(AP)—Independent candidates for governor and representative in congress from the second Oregon district were freely predicted here and in Portland today with the additional prognostication that some definite announcements would be made immediately following the state grange convention in Roseburg next week.

Political observers here have watched the activities the past week of both the supporters of Rufus C. Holman and Willis Mahoney following their defeats in the primary election for republican and democratic nominations for governor, and have learned tomorrow between leaders in both these groups, with Mahoney himself sitting in.

To round out the picture, it was strongly indicated there would be some pertinent political discussions at the state grange convention next week, to be followed by announcement of at least one candidate who will compete against Joe E. Dugan and Charles H. Martin for governor.

In this program, development of the Utah lake basin, near Salt Lake, at a cost of \$16,000,000 and the Columbia river basin, of Oregon and Washington at a cost of about \$854,000,000, were among ten projects scattered throughout the nation which were recommended for immediate action.

BUYING RALLIES WHEAT REPORTS

CHICAGO, June 9. (AP)—A buying stampede swept the wheat market up 3 1/2 cents a bushel maximum today, but later there was no follow up of speculative demand, and prices receded sharply.

Heavy selling to realize profits on wheat did much to bring about the setbacks from the day's top, attained as a result of sensational government reports of drought damage to crops. An unsettling influence was expectation that there would be further moisture relief in drought territory by the middle and toward the end of next week.

Wheat closed nervous at almost the day's lowpoint, 1 1/2 above yesterday's finish, July 9 1/2 to 3 1/2, corn 1 1/2 to 1 3/4, oats unchanged to 1/4 higher, and provisions unchanged to 10 cents decline.

For several hours after the lynching the counties of Quitman, Bolivar and Leflore where the mob arose and maneuvered were cloaked in silence. No one would discuss the dual lynching.
