Junior Jaggett was elected chairman for the advisory board of the Girl Scouts of Klamath Falls at the regular quarterly meeting of the organization held Monday evening at the chamber of commerce.

The community committee for the Scouts and troop leaders also attended the meeting.

Jaggett appointed Mrs. Clara Shaw, H. N. Moe, W. H. Nunes, Mrs. T. Davis Preston, George P. Donahue and Mrs. Harry Goeller, directors to sit with elected officers on an executive committee.

General plans for next year's work were discussed, and the most important feature of the meeting was plans for summer camp at Lake of the Woods, which is to be held with the Medford Girl Scouts.

The advisory board is anxious that every registered Girl Scout who wishes to go to camp, but is unable to do so for financial reasons, be given an opportunity to earn enough money for one week in camp.

Daring Aerialist Performs In Big Top Without Nets

Miss Vivyan Rosard

Heading the groups of girl aerialists with the Great A. G. Barnes Circus, coming to Klamath Falls on Saturday, May 19, is Miss Vivyan Rosard, one of the most daring in all spangland.

Twice daily, does this dainty little star take her life in her hands as she performs in the dizzy heights of the "big top" without a net beneath. She is of the old circus aristocracy, the fourth generation of flyers, and, although only twenty-four years of age, she sets a hot pace for the

tion picture programs for local organizations including the Lions club, Tuesday noon, the Phase Relations club and American Legion and auxiliary, Tuesday night, and the Active club Wednesday noon. He also shot several pictures of electrical farm installations in the vicinity of Merrill to be included in a new

Copeo film on the application of electricity to agriculture. Bromley spoke highly of the Oregon Diamond Jubilee to be held in Medford and Jacksonville June 3 to 9, and in behalf of the jubilee committee extended a cordial invitation to everyone in Klamath county to be present during this big state celebration.

SUMMER DANCING COURSES OFFERED

New summer courses in dancing and acrobatics, with special rates, are now opening at the McCown Dance studio in the Elk hotel building, according to Mr. and Mrs. John McCown who are observing their third business anniversary in Klamath Falls.

Both declare that they have experienced three of their finest years in studio work since coming to this city and have enjoyed the development of talent, especially among children. The McCowns teach entirely for self-development in their pupils, not with the idea of placing them on the stage, and they expect to specialize more in the acrobatics, due to the benefit derived from this course.

The Harlem Rhythm, a dance shown in many of the latest pictures, has been added to their course for the summer months, as well as a number of other new steps.

On June 1, the McCowns will have as their guest Margaret Pyster of Hollywood, who has specialized in concert ballet and toe dancing and was with the San Francisco opera company for two years.

A new department, a musical kindergarten, will be added to the studio next fall, according to Mrs. McCown, where the children of pre-school age may receive special training.

The maritime provinces consist of New Brunswick, Nova Scotia, and Prince Edward Island.

New Candidate In Sheriff's Field

ALTURAS, Calif.—The latest entry into the large field of candidates for the office of sheriff of Modoc county is A. A. Rachford, constable in this town for many years past. By a strange coincidence, Rachford's grandfather, Chris C. Rachford, was the second sheriff of this county when bad men of the old west were in vogue. The older Rachford who settled here in early days was one of the leaders in a retaliation campaign against the Plute Indians. In this campaign he was severely wounded and his exploits won him a name throughout a large section of the west. The settlers and soldiers band, of which he was one of the leaders styled themselves the

"Grand Army of the Republic" and administered a severe drubbing to the redskins in the fall of 1866.

Cedarville Man Receives Prizes

On top of this he sold the calf to a San Francisco packing house for 11 cents per pound netting \$98.70 for the animal as baby beef.

*It takes good things
to make good things—*

YOU CAN USE MOST THINGS that grow out of the ground just as soon as they are harvested. But not so with cigarette tobaccos... not if you want them to be mild and taste right.

It takes many months of ageing in the wood—2½ to 3 years to be exact—to bring out the flavor and mildness of the tobaccos—just as it takes many months of ageing to bring out the flavor of rare wines. It means something that Chesterfield tobaccos are aged and mellowed like fine wines—it helps to give Chesterfield its milder and better taste.
