

WOODED STRIP ALONG HIGHWAY BILL'S OBJECT

Congressman R. H. Butler will be asked by the directors of the Klamath County Chamber of Commerce to introduce a bill in congress authorizing extension of the boundaries of the Fremont national forest to include and to preserve wooded strips along the Klamath Falls-Lakeview highway, now privately owned and likely to be cut next year. Exchange of forest timber for the private timber is the plan proposed.

The Ewanna Box company is the owner of a strip of timber land in the Quartz mountain district and is willing to exchange for other timber of equal value more remote from the highway, thus preserving the Quartz mountain strip, extending for three miles along the Klamath-Lakeview highway, for scenic purposes. To purchase this timber outright would cost from \$75,000 to \$100,000.

Directors of the Klamath County Chamber of Commerce Wednesday went on record favoring the exchange and will ask the Oregon delegation in congress to give it support.

S. H. Boardman, secretary of the Oregon parks commission, has made several trips to Klamath county in behalf of this matter and also to work on other projects regarding privately owned timber bordering state highways.

MARKET QUOTATIONS

EGGS WEAK
 PORTLAND, Jan. 14, (AP)—Extreme weakness in the egg market here continues unabated with no signs of improvement in sight, at least for the immediate future. Lay has been entirely too great for the trade to take care of except by establishment of ruinous values. The lay is too great in practically all sections of the country.

The seriousness of the eastern situation is indicated when late reports suggest that it is impossible to ship eggs to the Atlantic coast at the moment, except by shading the already low prices in effect here. The situation has in fact turned so weak that some of the leading F. O. B. buyers are practically out of the market.
