Northern Italian Soldiers Enter Dessye

Blackshirt Army Continues Drive Deep In Ethiopia

Troops Continue Drive Into Britain's Lake Tana Country.

VICTORIOUS MARCH GOES ON STEADILY

Selassie Reported Gathering Forces for Defense.

ROME, April 13. (AP)—Italian press dispatches from Ethiopia said today the Fascist advance guard of the northern army has entered Dessye, former field headquarters of Emperor Haile Selassie.

Victory March Continues

Earlier, Marshal Pietro Badoglio reported his troops are pushing down along Lake Tana, sphere of British influence and headquarters of the Blue Nile.

The commander-in-chief of the Fascist forces in east Africa announced in a communique:

"The victorious advance of our troops continues in various sectors of the northern front.

Troops Get Welcome

"Our columns which left Gondar (20 miles north of Lake Tana) in the northwest sector occupied yesterday, April 12, the peninsula of Gorkora, on Lake Tana, and hoisted the tri-color there.

"Our troops were festively welcomed by the population.

"Tana has been linked to Gondar by a motor road, opened simultaneously with the march of our troops.

"Another column, composed of truck squadrons, camel corps and fast armored cars, occupied the Ethiopian customs post facing Gallabat, west of Gondar.

"Groups of armed enemies fled before our advance.

Enemy Losses High

"On the southern front, a small body of Aosta lancers, on a scouting expedition, reached near Addis Ababa superior enemy forces and courageously engaged the enemy in a fierce encounter, forcing them to retire.

"Our losses were 46 Italian nationals dead and wounded. The enemy losses were considerable."

Emperor Haile Selassie was reported from Addis Ababa to be leading an army of fresh warriors totaling 300,000 men to battle the fascists in the north.

From Addis Ababa came word that once more the populace fled the city at the approach of Italian airplanes, but a rain (Continued on Page Eight)

FAMINE STRIKES CHINESE SECTION

KWAIKING, Honan Province, China, April 13. (AP)—Famine similar to that in northern Szechuen has gripped 10,000 square miles in this province north of the Yellow river and threatens at least 2,000,000 persons with starvation and death.

The famine is the worst in this territory since 1920 when thousands starved to death. It is an aftermath of floods and drought of the autumn of 1935.

Huge gangs of normally law-abiding farmers are preying on the countryside seeking virtually non-existent food.

Canadian missionaries attached to the United Church of Canada are undertaking relief for the starving inhabitants with funds from many sources. Much of the money comes from the international famine relief commission to which many Americans contribute.

Edward's Queen Will Be English

PARIS, April 13. (AP)—Francis Chancel predicted in the newspaper Paris Midi today that King Edward's future queen would be "English, good, beautiful, and a sportswoman."

Chancel named four possibilities: Lady Anne Hope, 22, the daughter of the viceroy to India; Lady Mary Grosvenor, 26, the daughter of the Duke of Westminster; Lady Angela Montagu-Douglas Scott, 23, sister of the Duchess of Gloucester, and Lady Lettice Ashley-Cooper, 25, daughter of the Earl of Shaftesbury.

All four are described as following active outdoor lives and showing vital interest in social problems.

COURT POSTPONES COAL ACT VERDICT

Justices Adjourn Until April 27 Session; Outlaw Loses

WASHINGTON, April 13. (AP)—The supreme court deferred today for two weeks its decision on constitutionality of the Guffey coal act.

While many in the government, congress and labor circles waited for word of the high tribunal's view of the legislation, the justices adjourned until April 27.

No decisions were handed down, but the court did announce whether it would review a number of cases appealed from lower courts.

Arthur Gooch, southwestern outlaw sentenced to death under the Lindbergh kidnap act, lost his claim that the law was unconstitutional.

Iowa was granted a hearing on its claim that the "gross receipts" provision of the state's 1935 chain store tax was unconstitutional.

ALASKAN FLIERS DISCOVERED ALIVE

KETCHIKAN, Alaska, April 13. (AP)—They were "ready to die together" a scant 24 hours before, but today the flying honeymooners — Mr. and Mrs. Albert Almoalino — recounted from hospital beds how they spent a week without food or fire in cold stormy weather on an Alaska beach after their plane was wrecked.

Both Almoalino, the pilot, and his 18-year-old bride, the former Joan McDonald of Minneapolis, Omaha and Spokane, were tattered and worn from their experience when they arrived here last night on the cutter Cyane which found them at Princes Bay, 40 miles south of here.

Neither was injured in the plane wreck.

"Get my wife!" was the first word shouted by Almoalino, hoarse from shouting, and still holding the tattered shirt which had appeared barely discernible to the rescue party.

Rescuers found his wife in a rough lean-to and carried her to a small boat, thence to the Cyane. She was weak and wan when they reached her. But she smiled, tucked at her hair and said, apologetically, "Oh, I must be dirty!"

BEND, April 13. (AP)—A thunderstorm over the snow-field of the upper Crooked river area caused considerable damage to roads and augmented the heavy flow of muddy water emptying into the Deschutes gorge at Cove.

The Crooked river was forced from its channel by heavy rains and melting snow south of Prineville.

Motorists in the Ochoco country reported water over roads in several places. The same condition prevailed in the upper Crooked river valley.

The thunderheads in the Ochoco country were visible from Bend through a bright sun which brought 80-degree temperatures.

MEDFORD, April 13. (AP)—The mercury went to 85 degrees here Sunday. It was the warmest April 12 in 25 years, the weather bureau reported.

Services commemorating the resurrection were held in the churches throughout the city, record congregations were reported.

Another Easter egg hunt was held by Mr. and Mrs. H. P. Bosworth in the yard around their home on Link river. Between 60 and 70 children participated.

NOTED ATTORNEY DIES AT CAPITAL

WASHINGTON, April 13. (AP)—The sudden death of Montgomery Beck, former solicitor general and noted constitutional lawyer, brought expressions of regret in the capital today.

The 75-year-old veteran of many battles at the bar, in congress and on the orator's rostrum suffered a heart attack shortly after his Easter luncheon in his home here yesterday, and died within a short time.

Although Beck had been vehement in his denunciation of new deal policies, administration leaders paid tribute to him today.

"His sudden death," said Solicitor General Stanley Reed, who as Beck's opponent argued some recent new deal cases in the supreme court, "is a great loss to the nation."

Gess had a head injury and cuts and bruises. Mrs. Gess, who was in the back seat, had cuts about the face and head. H. E. Livermore, also in the Gess car, was apparently unhurt.

"I know nothing whatever about the Wendel case and am certain my presence would add nothing to the activities in which you are reported to be engaged."

POSSE COMBS ROUGH REGION FOR FUGITIVE

Marie Palmer, 15, and Buster Dickens, 24, Shot Sunday.

SPANIARD HUNTED AFTER GUNFIRE

Raymond Martin, 30, Sought As Assailant in Attack.

Reports reached here from Beatty Monday afternoon that officers and dogs were hot on the trail of Raymond Martin, wanted for the Sprague River shooting. He was reported in the Big Ridge country. Joe Herrera, Mexican, who assertedly was with Martin at the time of the shooting, was held in jail at Beatty for questioning. Frank Schmitz, Beatty storekeeper, said it appeared only a matter of a few hours before Martin would be captured.

Search was on in the rugged country surrounding Sprague River today for Raymond Martin, 20, a Spaniard, who allegedly shot and wounded a woman girl and her Indian escort at Sprague River late Sunday night.

Marie Palmer, 15, and Buster Dickens, 24, were the victims of the gunfire which Martin assertedly opened up on them as they walked home from the Sprague River church. Officers, who believed jealousy may have motivated the attack, said that both the girl and her companion identified their assailant as Martin.

Girl Shot in Side The Palmer girl, a wound in her side, was brought to the Hillside hospital, where it is believed she will recover. Young Martin, who was shot in the arm, was released from the hospital when it was found his wound was not serious.

The Spaniard, it is believed, uses the Anglicized form of the name Martinez. A tree faller, he has lived at Sprague River about three years, residing with Mexicans in a cabin.

Doberman pincer dogs, taken to Sprague River early Monday by Sheriff Lloyd Low, were being used in the search for Martin. Officers, called to Sprague River immediately after the shooting, "shook down" Mexican cabins there, at Squaw Flat, and elsewhere, but found no trace of Martin. They believe he may have taken to the hills, with which he is thoroughly familiar.

Seen From Church The man is described as five feet, five inches tall, slightly hump shouldered, wide mouth, bushy hair, fair complexion and blue eyes. He is believed wearing a cowboy hat, green plaid mackinaw and the good dress clothes under his outer garments.

Investigators said that Martin was seen peering in windows at the church Sunday evening. Shortly after 10 o'clock, the Palmer girl, accompanied by (Continued on Page Eight)
