

EUGENE GIRL WINS NATIONAL HONORS

CHICAGO, Dec. 18. (Special) For her untiring zeal and success in eight years of 4-H club work in learning the art of living and homemaking and in rendering many fine services to her community, Melba Andrews, 16, of Eugene, Ore., was today honored with the title of national champion in home economics.

She was chosen for the honor from 40 state 4-H champions attending the 14th national club congress. Following the announcement made before a banquet of over 1,200 delegates and leaders Miss Andrews was presented a \$400 college scholarship by Montgomery Ward, sponsor of the contest for the 13th year. The company was host for the day to 500 girls, 40 of whom it had provided with free trips to Chicago.

Over 300,000 of the more than a half million girls in the nation enrolled in 4-H club work were estimated to have taken part in the contest by the National Committee on Boys' and Girls' club work, which conducted it in cooperation with county, state and federal extension agents.

Miss Andrews is one of over 2,500 4-H Club members in Lane county and lives with her parents on a three-acre suburban farm. The county is one of the foremost in the United States in effectiveness of its 4-H program, and won championship of the western states last year and a \$1,000 cash prize. Its 4-H program is carried on under the supervision of County Club Agent R. C. Keshner of Eugene in cooperation with the county agricultural agent and 240 adult and junior leaders.

Winner

Melba Andrews of Eugene, who won a national Four-H title in home economics.

Four-H News

FORT KLAMATH, Ore.—With Mrs. Guss Page as leader, several local school girls have formed a sewing club, a division of 4-H club work. The branch was started on November 15, and meetings will be held twice monthly, on the first and third Saturdays. The name selected was the "T. N. T. Club," meaning "The Nimble Thimbler's Club." Officers were elected as follows: President, Miss Marie Loomley; vice president, Miss Helen Russell; secretary, Miss Opal Taylor. Miss Ethelva Loomley was elected as song and yell leader for the club. Members of the club are: Misses Emma Bennett, Barbara Gray, Ethelva Loomley, Lois Loomley, Marie Loomley, Maxine Loomley, Mary Pat Rowe, Rosemary Richards, Bertha Russell, Helen Russell, Myrtle Russell, Marie Russell, Betty Russell, Opal Taylor and Frances Brown.

The national champion completed 59 projects in four main subjects in her eight years enrollment. She took part in 15 demonstrations, 12 judging contests and 2 style reviews. Her prizes won on 109 exhibits at county and national fairs total \$229.10. The gross value of her products is \$1,199.38. She has filled all the important offices of her club and served four years as a junior leader.

Miss Andrews' projects included both home and outdoor subjects. Most notable in her past year's work was canning 440 pints of food. She has also become accomplished in cooking, baking, meal planning and home management.

Her outside projects were flowers, yard beautification, poultry and dairy cattle, all of which she says were not only profitable but provided wholesome occupation which contributed to personal charm and health.

The girl's ability in cooking and demonstrating won her the opportunity to assist in cooking schools sponsored by a local newspaper. In a school in 1934 conducted exclusively for 4-H girls an attendance of 5,000 was registered in three days.

Dramatic talents of unusual character have been developed by the girl in her club work which were utilized to provide community entertainment. The past year she directed a play presented at the county fair.

The girl's accomplishments in the eight years are recorded in a large scrapbook in photographs, newspaper clippings, prizes, programs, project records and complimentary letters from club and educational leaders.

Alternates to the national champion is Elida E. Strahm, New Glarus, Wisconsin. Honorable mention was given Lucille E. Ducean, Dickens, Iowa; Fayne Halley, Wiley, Kansas; and Lorraine Eckstein, Mankato, Minnesota.

Board Studies Lake County Water Supply

LAKEVIEW, Ore., Dec. 18.—The Lake county planning commission and the Lake county court held a meeting here to formulate plans for an intensive study of ways and means by a group of experts for the maximum development of the surface and underground waters of Lake county. The state planning board and the state engineer's office have offered their full co-operation and the county court has agreed to contribute towards the expense.

Chairman Forrest E. Cooper will attend the meeting of the state planning board at Portland this Friday for the purpose of arranging the final details of the project.
