Stock Market Quotations

NEW YORK, April 21. (AP)—A series of sell-offs and rallies marked today's stock market session, with the emphasis on the latter in the final half hour.

Trading nervousness continued, despite the predominance of economic optimism. The close was irregular. Transfers were around 2,250,000 shares.

The ticker tape fell behind floor transactions on the sharpest decline. The activity was not pronounced on the periodic upturns.

Wall street studies the new tax bill, which was introduced in the house. While the measure was not liked in some circles, there was hope expressed that it would undergo revision in the senate.

It was noted, at the same time, that Secretary Perkins reported a brisk expansion of employment in March, with production in one branch of the steel industry above the 1929 level. Chairman Jones of the RFC also stated that business in most lines is better and in many instances exceptionally good.

Shares up fractions to around three points included American Can, U. S. Industrial Alcohol, International Harvester, Westinghouse, Chrysler, Dome, McIntyre and Youngstown Sheet and Tube. Among losers of as much as two points or so were American Locomotive, Columbia Carbon, Greyhound, U. S. Steel, Anaconda and Kennecott. Checker Cab dropped about ten points.

SLAMATEURS OPEN A. A. U. TOURNEY

The National A. A. U. boxing tournament resembled a three-ring circus as it opened in Cleveland, with possible trips to Chicago for Olympic tryouts at stake. Three rings were needed to stage the 130 scraps on the first night of the tournament, and 300 fighters from Maine to Hawaii mixed it up. Below is Cleveland's Public Hall and the three rings. Left is a shot of David Young, Hawaii's 112-pounder, as he knocked out Frank Barber, of the south-western division.
