

Kiwanis Sponsor Symphony Music Club in Klamath

A new symphony orchestra has been organized in Klamath Falls under the direction of Victor Levy, violin teacher, and sponsored by the Kiwanis club. It was announced Thursday.

Levy has had many years of orchestral experience in leading orchestras of the east, and the local

organization gives promise of becoming one of the most important musical groups in the city. The Kiwanis club asks the cooperation of all young musicians of the city and requests that those who have had three years or more of training on their various instruments register for membership in the new orchestra at 8 o'clock Monday evening at the First Christian church.

There will be no expense, either for music or training in the orchestra.

Honey Maid Grahams

—feeding your home army!

No matter what the game, when Mother brings out the box of Honey Maid Grahams, they come on the run. Honey Maids are so good, and back of that matchless crispness and honey-sweetened flavor is always the assurance of freshness! Of course!

Honey Maid Grahams are baked right here on the Pacific Coast in a bakery near you. Get them in the large, green, family-sized box . . . the money-saving, thrift size! Watch the children thrive!

SAFeway WILL OBSERVE 19TH ANNIVERSARY

All stores of the Safeway system in the Pacific northwest will jointly celebrate the 19th anniversary of the founding of the stores starting Friday, May 25, and commemorating the growth of an idea conceived by M. B. Skaggs, who put it into effect at American Falls, Idaho, 19 years ago this month.

Mr. Skaggs was at that time 27 years of age and a new arrival from the east. His foremost thought was to do something to help the community he had adopted to lower living costs, which, he discovered, were far higher than in the east.

Opens First Store

With a few hundred dollars he borrowed, he built, without assistance his initial store on the edge of the desert town, surrounded by sagebrush and sand. He was his own architect and carpenter, floor layer and painter. His next move was to purchase a stock of supplies, the best brands obtainable, which were marketed at a narrow margin of profit. He had no idea that his business venture would have more than ordinary success.

Two years later, however, he opened his second store at Burley, Idaho, and 14 months thereafter his third store was opened at Blackfoot, Idaho. Today Mr. Skaggs is chairman of the board of directors of an organization operating in 21 western states.

Clerks Make Officials

The stores of this district are really the "home" stores of the company. They serve all sections of Oregon and Washington and a part of Idaho. When the first store was opened in Portland in 1921, it was the 16th unit, the other 15 being in Idaho.

The same men who helped to build the Safeway organization are still at the helm. Only five of the 220 executives have not at one time worked behind the counter of one of the Safeway stores.

Mason Reviews Work of State Milk Commission

The Oregon milk control program is being gratefully received by the people of the state, according to Burge Mason, member of the state milk commission, who spoke before the Kiwanis club Thursday noon.

Mason traced the history of the milk control plan in Oregon, noting that this is the third state to try such a scheme and that the U. S. supreme court has upheld the essential features of the state milk control law.

The speaker reviewed the serious milk problem which existed in the Portland area at the time the law was passed, and stated that apparently the commission is ironing out the difficulties successfully there. Consumption of milk seems actually to have increased in the Portland area since the law went into effect, Mason said.

"Learn to Swim" Campaign June 4

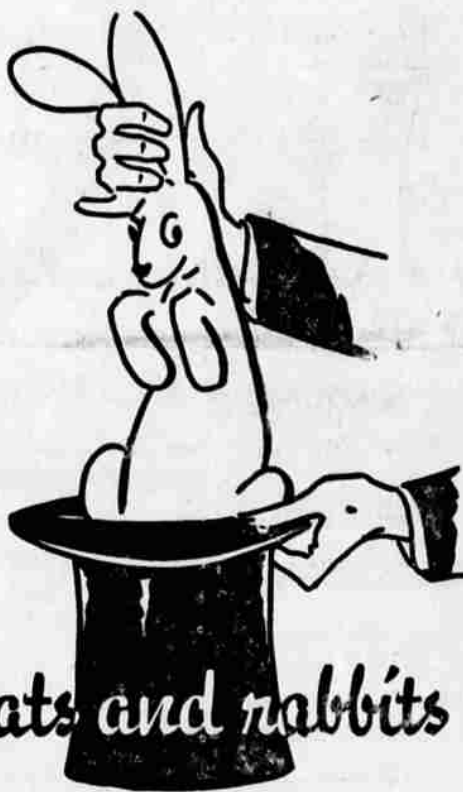

The annual "Learn to Swim" campaign, sponsored by the American Red Cross, will begin June 4, according to an announcement from George J. Walton, executive secretary. The campaign will be held at the Butler Hot Springs natatorium on Spring street.

Registration books are now open at the natatorium, and all persons over the age of seven years are invited to sign up as soon as possible in order that classes may be formed and assigned.

Instructions for swimming will be given under the direction of a qualified Red Cross instructor.

Schilling

Like a fine perfume—both delicate and strong. The exquisite flavor of Schilling Vanilla PURE is just that.

Hats and rabbits

The magician will tell you that "the hand is quicker than the eye." His skill will bear that out. But sleight of hand is not very successful when you use it with "bargain counter" coffees. Your handiwork with the coffee pot and a cheap grade of coffee will invariably be shown up, for in this case the taste of your husband, and others, is "quicker than the eye." If you want to be always successful with this coffee-making act, use Hills Bros. Coffee. It costs a little more, but you can "take" more fine cups of coffee out of a pound than any magician could get from the same amount of "bargain counter" coffee. And surely that's what you want. Don't you drink coffee by the cup rather than by the pound?

INSURANCE AGENTS MEET IN PORTLAND

Mr. and Mrs. John Zbinden of Merrill, plan to be in Portland Friday to attend the annual state convention of the Farmers Automobile Inter-Insurance exchange

which will be held this year at the Benson hotel.

According to R. J. Christman, state manager, about 150 representatives of the company are expected from every section of Oregon and southern Washington.

Zbinden, who is district manager here for the exchange will attend a special luncheon for all district managers.

Zbinden will meet with the women's auxiliary, which will convene separately under the leadership of Mrs. Ray Gill, temporary chairman.

Of special interest to the local agents will be the awarding of prizes for outstanding production. This comes as a result of the state's increase in number of policies written this year of 43 percent over the number written during a similar period last year.

Liquor Board Sets New Regulations

OLYMPIA, Wash., May 25. (UP)—State liquor board regulations made public today include a ruling brewers cannot park "empties" outside beer parlors or label alcoholic content of their beer except by weight.

Another ruling prohibits delivery of beer on Sundays after 8 p. m.
