

WOMEN NOTIFIED OF JURY SERVICE

Notification of their selection on the Klamath county jury list was sent to about 100 women Wednesday by County Clerk C. R. Delap, the number of women

jurors being the largest percentage of the entire list ever selected in this county. Approximately 450 names are on the jury list which has been signed by the county court.

The number of women on the list was increased after a large number of women had protested that more women have not in the past been appointed. Prior to this year women have been named on the list but with few exceptions they have claimed exemption from jury duty and re-

quested that their names be removed from the list.

With the notifications sent the women selected to serve this year were mailed cards which may be returned if the woman does not desire to serve. It is pointed out that women may be excused from jury duty without cause while men must show cause why they wish to be exempt.

Women appointed this year are requested to serve and not claim exemption as it is their

duty to serve and should a large percent of those selected refuse the jury list will be reduced to great extent.
