

TEMPERANCE MEET SET FOR SUNDAY

On Sunday and Monday the first major gathering of the temperance forces of the state since the repeal of prohibition will gather in Portland for convention and conference. The meeting is convened by the Anti-Liquor League of Oregon and will open on Sunday afternoon with a mass meeting in the Benson high school auditorium at 2:30 o'clock.

Speakers on this occasion will be Dean U. G. Dubach of Oregon State college and Bishop Titus Lowe of the Methodist Episcopal church. Ex-Governor Oswald West is announced to preside. Others taking part in this mass gathering will be Bishop Ira D. Warner of the United Brethren church and Dr. F. Scott McBride of Washington, D. C.

On Monday an all day and evening session of delegates and others from all parts of the state will be held in the First Congregational church. Organizations which are to have principal places on the program of the day are the Parent-Teacher association, Women's Federated clubs, the W. C. T. U., the Y. M. C. A., the Y. W. C. A., the public press, the juvenile courts, young people's societies, the Salvation Army, the legal profession and the state grange.

In the closing session on Monday evening, Dr. F. Scott McBride, national leader in the temperance movement, will be heard. A number of Klamath citizens are expected to be present. It is expected that the "dry" forces of the state will adopt a unified program of action centering in a program of temperance education and the elimination of liquor evils growing out of the present efforts at legalized control. According to Rev. J. B. Coan, chairman of the local committee on temperance plans and procedures, it is expected that the "dry" group will cooperate to this end with the present regime as far as possible, but that

Although he has been a naval officer three years, Lieut. George R. Ribble saw an ocean for the first time recently when an army officer at his CCC camp took him to Brookings, Ore. Ribble has been stationed at Great Lakes station.

plans will be set in motion to carry out the announced intent of the law for temperance promotion.

Fair Board Office Work Transferred

Books and files of the Klamath county fair board will be kept hereafter at the county agent's office in the federal building, according to Ed Crawford, chairman of the board. Mrs. Leda Parker will take care of the books.

The fair board office in the courthouse basement is to be locked up.

Crawford, business man of Merrill, was in the city on fair board business Thursday.

"Never again!" says Almee Sample McPherson-Hutton, about marrying. She'd better guard against kidnaping, too.

CHARTER CHANGE NAMES EXAMINED

Approximately 1000 names have been checked on the police charter amendment petitions recently submitted to Police Judge Clifton Richmond.

The judge has employed a special assistant to check the names at the county clerk's offices with those of registered voters. It is understood a few more than 900 names are required to place the measures on the ballot if they comply with other legal requirements.

The proposals, advanced by Fred Duke, taxicab operator, would abandon police civil service and make the police chief elective at \$250 per month.

Imagine an auto industry strike and all the strikers driving down to picket the plants!

This Spring Buy GOODYEARS and get Blowout Protection that lasts!

"That final stretch shows you how ether tire cords weaken with use and break — while Supertwist comes back, still full of life, to give you blowout protection in EVERY ply."

EVERYONE knows that a well-made new tire is safe from blowouts—the danger comes later in its life, usually from weakened cords under a worn tread.

The question to ask, therefore, is: how safe will the tires be after the first few months?

Here's the answer when you buy Goodyears built with patented Supertwist Cord in every ply:

MILEAGE	ORDINARY TIRE CORDS	SUPERTWIST TIRE CORDS
8,000	82% as strong as new	93% as strong as new
16,000	36% as strong as new	81% as strong as new
24,000	no longer serviceable	62% as strong as new

(The above are averages of many tests at other times vs. Goodyears under equal operating conditions)

These figures check with the experience of the public which finds Goodyears stand up longest and so buys millions more Goodyears than any other tire.

Since you pay no premium for Goodyear Tires, start this Spring to drive with their long-lasting safety under all your wheels. Let us demonstrate Supertwist Cord and quote you on a set of the type most economical for your driving!
