Portland Liquor Stores to Open Until Midnight

PORTLAND, Ore., March 29, (AP)—For that "rum down feeling" the state of Oregon had moved Wednesday toward satiating the "post nocturnal" thirst for Portlanders.

Beginning Thursday morning at 7 a. m., one can purchase state liquor from Portland agencies and stores until midnight. The new schedule is another attack on the bootlegger, Administrator George L. Sammis said.

No stores or agencies will be allowed to sell liquor after midnight or on Sundays, it was explained. If purchasers do not wish to go to a state store or agency they may telephone the Central Liquor store and have their merchandise delivered for charges ranging 15 cents to more than a dollar.

A few agencies have been designated in Chinese and Japanese stores to sell native liquors and retain a small supply of American liquors, it was said.

Lindy's Aviation Teacher Now Part Of Human Drift

CHICAGO, March 29, (AP)—A bit of human driftwood in the Cook county hospital was discovered today to be Ira O. Biffle, the man who taught Charles A. Lindbergh how to fly.

Biffle, 45, is almost penniless, and critically ill of heart disease. In a public ward, he lies on a cot between a negro youth and a white boy who groans frequently.

Lindy Verifies Name

He was found there by David Behnke, president of the air pilots association and showed, when the name of Lindbergh was mentioned, that he could smile despite his misfortunes.

That Biffle is the man who gave Lindbergh his wings is verified in Lindbergh's own book, "We" in which the Colonel states:

"I arrived at Lincoln on the first of April. On April 9, 1922, I had my first flight as a passenger. . . I received my first instruction in the same plane a few days later under I. O. Biffle, who was known at the Nebraska Aircraft corporation as the most 'hard boiled' instructor the army had during the war."

Expert Pilot

Biffle was an expert pilot before the war. He was one of the first airmail fliers and is said to have taught more men how to fly than any other man now living.

After years of flying, he acquired a recreation hall, earned \$100,000, spent it, and now is virtually destitute. Yet he could smile today when Behnke mentioned Lindbergh.

"I remember him," he said: "I met him when I was instructing

Young Women Named as '34 Wampas Stars

HOLLYWOOD, Calif., Mar. 29, (AP)—Thirteen young women banded together today to prove once again that there is nothing unlucky about the number if one happens to be a Baby Wampas star.

They emerged last night as the winners among 33 girls nominated by the western association of motion picture actresses for film fame. The first letter of each word in the title of the association is taken to spell the nickname of the girls' sponsor—Wampas.

The thirteen finally selected by Wampas as the women most likely to achieve stardom in 1934 were: Judith Arlen, Hollywood; Betty Bryson, Los Angeles; Jean Carson, Portland, Ore.; Helen Coban, New York; Dorothy Drake, Santa Monica, Calif.; Jean Gale, San Francisco; Hazel Hayes, La Crosse, Wis.; Ann Hovey, Mount Vernon, Ind.; Lucille Lund, Buckley, Wash.; Lu Anna Meredith, Dallas, Texas; Gigi Parrish, Cambridge, Mass.; Katherine Williams, Everett, Wash.; Jacqueline Wells, Dallas, Texas.

They were choices of 113 publicity men, who annually select Wampas stars and sponsor their careers through the bright lights of Hollywood.

Dictatorship Law Enacted in Canada

VICTORIA, B. C., March 29, (AP)—The sensational special Powers Act, establishing a dictatorship in British Columbia, became law Wednesday.

It gives the provincial government control over property and civil rights, and is called by its critics a dictatorship greater in its powers than any in the entire world.

The measure was sponsored by Premier T. D. Pattullo. Its passage was bitterly fought but the government remained victorious throughout a long battle which saw more than 40 amendments proposed to the measure and defeated.

Japanese to Visit U. S. and Roosevelt

TOKIO, Thursday, March 29, (AP)—Prince Yamamoto Konyoe, president of the Japanese House of Peers, will sail next month for the United States on a "private goodwill mission" in which he will probably talk to President Roosevelt, it was learned today.

While in the United States Prince Konyoe will discuss Japanese-American relations with many United States leaders in politics and industry, it was said.

WHERE YOUR FOOT PROBLEMS CAN EASILY BE SOLVED

Only the Center Leaves... they are the Mildest Leaves

Luckies are All-Ways kind to your throat

WHEREVER the finest tobaccos grow—in our own Southland, in Turkey, in Greece—all over the world, we gather the very Cream of the tobacco Crops for Lucky Strike. And that means only the center leaves. Not the top leaves—because those are under-developed—not ripe. Not the bottom leaves—because those are inferior in quality—they grow close to the ground, are coarse, dirt-covered, sandy.

The center leaves are the mildest leaves—they taste better and farmers are paid higher prices for them. These center leaves are the only ones used in making Luckies. Then "It's toasted"—for throat protection. And every Lucky is fully packed with these choice tobaccos—made round and firm, free from loose ends—that's why Luckies do not dry out. Naturally, Luckies are all-ways kind to your throat.
