FRIGIDAIRE '34

THAT USES LESS CURRENT THAN ONE ORDINARY LAMP BULB

\$109.50 Come in and see the Frigidaire that actually operates on less current than one ordinary lamp bulb—that pays for itself so quickly by the savings it makes possible.

These are a few features of this Frigidaire '34: Automatic defrosting—no need to remember to turn it on again after defrosting. Automatic ice tray release—the ice trays glide from the freezer as a finger touches. A frozen storage compartment. Unusually large food space, with extra provision for tall bottles. Lifetime Porcelain interior. Gleaming Duxor exterior finish. Thousands of women already are boasting, "Ours is a Frigidaire '34."

ENJOY THE BEST OF THE YEAR

FREIGHT RATE PLAN OFFERED ON WEDNESDAY

At a meeting of members of the chamber of commerce held at the Willard hotel last night to discuss the controversial question of long and short haul rates, H. C. Hallmark, freight traffic manager of the Southern Pacific, presenting the railroad side of the issue, urged that if the railroads are permitted to make terminal rates that will get a share of the traffic now moving from Eastern producing points to coast terminals by boat, thus increasing their volume of business, they will be in a position to make more favorable rates to interior producing points such as Klamath Falls.

He cited specifically the lumber industry of the Klamath country, and held out the hope that if the railroads are granted the fourth section relief they seek they may be able to make lumber rates from Klamath Falls East

Summary of Annual Statement of the TRINITY UNIVERSAL INSURANCE COMPANY of San Antonio, in the State of Texas, on the thirty-first day of December, 1933, made to the Insurance Commissioner of the State of Oregon, pursuant to law:

No NRA Nanny; Has Five Kids

It was a busy stork indeed that visited the H. A. Richards farm near Fresno, Cal., recently. For when it left, an amazed nanny goat was the mother of five little nannies. Quadruplets are unusual in the goat world, and this is believed to be the first instance of five youngsters arriving at one time. Richards is shown above with the family—all doing well, thanks.

that will be equal to the east-bound rail rates now enjoyed by tidewater mills on the Columbia river and Puget Sound.

Guarantee Requested

W. E. Lamm, of the Lamm Lumber company, at the point asked if Mr. Hallmark would be willing to give a letter to the Klamath County chamber of commerce promising such rates if the requested relief is granted, and R. R. Macartney, of the Weyerhaeuser Timber company, asked if the railroad will guarantee, instead of merely promising, such a rate.

Mr. Hallmark replied that the roads have been very chary about making such definite promises but that he believed the statement made by officials of the Western lines amounted to substantially the same thing.

Carl Hornbrook, of the Ewauna Box company, expressed the fear that if the roads are granted permission to charge more for a short haul than for a long one, Puget Sound and Columbia river mills will be given a lower rate to San Francisco and Los Angeles than the Klamath mills now enjoy, and to this Mr. Hallmark replied that this was not done even in the days before adoption of the fourth section when the roads

Optimism Spreads For Improvement In Business Tempo

NEW YORK, April 12, (U.P.)—Optimism for business improvement in 1934 spread today as stockholders heard executives of their companies review 1933 and look into the remainder of this year.

Merchandising, steel, brewing and food companies had annual meetings and from all of these groups came words of cheer for the accelerated tempo of business being conducted today. Further encouragement to stockholders came in declaration of dividends by several companies which mean, for today only, disbursement of \$8,847,470.

Among the dividend declarations was that of the Continental Can company which stepped up its dividend rate from \$2.50 annually to \$3.00 annually.

Seattle Makes Plea On Hawaii Measure

SEATTLE, April 12, (U.P.)—The Seattle chamber of commerce today forwarded pleas in the interest of the \$10,000,000 annual market of the Pacific Northwest in Hawaii to the Washington delegation in congress.

The chamber asked the delegation to see the Jones-Costigan bill, if passed, assures to Hawaii a fixed quota basis or sugar production similar to the United States.

Buddhist Monks To Cross Canada

VANCOUVER, B. C., April 12, (U.P.)—A party of Buddhist monks headed by the world-renowned adventurer Ignatius Timothy Treblach-Lincoln, under the name of Chao Kung, was granted permission to travel across Canada today, en route to Europe.

Lincoln and his party were detained here by immigration officials. The one-time international spy was given until May 5 to cross the country, following an appeal to Ottawa.

WASH OUT 15 MILES OF KIDNEY TUBES

Win Back Pep...Vigor...Vitality

Medical authorities agree that your kidneys contain 15 MILES of tiny tubes of filters which help to purify the blood and keep you healthy. They should pour out thru the bladder 3 pints of fluid a day which contains 4 pounds of waste matter. If you have trouble with too frequent bladder passages with scanty amount causing burning and discomfort, the 15 MILES of kidney tubes need washing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and vitality, getting up nights, lumbago, swollen feet and ankles, rheumatic pains and dizziness.

If kidneys don't empty 3 pints every day and get rid of 4 pounds of waste matter, your body will take up these poisons causing serious trouble. It may knock you out and lay you up for many months. Don't wait. Ask your druggist for DOAN'S PILLS... a doctor's prescription... which has been used successfully by millions of kidney sufferers for over 40 years. They give quick relief and will help to wash out the 15 MILES of kidney tubes.

But don't take chances with strong drugs or so-called "kidney cures" that claim to fix you up in 15 minutes. Your common sense will tell you that this is impossible. Treatments of this nature may seriously injure and irritate delicate tissues. Insist on DOAN'S PILLS... the old reliable relief that contain no "dope" or habit-forming drugs. Be sure you get DOAN'S PILLS at your druggist. © 1934, Foster-Milburn Co.

at 1 a pair

You'll like Sheerwear in the new spring shades...

Practically "made to measure" like shoes and shirts is this beautiful new LaFrance hosiery. No matter what your height, or lack of it, there's a Sheerwear to fit! Five foot eight? That's easy; you wear Sheerwear "Tall". Five feet or less? Sheerwear "Small" for you. There's even a length called "Average" for in-betweeners.

Sheerwear is a chiffon hosiery that wears—the three-ply toe and three-ply heel see to that!

SO ROUND and FIRM and FULLY PACKED

Luckies are all-ways kind to your throat

Luckies are always in all-ways kind to your throat. For every Lucky is made of the choicest of ripe, mellow Turkish and domestic tobaccos—and only the clean center leaves—they taste better. Then, "It's toasted"—for throat protection. And every Lucky is made so round, so firm, so fully packed—no loose ends. That's why Luckies "keep in condition"—do not have that objectionable tendency to dry out, an important point to every smoker. Luckies are always in all-ways kind to your throat.

"It's toasted"

✓ Luckies are all-ways kind to your throat

Only the Center Leaves—these are the Mildest Leaves

NOT the top leaves—they're underdeveloped—they are harsh!

They taste better

NOT the bottom leaves—they're inferior in quality—coarse and sandy!
