

SCHOOL BOARD HOLDS SESSION ON WEDNESDAY

Selections of teachers for next year and consideration of a salary schedule recommended by a committee of teachers were features of a meeting of the county school board Wednesday afternoon.

The teacher list was worked over, but final announcements withheld until the staff is completed.

Many proposals offered. The recommendations of the teacher committee are only advisory in nature, but were considered favorably by the school board with no definite action taken as yet.

Proposals by the committee follow:

1. That teachers contracts should cover a period of ten months.
2. That a single salary schedule should be adopted for high and grade school teachers. Under this plan, teachers with the same amount of training and experience would receive the same salary, whether high or grade school instructors.
3. That extra-curricular duties requiring considerable time outside the regular teaching schedule should justify additional salary.
4. That any recommendation made by this committee on the question of sick leave should be general.
5. That a reasonable amount of sick leave on half pay should be granted teachers. The length of time could be increased with years in service, but sick leave would not accumulate.
6. That the following salary schedule is recommended with the first year of service considered as a period of teacher training (apprentice year):
 - Entering service with two years' training:
 - 1st year, \$65 per month; second year, \$85; third year, \$95; fourth year, \$105; fifth year, \$110; sixth year, \$115; seventh year, \$120; eighth year, \$125.
 - Entering with four years' training:
 - First year, \$95; second year, \$115; third year, \$125; fourth year, \$130; fifth year, \$135; sixth year, \$140; seventh year, \$145; eighth year, \$150.
- Under the plan, experience in other school systems would be credited for no more than three years. Advancement to seventh and eighth salary rates would depend upon superior teaching ability.
7. The principal's salaries should be fixed by the board, taking into consideration the community and importance of the position.
8. It is expected the board will make slight downward changes in the salary schedule when it is finally adopted.

Ford Will Hold Car Prices Down To Present Scale

DETROIT, April 5, (U.P.)—Henry Ford, holding to the belief that "when prices go up, business goes down," announced Wednesday that he has no intention of increasing prices of Ford automobiles. He added that his company is making a profit on present operation costs.

His statement was made following announcement by several other motor companies of increased prices on their cars. General Motors and the Chrysler corporation, chief competitors of Ford in the low priced field, were among those advancing prices on small and large cars.

"I have found that higher wages do not mean increased costs," Ford said in announcing his intention to retain his car prices. "If our material prices go too high, we will start making our own."

CHURCH ANNOUNCES ANNUAL MEETING

The annual congregation dinner and business meeting of the First Presbyterian church will be held Friday evening in the church dining room. The regular time for the meeting, according to the charter, is the last Monday of March, but on account of the Duff evangelistic campaign, the gathering then was adjourned to meet this Friday.

Reports from the various organizations will be heard following the dinner, which is under the direction of Mrs. Earl D. Gilbert, chairman of the congregational social committee. The business session will be interspersed with a program of music and fun, similar to that held last year, when every member remained until the close of the entire meeting. Members and friends are invited to attend. If not notified as to what to bring, please confer with Mrs. Gilbert.

Steel Magnate's Widow Succumbs

NEW YORK, April 5, (U.P.)—Mrs. Elbert H. Gary, widow of the steel magnate, died at 9 o'clock this morning at her Fifth avenue residence after a prolonged illness.

Mrs. Gary, the former Emma Townsend, was the second wife of the steel man, whom she married in 1905, three years after the death of his first wife.

LIONS WILL AID CLEAN-UP DRIVE

Assurances of cooperation and support in its clean-up, fit-up campaign are being received daily by the junior chamber of commerce, according to Rudy Jacobs, secretary.

The Lions club, through Dr. M. E. Cooper, president, issued the following statement:

"The Klamath Falls Lions club is most happy to endorse the Klamath County Junior Chamber of Commerce's clean-up, paint-up and fix-up campaign now being conducted in our city, and we wish to extend to that organization and its members the assurance of our whole-hearted support and cooperation in the accomplishment of its purpose.

"We feel that, with the help of every public minded citizen and by the rigid enforcement of our existing ordinances, the general appearance and health conditions of our city can be greatly improved, and for the accomplishment of such ends, exist such organizations as the Lions.

"The Lions club, therefore, joins with the Junior Chamber of Commerce and the other service clubs of this city in urging property owners to clean-up, paint-up and fix-up. Too much emphasis cannot be placed upon the benefits which will accrue therefrom.

"Join in this campaign, carry it on throughout the year and make our city a better, a cleaner and more beautiful place in which to live."

Mrs. Horace Manning, president of the Fremont Parents Teachers association, informed Jacobs that the organization is cooperating with the junior chamber in calling attention of children to the clean-up program. The teachers at Fremont she said, have worked out a definite plan, including a special assembly, essays and posters.

Here's New Kind of a Mother

Motherless alligators, recently hatched from eggs on a southern California alligator farm, find their food problem solved with a milk-filled rubber glove. Little Marilyn Brown helps out in the feeding.

Cyclonic Wind Hits San Jose

SAN JOSE, Calif., April 5, (U.P.)—A local cyclonic wind Wednesday destroyed fruit drying sheds of G. A. Urdi, tossing two sheet iron roofs 50 feet square some 75 feet and collapsing shed walls. Peter Dorsa, watchman, narrowly avoided being struck by a hurtling roof.

Sixteen years ago the same kind of cyclone, believed formed in adjacent mountains, damaged Urdi's buildings.

Napoleon Bonaparte has been the inspiration for the writing of about 40,000 books.

ALFALFA MARKET REPORTED QUIET

Pacific northwest alfalfa markets are extremely quiet, Klamath Falls shipped one of the only two cars received in Portland during the week ending April 3. The hay was largely taken from the cars in small lots by retailers and sold at around \$14-14.50 per ton.

The light trading and movement was attributed principally to good pasturage and from low returns from dairy products, which has restricted the takings of hay and all commercial feeds.

Alfalfa crops generally are from two to three weeks further advanced than usual in the northwest. Prospects for the crop are good, except that the first cutting may be weedy because of the mild weather and fast growth during the late winter and early spring.

Ten Thousand Men Return to Steel Work In February

NEW YORK, April 5, (U.P.)—More than 10,000 employees returned to work in the steel industry during February, while both working hours and wage rates were increased during that month, reports to the merican Iron and Steel institute showed today.

The total number of workers of the 219 member companies of the iron and steel code receiving hourly piece work or tonnage wages in February was \$65,305, compared with \$65,292 in January. The average hours per week of each employe was increased from 29.2 to 31.9, while the average hourly wage rose from 58.3 to 58.7 cents.

Total wages paid to steel workers in February were \$27,394,221, compared with \$26,737,393 in

WEATHER

The Cyclo-Stormograph at Underwood's Pharmacy has registered but little variation in barometric pressure during the last 24 hours, while the reading is slightly higher Thursday.

The Tycoos recording thermometer registered maximum and minimum temperatures Thursday as follows:

High, 66; low, 39.

Forecast for next 24 hours: Fair; moderate temperatures.

The United States weather bureau reports no precipitation for the 24 hour period ending Wednesday at 5 p. m.; 4.92 for the season to date; 9.23 normal; 5.75 last year.

FRIDAY AND SATURDAY

"Among Our Best Buys"

Now Comes Our *After Easter* DRESS SALE

Exit to all those dresses that we bought before Easter! Good little dresses they are, too, that were never meant to sell as low as we are offering them in this after-Easter clear-away. Some of the dresses arrived too late for Easter selling...some of them are just styles that you didn't carry off as quickly as we expected you to. But they are all marvelous dresses, well styled and correctly. You'll get much wear from them...there's no reason why most of them can't be worn even into summer!

\$9.75 Sizes 12 to 52

- PRINT FROCKS OF PURE DYE CREPE
- JACKET DRESSES WITH LONG OR SHORT JACKETS
- EVENING GOWNS AND COCKTAIL DRESSES, TOO.
