But a few days after this picture was taken, the little Indian leader was arrested and jailed "during the pleasure of the government" after he had advocated the renewal of "passive resistance" against British rule.

CLASS IN PUBLIC SPEAKING STARTS

By RAY PADDOCK
K. U. H. S. Correspondent.

A new subject was started at Klamath High Thursday by Principal Paul T. Jackson in the "How to Talk Club," which is offered to seniors and post graduates. Mr. Jackson teaches the course during the activity period once a week to about 75 students.

There is a check upon attendance. The subject is offered to fill a great need among students; namely, self confidence in conversation, a personal enjoyment in conversation, and when speaking before groups.

The main topic covered during the first meeting was "What public speaking can do for you." The idea was brought out that a public speaker would be popular and a class leader; he would improve his grades, in the meantime building his personality.

Mr. Jackson, in explaining why there is public speaking, stated that it comes from a basic impulse to communicate illustrated by radio, banquet, etc.

The class was shown that there were three difficulties to be overcome in the making of a public speaker. These difficulties were: the person didn't care to talk because the subject was uninteresting; people think that all speakers are trained. The idea was that mental attitude makes a speaker.

According to Mr. Jackson, fear in speaking is easily overcome if the subject is interesting to you, if there is a realization that the audience is friendly, and that you have ample preparation.

At the next meeting the class will be told how to prepare a speech.

There will be no grades given but a certificate is offered.

Mr. Jackson said, "Speak when you have something in mind which so commands your interest that you desire to communicate."

THREE CUSHION PLAY IN FINAL STRETCH

CHICAGO, Jan. 29. (AP)—The world's three-cushion billiard tournament entered its final stretch today with Otto Reisch, the Philadelphia veteran, setting the pace.

He rose to the undisputed lead by defeating Len Kenney of Chicago last night to break a triple deadlock, while Arthur Thornblad of Chicago, the defending champion, was losing to Allen Hall, also a local luminary.

The twelfth of the 21-day series saw Angie Klockhefer, a Chicagoan, in second place and Thornblad tied with Gus Copulas of Eugene, Ore., for third.

But while these adjustments were being made among the top-notchers, the galleries gasped at the decisive defeat handed Young Jake Schaefer, the 18.2 ballline champion, by Johnny Layton of Sedalia, Mo., yesterday.

Layton and Schaefer are now tied for sixth place, with three won and three lost, and both have an outside chance to at least tie the leaders before the play ends.

Copulas, always a threat, meets Tiff Denton of Kansas City, and Layton engages Hall in today's afternoon games, while Reisch and Frank Scoville of Buffalo, and Klockhefer and Len Kenney of Chicago play at night.
