flying deck type," Roosevelt answered.

Taking issue with statements by Admiral William H. Standley, chief of naval operations, that the condition of the fleet was not satisfactory, the committee reported construction under way which "upon completion, will bring us current with treaty limitations in all combatant categories, completely discounting average tonnage."

Personnel Increased

The committee provided for an increase of 2,800 enlisted naval, and 1,000 marine personnel.

The measure is \$23,322,000 less than the current appropriations and \$1,585,000 below budget estimates. Transfers of unused funds totaling \$9,085,000, however, will bring the actual cash withdrawals from the treasury for the navy to \$293,833,000.

Chicago Leader In Republican Party Suicides

CHICAGO, Jan. 22. (UP)—Edward J. Brundage, for a quarter century one of the half dozen leaders of the republican party in Illinois, shot himself to death today in his Lake Forest mansion Saturday.

His death rocked Chicago political circles as no event had since the assassination of Mayor Anton Cermak at Miami nearly a year ago. The suicide removed one of the stalwarts of the republican councils and one of the men upon whom much had been counted in the drive to bring the party back into power in Chicago and Illinois.

Brundage was known to have suffered financial reverses in the years since 1929 and his health in recent months had suffered to the strain of his business affairs. He was 64.

Former Chinese Emperor to Take Manchukuo Throne

PEIPING, Jan. 22. (UP)—With the "command of Heaven" and in accordance with the wishes of his 30,000,000 subjects, "Henry Pu-yi, once 'boy emperor of China,' will be crowned emperor of the Japanese-Dominated state of Manchukuo at dawn on March 1, it was announced here today.

Observers saw two pertinent situations in the crowning of the youthful emperor.

Additional uneasiness was forecast along the Siberian border, where Soviet officials have been watching the trend of events with keen interest.

Royalists in Peiping were hopeful that Pu-yi's ascent to the throne will produce a revival of sentiment for a monarchy and that someday he might return to rule over a united China.

Liberalization of California Liquor Law Up

SACRAMENTO, Calif., Jan. 22. (UP)—Liberalization of California's liquor control laws today awaited the outcome of a series of court actions contemplated by various factions throughout the state.

After having indicated an attitude favorable to an interpretation allowing eating establishments to sell hard liquors by the drink when served with meals, the state board of equalization, meeting in Redding today withheld formal action pending the outcome of a test suit to be filed within the next few days.

Meantime, without knowledge of the board's decision to delay final consideration of the question, the Los Angeles Liquor association obtained a court order for the equalization board to show cause why an injunction should not be issued to prevent the sale of hard liquors by the glass.

FATHER ACCUSED OF KILLING SONS

SEATTLE, Jan. 22. (AP)—A 37-year-old fisherman, Oskar Heintz, a self-styled "messenger of God," today faced first degree murder charges for the bizarre strangling of his two little boys.

With a confession before them in which he had given as his motive a "vision from God" ordering him to "choke the devil out of them," authorities also studied his sanity. Chief of Detectives Luke S. May announced the confession last night.
