

# POSSE COMBS ROUGH REGION FOR FUGITIVE

(Continued From Page One)

Dickens, started walking home, about 200 yards away.

They had nearly reached the house when they were accosted, allegedly by Martin. Four shots rang out.

The girl's father was in the house. He rushed to the door, and as he opened it, she staggered toward him.

A call was put in to the sheriff's office here, and Deputy Sheriff Willis Pankey of Sprague River took immediate charge of the situation. John Arkell and Charles Hoskins, Indian officers, joined the investigating party. Deputy Sheriff Jack Franey, who returned from Sprague River Monday after being out on the hunt all night, said that Martin was described as in excellent physical condition, and it is believed he may have taken to the hills. The man has roamed over the country there a great deal in the last three years and knows the location of remote cabins. Mexicans interviewed by the officers said that Martin does not drink.

**Jealousy Angle Seen**  
It is thought Martin may have had some admiration for the Palmer girl, and became enraged when he saw her in the company of Dickens. One theory was that Martin may have shot the girl by mistake, intending all of the shots for the Indian youth.

# AAA COMMITTEE MEETS TUESDAY

First meeting of a temporary committee to start the AAA soil conservation project in the Klamath basin will be held Tuesday afternoon in the office of Assistant County Agent C. W. Henkle.

This temporary committee is composed of Burrell Short, Henry Semon, Fred Rueck, H. J. Beardsley, Harry Jackman, M. L. Ferguson and Lee Holliday and membership has been authorized by F. L. Ballard, vice director of extension.

At the Tuesday afternoon meeting the county will be divided into districts and permanent organization will be effected.

There will be an executive committee, a county committee and a community committee in the permanent organization. The executive committee will be composed of chairmen of community groups, and the county committee will be elected from the membership of the executive committee.

Community meetings in which the program for soil conservation will be discussed will be held in various areas of the county next week, according to Henkle.

On Wednesday morning county agents from Klamath, Lake, Deschutes, Jackson, Crook and Jefferson counties will meet here in the county agent's office, and C. W. Smith, assistant county agent leader from Corvallis will be present and address the group giving instructions for the launching of the soil conservation program.

# LARCENY CHARGE FILED ON MONDAY

Charges of larceny were filed Monday by the district attorney's office against William Dolan, charged with the theft of a watch from E. G. Kay, local jeweler, Saturday night.

Kay, who keeps his shop in his home at 523 North Eighth street, was chatting there with Dolan and another man Saturday evening. According to Kay, Dolan asked him for money, and when Kay refused said, "Well, that will be just too bad for you."

Shortly after Dolan left, according to the jeweler, the watch was missed. Kay gave chase, and said he found Dolan trying to sell the watch on the corner of Eighth and Main streets. The police were called, and Dolan arrested. He was turned over to the county Monday, and was scheduled to appear in justice court for hearing Monday afternoon.

# Blackshirt Army Continues Drive Deep in Ethiopia

(Continued From Page One)

Fascist planes failed to bomb the Ethiopian capital.

The battle between the belligerents continued on the diplomatic front, with both Italy and Ethiopia hurling fresh charges against each other of non-observations of the rules of war, on the very eve of peace negotiations.

The Italian telegram to the league of nations said they would observe the rules of war but would retaliate against any infringement by the Ethiopians. The message from Addis Ababa admitted that individuals in the Ethiopian army might have "retreated" against the Italian methods, but said their government was taking measures to punish the offenders.

Emperor Haile Selassie charged the Italians with using gas in its daily attacks upon the defenders.

The far eastern situation grew tense with the arrest of six high officials in the government of Hsingan province in Manchoukuo by Manchoukuoan officials on espionage charges.

Those arrested, all mongols, were charged with giving military information to the soviet army. Among them was the governor of the province.

# TRAFFIC ARRESTS REPORTED MONDAY

Several traffic arrests were made by state police over the Easter week end. Traffic was unusually heavy on surrounding highways Sunday.

James Langmack was fined \$5 for violation of the basic motor rule on the Greensprings highway. The complaint charged he drove 60 miles an hour.

Justice Barnes fined Ralph E. Webber a total of \$15 on charges in connection with the operation of a truck.

Russell C. Herman was charged with reckless driving, and Osla C. Clary was named in a complaint charging lack of license plates. Gerald Dodges was accused of being drunk on a public highway.

# Obituary MATEO CABORRUBRIAS

Mateo Caborrubrias, for the last six years a resident of Klamath county, died Saturday, April 11, at 9:05 p. m. following an illness of one week. He was a native of Taltenango, Mexico, and at the time of his death was aged 33 years. Surviving are his daughter and two sisters in Mexico. The remains rest in the Earl Whitlock Funeral Home, Pine street at Sixth, where friends may call. Notice of funeral to be announced later.

# BATTLE LINES TO BE DRAWN BY PRESIDENT

(Continued From Page One)

The George Rogers Clark memorial at Vincennes, Ind.

Topping political interest tomorrow are the primaries of Illinois and Nebraska. Colonel Frank Knox, Chicago publisher, and Senator Borah of Idaho, contest in Illinois in the first out-and-out struggle between candidates for the republican presidential nomination. Supporters of both predict victory.

In the democratic primary in Illinois, President Roosevelt is unopposed. He carried the state

by a large majority in 1932. Political observers were watching the results with a view to comparison of the democratic vote with the Knox-Borah total. Leadership in both parties worked to get out a record vote.

Other developments in the political scene included an announcement by Father Charles E. Coughlin, radio priest, that his National Union for Social Justice will hold its national convention in Cleveland, August 13-16.

The priest yesterday declared "the incumbent in congress whose record has been in harmony with the principles of social justice must be considered eligible if he is willing to complete the record by pledging to do all in his power to restore to congress the sole right and power of issuing all the money in the United States."

# Two Captured After Flight

(Continued From Page One)

Flint, recently a CCC camp surgeon near Springville, Calif., had

been arrested in Visalia, Calif., for Bandon, Ore., authorities on a forgery complaint.

Sheriff Howell grappled with the Negro in a futile effort to wrest the gun. Ford held his custodian, the six passengers and driver at bay while the bus traveled about six miles, then made off into nearby woods, accompanied by his reluctant co-prisoner.

When the bus reached Crescent City Sheriff Austin Huffman was notified and a posse formed. All roads were blocked and the sheriff said the prisoners' recapture would be but a matter of hours because of the rugged terrain and sparsely settled country.

# Two Persons Hurt in Auto Accident

(Continued From Page One)

parked automobile and a machine driven by Edward Dorrain. Dorrain was driving north on Fourth street when he was struck by the delivery truck and pushed around into the parked car.

Damages included bent and dented fenders.

A car stolen from a used auto-

mobile lot at Seventh and Walnut streets was wrecked early Sunday morning, according to police records. The machine was stolen Saturday night, and was found turned over on its side at Oak and Market streets at 3:45 o'clock Sunday morning.

Change in Classes—The Wednesday and Friday afternoon shorthand classes will meet in rooms 1 and 2 at Mills school at 2:30 p. m. instead of at Fremont as heretofore. This includes the

beginners' class and advanced dictation, and all interested are cordially invited to come. The night classes will continue as usual, Monday night at Fremont for bookkeeping, and Wednesday and Friday nights at the high school for shorthand and typing. There has been a good attendance all spring at these classes, and many have benefited by them. They are part of the nation wide adult education program.
