

**Pine Tree to Show
Rose Bowl Battle**

Moving pictures of the University of Southern California-Tulane, Rose Bowl, New Year's day football game which started showing in Portland Friday will be shown at the Pine Tree theatre

Sunday, Harry Poole, manager, stated Friday. "This is the only real football picture ever made. It consists of five reels and all the important plays are shown in slow motion," Poole said.

**LANGELL PLAN
RECOGNIZED IN
RELIEF BILL**

F. E. Thompson, secretary and manager of the Langell Valley Irrigation district, has received copies of senate bill No. 2152, the Thomas-Hall bill to provide irrigation relief, which reveals that the leading principles of the Langell Valley relief plan have been incorporated in the final bill as drawn up.

The relief bill, introduced by Senator Thomas of Idaho, follows:

"Be it enacted by the senate and house of representatives of the United States of America in congress assembled, that in carrying out the provisions of the act of congress approved June 17, 1902, and acts amendatory thereof and supplementary thereto, known as the reclamation law, the secretary of the interior is hereby authorized to grant a moratorium of three years to water users' associations (including payments to be made by individuals of such associations), irrigation districts on reclamation projects, and to irrigation districts having contracts with the United States for water rights under the act of congress approved February 21, 1911, known as the Warren act, on payments of construction charges to be made by such water users' associations (including payments to be made by individuals of such associations) irrigation districts, and Warren act contractors."

"Sec. 2.—The secretary of the interior is further authorized to defer any payments due for the calendar year 1930 or prior thereto, to the United States, from any water users' association (including individual water users asso-

ciations) irrigation districts or reclamation projects, and Warren act contractors, until final payment of construction charges agreed to be paid by such water users' associations (including payments to be made by individuals of such associations) irrigation districts and Warren act contractors has been fully paid.

"Sec. 3.—All payments deferred under this act shall be made after the end of the payment period at the same rate per annum and under the same terms as provided in existing contracts with such water users' associations (including payments to be made by individuals of such associations) irrigation districts, and Warren act contractors, without interest during such deferral.

"Sec. 4.—There is hereby authorized to be appropriated from any unexpended funds in the treasury of the United States, not to exceed the sum of \$_____, to be paid into the reclamation fund in an amount equal to the payments that would have been required to be made by water users' associations, irrigation districts and Warren act contractors if the moratorium and deferral herein provided had not been made, and at the time such payments would otherwise have been due."

Thompson, in urging the Langell Valley plan, has advocated the postponement of all delinquent and unpaid charges, includ-

ing those affected by the moratorium, until all other charges shall have been paid. His idea has been to make it plain that no cancellation of debt is wanted, but rather that the unpaid charges be added on at the end of the 10-year period of the contract.

At the irrigation congress in Idaho last fall, Thompson proposed this principle, but the congress chose rather to ask for a blanket three-year moratorium. Later, Thompson said Thursday, the congress was informed by its Washington representative that the blanket moratorium plan could not go through, so the principle promulgated in the Langell Valley plan was written into the bill. Sections 2 and 3 of the proposed bill are the same, altogether in principle and largely in wording, as the Langell Valley plan.

A meeting of water users is to be held shortly in Salt Lake City, sponsored by the American Farm Bureau federation, and Thompson has been invited to attend. If he is able to do so, he will bring up the proposal of having the charges in against each individual water user confined directly to his own land, and not load the owners of a district with delinquencies on other lands in the district. Sale of delinquent lands to relieve this burden is proposed in the Langell Valley plan.

**Purchasing Body
To Meet Saturday**

The Pomona grange purchasing committee will meet in the office of C. A. Henderson, county agent, at 1:30 p. m. Saturday to discuss the purchasing of gas and oil and possibly tires in wholesale lots for members of the Pomona grange.

Members of the committee are O. A. Schultz, Mallin; D. W. Turbaugh, Tule Lake; Jesse Johnson, Henley; B. V. Bradshaw, Fort Klamath and County Agent Henderson.

**Wallace Is Fined
In License Case**

W. H. Wallace, second hand dealer, has been fined \$5 by Police Judge Roy Fouch for failure to comply with city ordinance 420, compelling second hand dealers to keep records of articles bought and sold.

STANFIELD SUED

PORTLAND, Jan. 22, (AP)—Robert N. Stanfield, formerly United States senator from Oregon, was charged with desertion in a divorce complaint filed in circuit court here yesterday by his wife, Inez Hill Stanfield.

It's the
pride of the
menu!

FOR COOKING!

FOR TABLE USE!

That's why it's called C and H MENU "Berry," of course! And does it deserve its name! Well, Pacific Coast women who've used this fine-grained granulated think so.

In the first place, C and H MENU "Berry" is snowy white—really white, and lovely just to look at. In the second place, it's pure cane sugar (and these days fastidious women will use only pure cane sugar for both table use and cooking).

And then, most important of all, because of its fine, fine grains C and H MENU "Berry" is the ideal granulated sugar for every menu use. You'll marvel at the way it dissolves when you serve it, how it creams when you cook it, how it blends and melts itself into snowy smoothness.

Oh, the texture of cake made with MENU "Berry" (even Angel Food)! Oh, the smoothness of sauces made with it (MENU "Berry" creams marvelously)! Oh, the fluffiness of meringues, the velvetytness of icings, the satyness of candies made with C and H MENU "Berry"!

But be sure—be absolutely sure to buy your sugar in a white bag labeled C and H MENU "Berry" (2 lb., 5 lb., 10 lb. and 25 lb. sizes) or in the new pouring-protective package, if you want to be certain of getting this quick-dissolving granulated—and no other.

Brown Sugar, Confectioners Powdered, Dessert Sugar, Crystal Tablets, and Cubelets—in fact, all the C and H MENU Sugars (as the name implies) offer endless opportunities for varying the menu.

This is the new C and H MENU Sugar carton with the clever pouring and protective device. 2 lb. and 5 lb. sizes wrapped in waxed paper to prevent caking.
