Christian Science Church

"Are Sin, Disease and Death Real?" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, April 12th.

The Lesson-Sermon also included the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Agree with thine adversary quickly, —thou art in the way with him. Suffer no claim of sin or of sickness to grow upon the thought. Dismiss it with an abiding conviction that it is illegitimate, because you know that God is no more the author of sickness than He is of sin. You have no law of His to support the necessity either of sin or sickness, but you have divine authority for denying that necessity and healing the sick" (p. 290).
