Stock Market Quotations

NEW YORK, April 7, (AP)—Buying in some of the utilities and specialties tended to counteract stock market profit taking today among recent steel and motor leaders.

The session lacked vigor throughout. Scattered support was in evidence during the final hour, but the close was irregular. Transfers approximated 1,750,000 shares.

A few mining issues were resistant, but the list, as a whole, seemed to lean toward a moderate technical correction, which was in line with early forecasts from the commission houses.

Radio, both common and preferred, "B," were in demand as stockholders of the corporation met to vote on a proposed new capital set-up. American Telephone was firm, included Consolidated Edison, American Water Works, Public Service of New Jersey and Columbia Gas.

Industrial Rayon, Eastman Kodak, U. S. Smelting and American Smelting were higher.

Down as much as a point or more were U. S. Steel, Bethlehem, General Motors, Chrysler, Midland Steel Products, Johns-Manville, Greyhound, U. S. Industrial Alcohol and Distillers Corp. Aviation stocks turned a bit heavy following the crash of a passenger transport plane in Pennsylvania, with a number of fatalities.

At Chicago both wheat and corn finished unchanged to 1c a bushel improved.

John Warrell, pastor of the First Methodist Episcopal church will be the speaker, and music and other numbers will be contributed by other churches of the city.
