That raises this question:

If it hadn't been known in advance that the senate would defeat the bonus bill, would an overwhelming majority of the members of the house have voted defeat the bonus bill, would an

THE answer, of course, is "No." The members of the house who voted for the bonus bill were just making an inexpensive political gesture. They weren't voting their convictions, at all.

It is gestures of this sort that cause the public to lose faith in politicians.

ELECTION OUSTS SEATTLE'S MAYOR

SEATTLE, Mar. 14. (P)—Only two out of seven city officials up for re-election stood chosen again today, and one of them was unopposed, after a municipal election in which the voters stashed recklessly this way and that in their demand for "new blood."

Apparently dissatisfied with Mayor John F. Dore's drastic economy program, the voters ousted him yesterday by a margin of more than 15,000 votes and elected Charles L. Smith, former assistant corporation counsel, in his place.

DILLINGER RECOGNIZED 'IN MASON CITY, IOWA, BANK ROBBERY

CHICAGO, March 14 (AP)—The sinister hand of "Whittling" John Dillinger, Indiana desperado, was seen today in a \$52,-000 robbery of the First National bank of Mason City, Iowa.

The loot of the raid, staged yesterday by seven machine gun bandits, marked a new high in a recent series of assaults on midwest banks. Witnesses said they believed the leader was Dillinger.

Tactics employed by the gunmen were similar to those used by the bandits who stole between \$10,000 and \$20,000 March 6 from a bank at Sloux Falls. They were also like the methods of robbers who made away with \$21,000 at Atchison, Kans., last Monday.
