

HUDDLESTONS PLAN SATURDAY MEETING

Mr. and Mrs. F. C. Huddleston, known as "The Musical Messengers," and also as "Young People's Specialists," who have been holding special meetings in the Presbyterian church of Mt. Laki, are to continue for another week in that location. The interest has been steadily growing and the congregation and people in the neighborhood are very much gratified to have these evangelists prolong their stay.

Special announcements are made with reference to two services. Contrary to their usual custom the Huddlestons will hold a Saturday evening service at 8:00 o'clock. The reason for this is that there will be no Sunday evening service, as the evangelists are putting on "Musical Evening" at the First Methodist church in connection with the union evening services of the First Presbyterian and First Methodist churches during the month of June. An offering to help the evangelists in their special work of reaching young people is to be taken.

SERVICE PLANNED BY YOUNG PEOPLE

Five cars carrying young people of the Klamath Temple will leave for Prospect, Ore., tonight to conduct and attend special services.

The services will be in honor of George and Mable Sherman, formerly of Klamath Falls, who have organized a Sunday school at Prospect. The school has about 45 members.

Many of the young people will stay over at Prospect tonight, according to Rev. Fred Hornshuh, pastor of the Temple.

Twelve Children Injured In Salt Lake Bus Accident

SALT LAKE CITY, June 8. (UP)—Twelve children were taken to Emergency hospital late Thursday after the school bus in which they were riding collided with an automobile and overturned.

Only one, Yoshie Ishikari, was believed hurt seriously. He suffered a bad cut on his head. Hospital authorities reported the others apparently were suffering from shock and minor lacerations.

Drivers of the two cars were slightly cut and bruised.

The bus, carrying 25 children, turned over after colliding with the other automobile at the intersection. George Davis, driver, said that he failed to see the automobile until it was too late to stop.

David Mason Named Executive Officer

PORTLAND, June 8. (UP)—David T. Mason of Portland, manager of the Western Pine association, was named executive officer of the lumber and timber products code authority, a dispatch from the Journal's Washington correspondent said Thursday.

Mason's headquarters will be in Washington.

He was elected by the control committee of the code authority, succeeding C. Arthur Bruce of Tennessee, who resigned last February.

The dispatch said Mason would preside at an open meeting of the code authority in Chicago, where complaints and suggestions for changes, either within or without the industry, will be heard.

A doctor reports he has been able to keep dogs alive without their stomachs for as long as 10 days. He cannot do that with children, who are all stomach.

New California Governor Takes Oath

Lieutenant Governor Frank F. Merriam, 67, of Long Beach, Calif., (left) being sworn in as governor of California by Frank C. Collier, presiding judge of the superior court in Los Angeles. He succeeded the late James Rolph, Jr., and is a candidate for the republican nomination for governor.

Dalton Remodels Store at Merrill

MERRILL, Ore.—In order to accommodate his increased business, R. L. Dalton has been remodeling his store. The partition has been removed, throwing the two rooms together and greatly improving the appearance and adding to the convenience of the service.

A mezzanine floor has been added and the office will be on this floor. The increased room will give more space for his large stock of groceries and general merchandise.

Officers Installed for Elks Thursday

New officers of the Elks lodge, headed by John H. Houston, exalted ruler, were installed with appropriate ceremony at the lodge meeting, Thursday night.

Past exalted rulers of the lodge occupied the chairs as grand officers during the ceremonies. Installing officer was Past Exalted Ruler G. W. Houston, brother of the new lodge head. Retiring exalted ruler is Lloyd J. Gobie.

Theodore Arenz of Portland was low on the Ashland undercrossing section of the Pacific highway in Jackson county, with a bid of \$35,721, according to word from the state highway commission meeting in Portland.

G. I. Stebbins company of Klamath Falls bid on this job. The Stebbins figure was \$43,715, and was one of the three lowest.

Portland Contractor Low on Ashland Bid

George Hobson of Boicook, Mo., can tell the weight of a hog by its squeal, except when the squeal comes from a motor horn.

NAVY VOLUNTEERS IN LEUKEMIA CASE

NEW YORK, June 8. (AP)—The navy—in part, at least—was in command today for blood.

The child is gravely ill of leukemia in a Long Island hospital. Her father, Frederick Binona, appealed in a letter to Admiral David P. Sellers, commander-in-chief of the fleet now anchored here, for blood donors.

The appeal was broadcast to the men of the battleship Pennsylvania.

Thirty-two volunteered. A draw-

ing reduced the number to 12 and from this group L. E. Warner, second class seaman of Oakland, Calif., was selected for the first transfusion yesterday. He gave a pint of blood. A. W. Stibitz, a third class fireman, will be next. Others will follow, if needed.

Competition for the 12 places was spirited, several who failed to draw "lucky" numbers trying to buy them.

State Gets Huge Inheritance Tax

SALEM, June 8. (UP)—A check for \$17,450.39 was received by the inheritance tax division of the state treasurer's office today from the estate of the late Clementine Hirsch of Portland.

It was the largest tax paid in the state since payment of the Henrietta Falling estate in 1931.

TRADE CONTINUES FORWARD TRENDS

NEW YORK, June 8. (AP)—Despite drought damage to crops and tension arising from labor unrest, business still shows on the whole an inclination to move forward on the recovery trend in evidence for more than a year. Dun & Bradstreet, Inc., reported today in its weekly trade review.

"The average of industrial operations has been well maintained," it continued, "as a slight expansion in capital goods has offset the slackening reported by

manufacturers of consumers' products.

"Despite the slight recession in factory activities, employment is being well maintained, and payrolls generally are at the highest level since 1931."

The Review said the country was confronted with a new problem of rising living costs, with food prices likely to be higher in the fall as a result of drought damage.

Texas Holds Woman Wanted in Oregon

BROWNSVILLE, Texas, June 8. (UP)—A motherly appearing, gray haired woman, 68, was held here Thursday for Pacific coast officers on charges of swindling. She was Mrs. G. Nelson, alias Mrs. William Baird, alias Mrs.

William Bird, wanted at Salem and Portland, and San Bernardino. Mrs. Nelson was arrested yesterday in a San Benito, Texas, bank. Two men with her, one said to be her husband, also were held.

The banker, officers said, recognized the woman from her photograph.

A worthless check for \$5,000 on a Laguna, Cal., bank was found on the woman's person, according to officers.

NOW IN KLAMATH FALLS SIGNAL

STREAMLINED GASOLINE WITH TETRAETHYL

Stepped Up. IN POWER MILEAGE ANTI-KNOCK

Signal "Streamlined" — a STEPPED-UP gasoline — gives premium qualities never before combined in any other regular priced fuel.

Signal "Streamlined" is specifically built to get every ounce of added power, every foot of extra mileage, every second of lightning speed that the new 1934 streamlined cars are capable of. And what is more, Signal actually gives streamlined performance to any previous model car from 1929 to 1933!

Two things made it possible to produce this astonishing new fuel:

1. Specifically refined and blended by an advanced process, which STEPS IT UP—in power, mileage, speed, anti-knock.

2. Scientifically treated with Lead TETRAETHYL, a magic ingredient which makes gasoline explode quickly—evenly—smoothly—powerfully.

Thus today, Signal "Streamlined" becomes the gasoline sensation of the Pacific Coast. And now we ask you—"TRY IT!" We want to see you enjoy your first real thrill of streamlined speed, power and extra mileage.

How to make good coffee everytime

Only 3 things are necessary—(1) a drip coffee maker in which boiling water drips through (2) a specially prepared coffee and (3) a filter paper. That's all! And it never fails! Delicious everytime! Always crystal clear! In a Drip Maker, the water drips through the coffee but one time, not many times as in a Percolator. At that one time, all the rich fragrant flavor is extracted from a coffee specially prepared to yield its flavor

quickly. Any coffee prepared for the slow percolator process will not do. (Schilling DRIP Coffee is specially blended, roasted and ground—with filter papers enclosed.) A filter paper rests below the coffee to let through nothing but the delicious amber drops. Real drip coffee cannot be made otherwise. Try it! You'll join the millions who have turned to drip coffee.

Special \$1.20 OFFER You can now buy a Special model Drip Coffee Maker and 1 lb. of Schilling Drip Coffee for \$1.20 at your grocer's. If he cannot supply you, send his name and \$1.20 to A Schilling & Co., San Francisco. Moneyback in either case if not satisfied.
