

CRASH VICTIMS ARE IMPROVING

The condition of Mr. and Mrs. L. O. Arena and their two sons, Jimmie and Billie, who were injured in an automobile accident Tuesday night, was reported to be much improved Thursday, according to reports from Hillside hospital where they are receiving treatment.

Donald Robison, driver of the machine which collided with the Arena car, is receiving treatment at Klamath Valley hospital, and is reported to be resting easily. Carlton Porter, one of Robison's companions, was dismissed from the Klamath Valley hospital Thursday.

The crash occurred on the diversion canal bridge near the Semon ranch south of Klamath Falls. Blinding headlights were blamed for the wreck, according to investigating officers.

Vital Statistics

BIRTHS.

BEAN—Born to Mr. and Mrs. Jeff Bean, 430 Washington street, a son, January 25, 1934, at Klamath Valley hospital.

How One Woman Lost 20 Pounds of Fat

LOST HER PROMINENT HIPS, DOUBLE CHIN, SLUGGISHNESS

Gained Physical Vigor—A Shapely Figure

If you're fat—first remove the cause.

Take one half teaspoonful of KRUSCHEN SALTS in a glass of hot water every morning—in 3 weeks get on the scales and note how many pounds of fat have vanished.

Notice also that you have gained in energy—your skin is clearer—you feel younger in body—KRUSCHEN will give any fat person a joyous surprise.

Get an 85c bottle of KRUSCHEN SALTS from Whitman Drug Co., Star Drug Co., or any leading druggist anywhere in America (lasts 4 weeks). If this first bottle doesn't convince you this is the easiest, safest and surest way to lose fat—your money gladly returned.—Adv.

Society News

CLUB COMPLETES PLANS FOR BENEFIT

Klamath Falls society is marking Saturday, January the twenty-seventh as red-letter day for the outstanding benefit of the spring months when the Women's Library club will entertain with an afternoon of bridge in the library club rooms for the Doernbecher Memorial hospital fund.

Each year the Library club entertains and seeks as its quota not less than \$50.00. This money is sent to the children's hospital and goes toward the pledge made several years ago by the Klamath Falls women.

Mrs. W. L. Quinn heads this year's committee, assisted by a group of prominent matrons of the city, all members of the Library club.

There will be both auction and contract bridge played with three prizes awarded in contract and three in auction. These prizes, according to Mrs. Quinn, are especially beautiful and have been donated by Library club members.

There will also be two door prizes donated by the two flower shops of the city, the Klamath Flower shop and Austin's Flower shop.

Mrs. E. D. Lamb is in charge of the punch table which will be arranged in the center of the room. Because every cent derived from the affair over expenses will go toward Doernbecher hospital, it is the plan of the committee to keep expenditures as low as possible. All prizes will be donated and no refreshments, with the exception of punch from the prettily appointed table, will be served.

Reservations are to be made early with Mrs. W. L. Quinn or any member of her committee.

C. E. SOCIETY TO INSTALL OFFICERS

Officers for the young people's society of Christian Endeavor of the First Presbyterian church were elected at a special meeting held last Sunday evening.

This society was formed when the old senior group divided in-

to young people and intermediate-seniors. Helen Swartz was elected president; Loreta Farley, vice president; Nettie Tompkins, secretary; and Bill Colt, treasurer.

Installation of these officers will be held during the regular evening church service next Sunday evening. Rev. A. T. Smith will be installation chairman.

JUNTO TO HAVE THEATRE PARTY

The Madame de Stael chapter of the Roycroft Junto was entertained Tuesday evening by Miss Marjorie Moore at her apartment in the Hotel Earley when a discussion was held on "Rosa Bonheur" and painting.

Members of the Junto and their friends are invited to a no-

hostess theatre party at the Pelican theatre next Tuesday evening, January 31. Those attending are requested to meet in the lobby at seven o'clock.

The next regular meeting of the Junto will be held on the evening of February 6 at the home of Miss Vera Thompson on Walnut avenue. "Empress Josephine" will be the topic.

SOCIAL COMMITTEE OUTLINES FUNCTIONS

Social activities for the coming months were planned by the social committee of the Young People's Christian Endeavor society of the First Christian church, when a special meeting was held at the church on Wednesday evening.

The social committee is made up of Ernest Hendrick, in charge of socials, games and recreation; Veda Hendrick, in charge of flowers, decorations and visitations; Ruth Egarte, in charge of refreshments and publicity.

The social calendar has been

made up and submitted to Thelma Parrish, president.

A Ping Pong party has been announced for Friday evening in the basement of the Christian church at 7:30 o'clock.

REBEKAH DRILL TEAM TO MEET TONIGHT

Members of the Rebekah drill team are asked to meet tonight (Thursday) at 7:30 o'clock for practice at the I. O. O. F. hall. All are urged to be present.

Mr. and Mrs. Robert Newlin of Medford were guests in Klamath Falls on Tuesday when they

Good News for Kidney Sufferers!

FLYING A

— the pacemaker

Winged car designed in 1932 as symbol of air-smooth, flowing power of FLYING A AERO-TYPE Gasoline. Note similarity of body lines to cars of 1934.

1932
FIRST TO FORECAST
TODAY'S AUTOMOTIVE
PRINCIPLE

1933
FIRST TO ADD
TETRAETHYL LEAD
TO A NON-PREMIUM
GASOLINE

AT REGULAR PRICE

Two years ago Associated refined the gasoline for the car of today. It then recognized aero-dynamics as the keynote of automotive progress. Associated identified the new principle of this gasoline with the name **FLYING A AERO-TYPE Gasoline**.

The air-smooth power of this fuel was no chance discovery. **FLYING A** was just one logical step forward in a policy of progress—a policy that regarded the essence of leadership to be *doing* things, not *claiming* them. As evidence of that leadership:

ON THE PACIFIC COAST... ASSOCIATED OIL COMPANY WAS—

- First to introduce Ethyl Gasoline;
- First to recognize a need for equi-fractionating—the proper balance in all performance qualities;

- First to market a gasoline climatically correct for each locality;
- First to feature octane stability;
- First to add TETRAETHYL LEAD to a non-premium gasoline.

What that means to you we'll leave to the motorists who use **FLYING A**. Ask any one of them. Whether he drives a new wind-borer, a wind-streamer, or an old wind-fighter, he's sure to say, "**FLYING A** is certainly smoother and quieter than any other gasoline I've ever tried."

Try it yourself. There's 1934 air-smooth performance for every car with the smoother, quieter flowing power of **FLYING A**. See what it means to your car when TETRAETHYL LEAD is added to a gasoline as good as **FLYING A**.
