FIRE STATION CLOSING SAID RUMOR IN CITY

A rumor that the city council of Klamath Falls contemplates the closing of the fire station located at the city hall, thus laying off approximately six firemen, and using only the new station on Wall street, was discussed by the Taxpayers' Protective League of Klamath county at a meeting Wednesday night. This rumor had reached the association, according to Secretary A. G. Morrison, with another rumor that, if this action were taken, blame for the move would be placed upon the league.

Since this subject has never been discussed by the Taxpayers' League, the directors refused to take any responsibility for the rumor, but made no recommendation at this time.

A lack of fireworks marked Wednesday evening's meeting, and only a tentative program for future work outlined by Secretary Morrison.

Morrison declared that up to the present time the league had only been feeling its way, piling up evidence of unethical, unlawful and fraudulent procedure in county government in almost every branch. This evidence has in many cases, been proven, Morrison stated, but the league is not yet ready to release the startling facts.

I. A. Tewey, Klamath mortician, presented to the league figures of the present cost of burial of the county's dead, and alleged that these were higher in Klamath county than in any county in the state with the exception of Deschutes. He also recommended that the league investigate, and take action to abolish the office of county coroner, one which he declared had been done in many states.

"The league is fighting for principles, and not for individuals," Morrison said in reply to Tewey's assertions. "However, it is working for economy, striving to consolidate offices and duties for the elimination of expense, which will result in better methods and cheaper government, and all problems will be considered."

Announcement of the appointment of Morrison to the special tax investigation committee for Klamath county by Governor Julius Meier, was made at the meeting.

A change in the membership laws of the taxpayer's association making a charge of \$1 membership fee from each member was passed by the league. Secretary Morrison was authorized to have 3,000 membership cards printed by the firm offering the lowest bid. A card will entitle a member to attend all league meetings other than open meetings to which the public is invited, and membership fees will go to pay the expenses of the league.

A delegation from the league will visit Bly, at an invitation from the grange, on Tuesday evening, January 26, and establish a branch in that town. Units have already been established in Malina and Hillsbrand, and one in Keno will be organized in the near future, Morrison stated.

The next regular meeting of the taxpayers' league will be held in this city on Wednesday evening, February 2.

How to Relieve Head Noises.

Good Advice For Those Who Fear Deafness

Catarth sufferers who are growing hard of hearing, should take warning from that stuffy feeling of pressure against their ear drums, those buzzing, rumbling head noises, like steam escaping, and take prompt, effective measures to stop this trouble. Head noises due to catarth are almost always the forerunners of deafness and most deaf folks suffer from them constantly. Often the never-ending, nerve-racking "hum" drives the sufferer almost frantic and may result in a nervous breakdown.

Thanks to a remarkable medicine, it is now possible to lessen these head noises and often completely overcome them and with their disappearance the hearing also greatly improves, and frequently can be restored to normal. From Star Drug Co. or your druggist secure a 1 oz. bottle of Parmitin (Double Strength), take this home and add to it 1/4 pint of hot water and a little sugar. Take one tablespoonful four times a day. Parmitin is used this way to reduce by tonic action the inflammation and swelling in the Eustachian tubes, and thus to equalize the air pressure on the drum, and also to correct any excess secretions in the middle ear. Parmitin usually gives quick, effective results.

Every catarth sufferer should give Parmitin a trial.
