowing process on June 30 next" in urging the increased taxes in order to prevent an increase in the public debt.

The administration has been borrowing hundreds of millions the last three years. In addition, he recommended that the new taxes be terminated at the end of two years, when the budget is balanced in 1934.

An outline of the administration's tax increase plan to provide \$390,000,000 in current fiscal year and \$60,000,000 in 1933.

A super-estate tax to be graduated from one per cent on estates of \$50,000 to 25 per cent in those in excess of \$1,000,000, from which \$33,000,000 is expected within the coming eighteen months.

Individual income taxes to have normal rates at 2, 4 and 6 per cent, with surtaxes beginning with one per cent on incomes over \$10,000, graduated up to 38 per cent on those between \$100,000 and \$200,000 and 49 per cent on those above \$500,000, as compared with the present maximum of 20 per cent on incomes in excess of \$100,000.

Personal exemptions to be lowered to \$1,500 for a single person, and to \$2,500 with one living dependent, with a credit of \$400 for each dependent. This is expected to bring in 1,700,000 additional individuals, making a total of federal taxpayers of 3,600,000, who are expected to pay an additional \$85,000,000 for the last half of the current fiscal year and \$185,000,000 in 1933. Three-fifths of the revenue is estimated to come from incomes in excess of \$100,000. Revival of many of the miscellaneous taxes of 1924, including increase of one-sixth of present rates on tobacco manufacturers and products except cigars; an increase of one cent on stock sales; extension of tax on admissions of ten cents and above; a tax on manufacturers sales of automobiles, trucks, and accessories at 5, 3 and 2 1/2 per cent, respectively; a stamp tax on conveyance of realty of 50 cents for each \$500 value in excess of \$100; a tax of 5 per cent on manufacturers sales of radio and phonograph equipment; a stamp tax of two cents on each check and draft; tax on telephone, telegraph, radio and cable messages of 2 cents on charges between 14 and 50 cents, and 10 cents on those above.

In the first six months in 1932, about \$205,000,000 is expected to be netted from these miscellaneous taxes, while revenue amounting to \$314,000,000 is expected for the fiscal year 1933.

Postal rates be increased to cover a deficit in revenues of about \$150,000,000, although no specific rate was suggested.

FARM LOAN GROUP ELECTS OFFICERS

Stockholders of the Klamath Falls National Farm Loan Association held their annual meeting Tuesday afternoon, January 9, at the office of R. H. Dunbar, secretary and treasurer of the organization.

Election of officers and stockholders was held, and the following board of directors was selected to serve for the ensuing year: Charles E. Drew, D. Ellis Young, U. E. Reeder, A. L. Marshall and E. E. McClary.

After completion of routine business, the directors met to effect organization for the coming year. C. E. Drew was re-elected president, D. Ellis Young, vice-president, and R. H. Dunbar, secretary and treasurer.

A loan committee, consisting of A. H. Campbell, Will Blackman, and Roy Nelson as principals, and R. E. Geary, alternate, was appointed by the board at the annual meeting.

The Klamath Falls National Farm Loan Association is located in the twelfth national district and was organized in 1917. The local charter was recently amended to include Lake county, according to an announcement from the board.

DAUGHTER OF PRISON CHIEF SLAIN IN HOME

(Continued from Page One)

regular prison guard, but the situation was described as tranquil.

Censorship Imposed
ROCKVIEW PENITENTIARY, Bellefonte, Pa., Jan. 13, (AP)—Betty Hickok, 22, daughter of Dr. A. L. Hickok, president psychiatrist at the Rockview penitentiary, was fatally stabbed today, by a negro prisoner.

Due to the rigid censorship imposed by prison officials, detailed information regarding the killing could not be obtained.

Warden Stanley P. Ashe was called from Pittsburgh and was joined at the prison by Coroner W. H. Heator and County Detective Leo Boden of Centre county.

All requests for information were met at the prison with either a blunt refusal to talk, or, in one instance, the comment that no statement would be issued until after the inquest.

laneous taxes of 1924, including increase of one-sixth of present rates on tobacco manufacturers and products except cigars; an increase of one cent on stock sales; extension of tax on admissions of ten cents and above; a tax on manufacturers sales of automobiles, trucks, and accessories at 5, 3 and 2 1/2 per cent, respectively; a stamp tax on conveyance of realty of 50 cents for each \$500 value in excess of \$100; a tax of 5 per cent on manufacturers sales of radio and phonograph equipment; a stamp tax of two cents on each check and draft; tax on telephone, telegraph, radio and cable messages of 2 cents on charges between 14 and 50 cents, and 10 cents on those above.

In the first six months in 1932, about \$205,000,000 is expected to be netted from these miscellaneous taxes, while revenue amounting to \$314,000,000 is expected for the fiscal year 1933.

Postal rates be increased to cover a deficit in revenues of about \$150,000,000, although no specific rate was suggested.

MARKET QUOTATIONS

EGG REACTION STUDIED

PORTLAND, Jan. 13, (AP)—Retail trade trend in the egg market appears the result not of depression caused by pressure of cold storage stocks, but lack of consuming ability. Seasonable increase in production of eggs throughout the United States has been intense the current period.

The normal slack production period has not appeared to date this season. The East and the Midwest, along with the Pacific slope have been producing eggs at an abnormal rate all through the fall and winter months.

The unwillingness of speculative interests to take on stock for storage at this period appears due to two conditions: the lack of bank credit together with the extreme earliness of the season.

PORTLAND LIVESTOCK
PORTLAND, Jan. 13, (AP)—Cattle 60, calves 10. Market weak. Steers, 600 to 900 lbs., good, \$5.50 to \$6; medium, \$4.50 to \$5.50; common, \$3 to \$4.50; 900 to 1100 lbs., good, \$5.50 to \$6; medium, \$3.50 to \$5.25; common, \$3 to \$4.50; 1100 to 1300 lbs., good, \$5.50 to \$6.25; medium, \$3.50 to 5.50. Heifers, 550 to 650 lbs., good, \$5.25 to \$5.75; medium, \$4.25 to 5.25; common, \$3 to \$4.25. Cows, good, \$4 to \$4.50; common and medium, \$3 to \$4; low cutter and cutter, \$3 to \$3.50. Bulls (yearlings excluded), good and choice (beef), \$3.25 to \$3.75; cutter and common and medium, \$2 to \$3.25. Vealers, milk fed, good and choice, \$7.50 to \$8.50, medium, \$6 to \$7.50; cull and common, \$4 to \$6. Calves, 250 to 500 lbs., good and choice \$6 to \$7.50; common and medium, \$4 to \$6.

Hogs, 1000 including 511 direct; about steady. Light 140 to 160 lbs., good and choice, \$4.65 to 5.25; lightweights, 150 to 180 lbs., good and choice, \$5 to \$5.25; 180 to 200 lbs., good and choice, \$5 to \$5.25; medium weight, 200 to 220 lbs., good and choice, \$4.35 to 5.25; 220 to 250 lbs., good and choice, \$4.25 to \$5; heavyweights, 250 to 290 lbs., good and choice, \$4.15 to \$4.85; 290 to 350 lbs., good and choice, \$4 to \$4.65. Packing sows, 275 to 500 lbs., medium and good, \$3.50 to 4.50. Feeders and stockers, 70 to 130 lbs., good and choice, \$3.50 to \$4.50.

STOCK PRICES IN BROAD ADVANCE

NEW YORK, Jan. 13, (AP)—One of the broadest advances in weeks sent many prominent stocks up 3 to 6 points in the stock market today. The closing tone was strong, and the turnover exceeded 2,000,000 shares.

A reversal of the protracted decline in U. S. government securities in the bond market, together with reports of federal reserve credit expansion, gave fresh impetus to the upturn in security prices, which began a week ago today.

Stocks rising 3 to 6 included American Telephone, American Can, U. S. Steel, Allied Chemical, American Tobacco, B. L. L. & Myers, R. Eastman, Santa Fe, Union Pacific and others.

The unwillingness of speculative interests to take on stock for storage at this period appears due to two conditions: the lack of bank credit together with the extreme earliness of the season.

Grain Values Up As Session Closes
CHICAGO, Jan. 13, (AP)—Responsive to stock market advances, grain values showed improved backbone during late dealings today as compared with a dropping trend earlier.

On the other hand, export business in North American wheat was confined to scattered loads from Canada. Kansas reports of snowfalls were construed as bearish, and so too were advices that drought in northwestern states had been broken.

Wheat closed firm 1/4-1/2 above yesterday's finish, corn unchanged to 1/4 higher, oats at 1/4 decline to a shade advance, and provisions showing a rise of 12 to 17 cents.

CHICAGO GRAIN
CHICAGO, Jan. 13, (AP)—Wheat No. 3 hard 54 1/2; No. 2 Northern Spring 65 1/2; No. 2 mixed 54 1/2. Corn No. 3 yellow 34 1/2-35 1/2; No. 3 white 24 1/2-25. Oats No. 2 white 25-25 1/2. Rye, no sales. Barley 42-55. Timothy seed 3.75-4.00. Clover seed 6.00-15.50. Lard 5.22. Ribs and bellies 5.87.

WHEAT PRICES STEADY.
PORTLAND, Jan. 13, (AP)—May wheat advanced 1/8 a bushel during the last few minutes of the Wednesday session of the Portland grain exchange. The advance was bid, there being no sellers in sight. July was unchanged.

On the merchants exchange cash wheat was also unchanged as were other grains. There were no sales of futures for the day.

K. I. D. Board Will Meet On Saturday

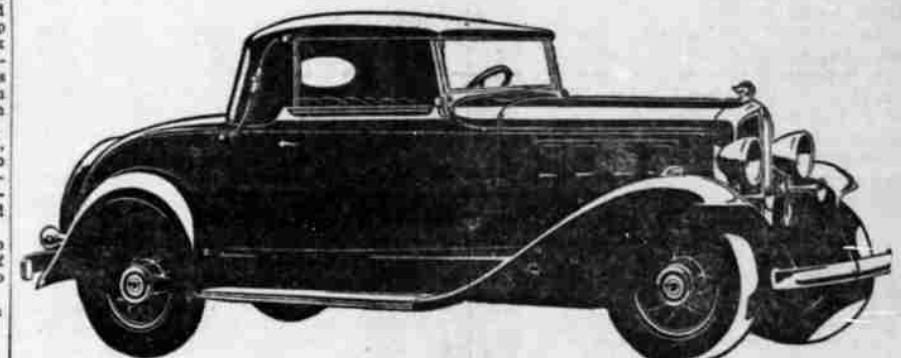

The board of directors of the Klamath Irrigation District will hold a special meeting Saturday morning, according to an announcement by Secretary A. L. Crawford.

After a short routine business meeting, the directors will make an inspection trip to various sections of the district to determine locations of proposed drains.

FALSE TEETH Can Not Embarrass

Most wearers of false teeth have suffered real embarrassment because their teeth dropped—or slipped at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little Fastesth on your plates. Makes false teeth stay in place and feel comfortable. Sweetens breath. Get Fastesth at Star Drug Co., or any other good drug store.

SYNCRONESH, QUIET SECOND AND FREE WHEELING—ALL THREE IN THE NEW PONTIAC

Look for thoroughness in Pontiac engineering. In all new Pontiacs, Synchro-Mesh makes gear-shifting effortless—second gear is really quiet—and free wheeling permits you to coast along at will. Then shift gears without touching the clutch. You get not just one, but all three of these big improvements in all Pontiacs at no extra cost.

- Chief of Values..
- Pontiac offers these important developments at no extra cost
- SYNCRONESH
 - QUIET SECOND
 - FREE WHEELING
 - RIDE CONTROL
 - LONGER WHEELBASE
 - INCREASED POWER AND HIGH SPEED
 - GREATER ECONOMY
 - NEW, ROOMIER FISHER BODIES
 - RUBBER CUSHIONING AT 47 CHASSIS POINTS
 - ENCLOSED SPRINGS
 - RIDING COMFORT
 - FULL PRESSURE LUBRICATION

NEW PONTIAC SIX
Brings the Important Developments of the Year to the Low-Price Field

Pontiac Six also offers Ride Control—that remarkable new improvement which permits you to regulate shock absorber action to all driving conditions. This is but one of its riding comfort features. Bodies are longer and roomier. Interiors are deeply upholstered and richly appointed.

Pontiac's spirited performance is based on an over-size engine improved to provide greater horsepower and higher top speed. Yet no more fuel is used than in cars built for economy alone. See the new Pontiac Six . . . arrange for a demonstration! G. M. A. C. time payment plan available if desired.

NEW PONTIAC V-8
Offers the Distinction of V-8 Performance at a List Price under \$650

It is the V-type motor that makes some of the world's finest cars so brilliant and reliable. Now this distinguished power plant is offered in the Pontiac V-8 at the lowest price ever known.

In addition, there are such refinements as effective body insulation against heat, cold, and noise—such upholstery and finish as you obtain only from fine Fisher craftsmanship.

If you have driven lesser cars, learn how economically you can graduate to V-8 ownership; if more expensive ones, how Pontiac V-8 meets your needs and tastes for much less money. Let us demonstrate it to you, thoroughly.

Snyder Motor Co.
744 Klamath Ave., Klamath Falls, Oregon.

"YOU know I spent the week-end with Helen. Underthings absorb perspiration. Avoid offending . . . Protect daintiness this 4-minute way

Personal daintiness! The subject of whispered comment, veiled hints. Lose it and you lose all chance of social acceptance.

Fresh lingerie each day is absolutely essential to daintiness. All day long underthings absorb perspiration. A daily change is even more important than a daily bath. And it's so easy to wear fresh lingerie every day. For Lux removes every trace of perspiration, yet protects colors and fabrics. And it takes four minutes or less. Wash underthings and stockings in Lux diamonds, after each wearing.

LUX for underthings
keeps them like new in spite of constant washing

My dear—
you have no idea
how shocked
I was . . . !"

Your Hands—
they deserve gentle care, too. Use Lux
in the bathtub . . . costs little . . . keeps
hands white and smooth . . .
