TAX REFUNDS SENT BY COUNTY CLERK

Personal property tax refunds checks are being mailed out by the county clerk's office. A total of \$722.86 in refunds is to be sent out this year, the largest over-payment having been made by the Western States Grocery company, \$111.43.

The refunds are necessary because the tax was levied immediately after the property assessments and before the millage rate for the year had been determined. When the rate was decided, it was lower than that of the previous year, and it was found the personal property payments were above the requirements.
