In 3 days the agony left—almost like magic—no wonder gloom changed to joy in that modest home. Within 24 hours after you begin to take ALLENRU for rheumatic pains, backache, neuritis or lumbago the excess uric acid starts to leave your body—in 48 hours the terrible agony is gone—that's why Star Drug Co. and leading druggists everywhere sell it for rheumatism, lumbago, sciatica and neuritis. a grade in a snow country, it is possible they will not be found until spring. Considerable checking in Greater Lake park and along the Sun mountain grade has already been accomplished in the search for the pair.

The girls, employed as demonstrators for a Hollywood cosmetics company, were on their way here from Spokane, November 12. Here they were to meet Edward Moscone, Miss Spark's fiance, from San Francisco, and also Miss Mardelle, whose real name is Irene Streeter, was to look up her father, N. M. Streeter of this city.

Moscone has told officers he came here and waited for the pair at the stage depot. When they failed to meet the appointment, he said he left a note in the window at the depot, telling them he had gone to the Elk hotel. The next day, when the girls failed to show up, he returned to San Francisco.
